From: College of Business, MBA Program

Subject: Change to Pre-requisite listing

We propose to change the pre-requisite listings for the MBA Program courses to show as on the attached document.

This decision was made based on student dissatisfaction. Currently all pre-requisite courses are listed under each graduate course as pre-requisites which cause the need for overrides every semester for students who did not obtain their undergraduate degree at USI.

We require the students to take MNGT 611 as their first course. By making MNGT 611 the prerequisite for all other MBA courses, this will greatly reduce the number of pre-requisite overrides needed by students and will allow for better registration flow.

*To take effect Spring 2013.*
