| <b>Full-time or Part-time?</b> | Full Time  |
| <b>Tenure Status</b>           | Tenure Track   |

### Position Summary Information

The University of Southern Indiana invites applications for a tenure-track position at the Assistant Professor level in Biology to begin August 2012. The successful candidate must have expertise and be able to teach courses in Immunology and one or more of the following areas: Animal Physiology, Endocrinology, Microbiology, Neurophysiology, Pathophysiology, Toxicology, and/or Virology. In addition to teaching a course in his or her specialty area, the successful candidate will be expected to teach introductory courses for majors and non-majors. USI is an undergraduate institution with strong teaching emphasis and candidates with evidence of excellence in college/university teaching are preferred. Publication and engagement of undergraduate students in candidate's research activities are expected. Modest start-up funds available. Ph.D. is preferred, exceptional ABD considered.

### Job Description Summary

The University is committed to excellence in teaching, scholarship and professional activity, and service to the University and community. For additional information see [www.usi.edu/science/biology/](http://www.usi.edu/science/biology/).

To apply, please follow the directions on our [www.usi.edu/hr/employment](http://www.usi.edu/hr/employment) page to log in or set up an account. When you select the [Apply to this Job](#) link near the top of this page, you will be prompted to complete the appropriate Faculty/Administration application. When completing the application, you will be given the opportunity to attach the additional documents required for this position which include (1) letter of application; (2) current curriculum vitae; (3) graduate school transcript (may be unofficial but official required at later stage); (4) brief statement of teaching philosophy; (5) statement of research goals; and (6) names and contact information including e-mail addresses for three professional references. Materials should be provided electronically within this web-based applicant system and to the attention of Dr. Henri Roger Maurice, Chair, Department of Biology and Search Committee Chair.

Review of applications will begin on October 15 and continue until the position is filled.
