

Biology

Library of Congress Call Numbers

The Rice Library uses the Library of Congress Classification System to arrange books in the collections. Books in biology are located on the 4th floor if the catalog indicates "General Collection" or in the Reference area on the first floor if the catalog indicates "Reference" as the location. A selected breakdown (263 pages condensed into one page) by sub-discipline and call number range is listed below.

BIOLOGY (QH 1-705.5) 4 th Floor		HUMAN ANATOMY (QM 1-695) 4 th Floor	
Natural History (General)	QH 1- 278.5	General	QM 1-551
Microscopy	QH 201-278.5	Regional Anatomy	QM 531-549
Biology (General)	QH 301-705.5	Histology	QM 550-577.8
Evolution	QH 359-425	Human Embryology	QM 601-695
Genetics	QH 426-470	PHYSIOLOGY (QP 1- 981)	
Reproduction	QH 471-489	General	QP 1-345
Life	QH 501-531	Neurophysiology	QP 351-495
Ecology	QH 540-549.5	Animal biochemistry	QP 501-801
Cytology	QH 573-671	MICROBIOLOGY (QR 1-502) 4 th Floor	
Economic biology	QH 705-705.5	General	QR 1-74
BOTANY (QK 1-989) 4 th Floor		Bacteria	QR 75-99
Botany General	QK 1-474.5	Microbial ecology	QR 100-177
Spermatophyta.	QK 474.8-495	Immunology	QR 180-189
Phanerogams	QK 494-494.5	Pathogenic micro-organisms	QR 201-255
Gymnosperms	QK 495	Virology	QR 355-502
Angiosperms	QK 504-635.S8	Rice Library, Instructional Services 03/09	
Cryptogams	QK 640-673		
Plant anatomy	QK 710-899		
Plant physiology	QK 900-989		
Plant ecology			
ZOOLOGY (QL 1-991) 4 th Floor			
Zoology General	QL 1-355		
Endangered Species	QL 81-100		
Classification	QL 351-355		
Invertebrates	QL 360-599.82		
Insects	QL 461-599.82		
Chordates. Vertebrates	QL 605-739.8		
Fishes	QL 614-639.8		
Reptiles and amphibians	QL 640-669.3		
Mammals	QL 700-739.8		
Animal Behavior	QL 750-795		
Morphology	QL 799-799.5		
Anatomy	QL 801-950.9		
Embryology	QL 951-991
