This is the 14TH Annual NFM hosted on the beautiful campus of the University of Southern Indiana. The event is made possible through the support of the University, its faculty, and the Eagle Detachment. This year’s event is CAPPED at 500 due to programs capacity and safety concerns for participants. This is a first come first serve availability for participation. If the CAP is reached early in the open registration, the Eagle Detachment will do what it can to acquire additional resources and volunteers. The primary focus is on the safety of the participants in the race.
