

GREAT NORTH AMERICAN ECLIPSE

Craft Activity

Supplies:

- Chalk – white or light colored
- Construction paper – dark blue or black, plus a scrap for the moon
- Masking tape
- Scissors

Instructions:

1. Cut out a circle for each child from the scrap paper.
2. Tape the circle to the center of the construction paper.
3. Trace around the circle template with a thin line of chalk.
4. Color heavily with chalk on the edges of the circle template.
5. Use a finger to spread the chalk out from the template onto the background paper.
6. Make sure all the excess chalk is spread out or shaken off, and then remove the circle template to reveal the clear space behind it.
