

Registration Planning for Fall, Spring, and/or Summer

The College of Business is committed to providing advising assistance to ensure that you achieve your academic goals. Meeting with an advisor provides an opportunity to discuss progress in your courses, your major(s), minor(s), and areas of interest. An advising session is also a good time to discuss your college experience, career plans and how work experiences, internships, and co-op opportunities relate to your future plans. **Before you meet with your advisor**, please start to list some of the courses you want and/or need to take along with your day and time preferences.
