The picturesque village of New Harmony, Indiana, is an ideal backdrop for a custom-themed retreat for groups and businesses. USI's Outreach and Engagement Center for Human Resource Development works closely with your group or business to coordinate all of the logistics, providing direction and suggestions to make your retreat a success.

As a unified program of the University of Southern Indiana and the Indiana State Museum and Historic Sites, Historic New Harmony preserves its utopian legacy by inspiring renewal and fellowship between people and communities through its programs and collections. The University nurtures this living laboratory as a place where students and teachers, tourists and scholars, and leaders and seekers can come together to experience, explore, and create, making it the perfect location for your retreat.
