A Time of Pride, Excitement, and Opportunity

Having a child in college is a significant milestone for any family, and a college education is one of the most valuable investments you will make in your child's future. Parents and family members are a vital part of the USI community, and we view the relationship with students, parents, and families as a partnership.

USI Parents & Families Association enhances the college experience and strengthens this partnership by:

- improving communication and cooperation between families and USI
- actively involving families in university life
- providing resources for parents and families
- supporting USI's mission and goals
- recognizing parents and families as a valuable resource group that can contribute to the welfare of USI
