ABOUT THE SPEAKER

Trish R. Freeman, RPh, Ph.D., is clinical associate professor and director of Professional Practice Programs at the University of Kentucky, College of Pharmacy. She received her bachelor of science in pharmacology degree and a PhD in Pharmaceutical Sciences (Pharmacology) from University of Kentucky. Currently, Dr. Freeman teaches extensively on pharmacology, pharmacy practice and policy.

CONTINUING EDUCATION

This program will award up to 6.25 contact hours to nurses attending the program, signing an attestation of attendance and submitting a completed evaluation form.

University of Southern Indiana College of Nursing and Health Professions is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

The program content meets the pharmacology continuing education requirements for the renewal of the advanced practice nurse prescriptive authority license in Indiana.

The University of Southern Indiana has been approved by the Indiana State Board of Health Facility Administrators as a sponsor of continuing education programs for health facility administrators. License number: 98000033A.

For more continuing education opportunities go to USI.edu/health.

University of Southern Indiana is an affirmative action/equal employment opportunity institution.

REGISTRATION INFORMATION

Date and Time: Friday, September 25, 2015
Registration: 7:30–8 a.m.
Location: USI, University Center, Carter Hall
Registration Fee: $105, $15 for undergraduate students and $50 for graduate students until September 11; thereafter $125, $35 for undergraduate students and $70 for graduate students; materials, lunch and refreshments included.
Refund Policy: Registration fees are refundable, less a $20 service charge, until September 24, 2015. No refunds will be made after that date.
Conference Materials: Two days before the conference, registrants will be emailed a link to a website where the conference materials, including handouts and agenda, may be accessed and printed. A USI Conferences free mobile app also is available to participants with an iOS or Android phone or tablet. Instructions to access the app will be included in the email. No hard copy of handouts will be provided. Please provide a correct, individual email address when registering.
Certificate of Completion: Following the conference, a link to an electronic evaluation and attendance confirmation will be emailed to program attendees. You have two weeks to complete the program evaluation and attest to the sessions attended in order to receive a certificate. Evaluations submitted after the two-week period will not be honored.

12th Annual Pharmacology Update for Advanced Practice Nurses

September 25, 2015
8 a.m.–4 p.m.
University Center
University of Southern Indiana
Provided by

Review of New Drugs and their Pharmacology

For more continuing education opportunities go to USI.edu/health.
OBJECTIVES
After the program, participants will be able to:

» Identify new molecular and biological entities, with the exception of diagnostic compounds, that entered the U.S. drug market in 2014 and 2015.
» Describe each agent’s clinical use, mechanism of action, dosage, adverse reactions, contraindications and drug interaction profile.
» Compare new medicines with other agents used for the same indications.
» List special patient instruction and monitoring parameters for each of these agents.
» Apply clinical guidelines to the treatment of chronic disease.
» Identify websites to access clinical guidelines.
» Discuss strategies for incorporating clinical guidelines into your practice.

PROGRAM DESCRIPTION
This all-day workshop will provide participants with an opportunity to review new therapies entering the market during the past year, including a review of the pharmacology and clinical use of select new drugs approved by the Food and Drug Administration (FDA) from October 2014 to September 2015. Additionally, a review of the updated clinical guidelines for treatment of common chronic diseases will be provided.

TARGET AUDIENCE
The target audience includes nurses, advanced practice nurses (nurse practitioners, nurse-midwives, clinical nurse specialists, family nurse practitioners and acute care nurse practitioners) and students enrolled in nursing educational programs and in pharmacology courses.
