University of Southern Indiana
- 1984 Associate of Science in Dental Hygiene
University of Southern Indiana

PERSONAL INFORMATION

My husband Bill and I have one daughter, Jordan and two sons, Logan, and Connor.

I enjoy spending time with my family and friends, especially outdoor activities. For myself, I relax by running, reading, and visiting the gym regularly.

My classroom is a clinic. It is a pleasure to mentor dental hygiene students and watch them grow as professionals.
