

RELEASE FORM FOR BABYSITTING/TUTORING CANDIDATES

- 1.) It is policy of the USI Career Services Office to compile a list of students who have expressed an interest in child care/tutoring assignments.
- 2.) This list is distributed to persons (hereafter called “employers”) who requested referrals for babysitting/tutoring candidates from the Career Services Office.
- 3.) Information provided includes the student’s name, phone number, major, and e-mail address and hours available.
- 4.) The lists are updated on a semester basis, but a student may contact the office at any time and request to be removed from the lists.
- 5.) The Career Services Office assumes no responsibility for prescreening either student applicants or employers. If a student pursues employment with an employer who learned of the student through the University, the Career Services Office urges the individual to investigate the other party to insure that the job opportunity not only meets his/her needs but creates no risk.

I certify that I have read and understand the above policies regarding child care and tutoring referral and give my permission for my name and contact information to be released to potential employers.

Print Name _____
