

## **Social Probation**

Any member chapter that is placed on social probation will be allowed only one social event per semester, and will not be able to participate in intramurals as a chapter. A chapter social event is defined as a mixer with one or more fraternities or sororities, a date party, a formal, or any other chapter event that is purely social in nature. The PHC Executive Board and the Greek Advisor must approve the event. Chapters will be allowed to attend events that are philanthropic (ex. Big Man, King of Hearts, September Smash, etc.). The minimum length of social probation will be one semester. The PHC Executive Board, the Greek Advisor, and the PHC Judicial Board will determine probationary periods for member chapter on a case-by-case basis.
