Strategic Plan + Enrollment Growth

2016-2020 Strategic Plan Goals:

- Excellence in Learning for the Entire USI Community
- Access and Opportunity by Design
- Purposeful and Sustainable Growth

Enrollment Growth:

- Total enrollment growth of nearly 14,000 students (33% increase).
- More than half of growth is expected to occur in online programs.

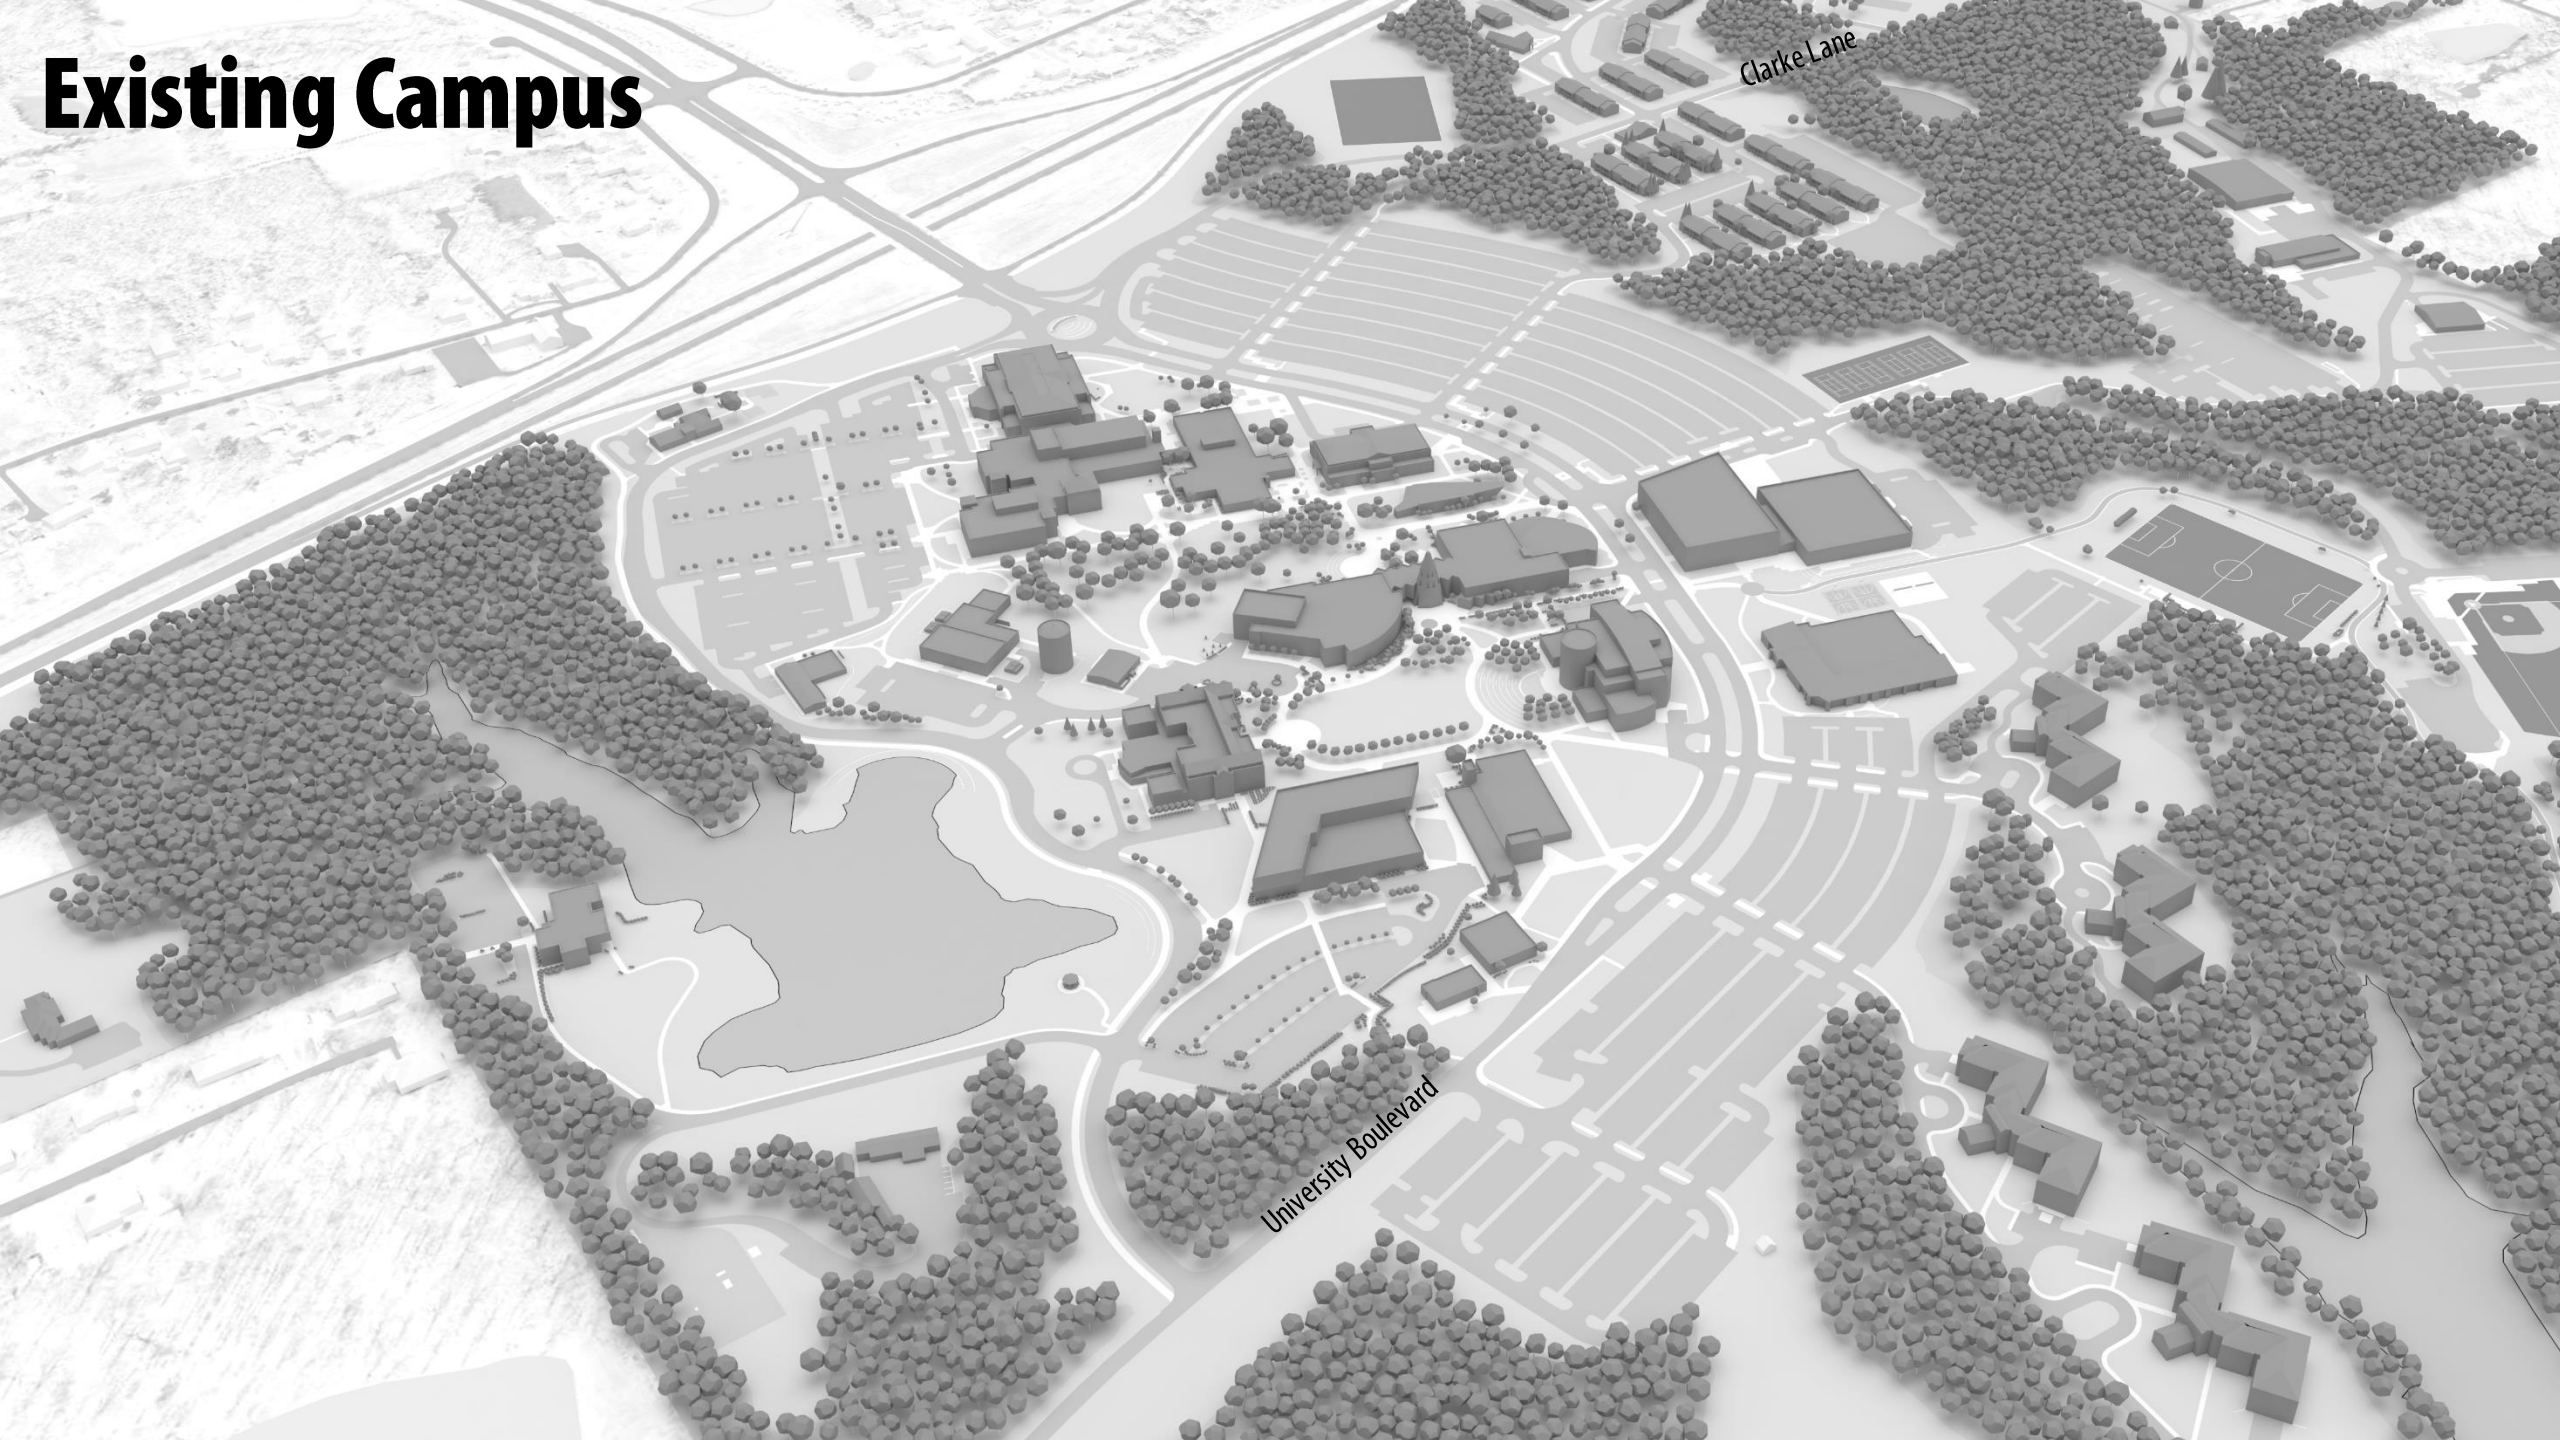

Campus-Wide Space Needs:

- Opportunity for increased classroom use. Based upon 30 Weekly Room Hours.
- Need for more Teaching Labs due to growth in Engineering and Biology.
- Increased space needed for campus study areas and student life spaces.

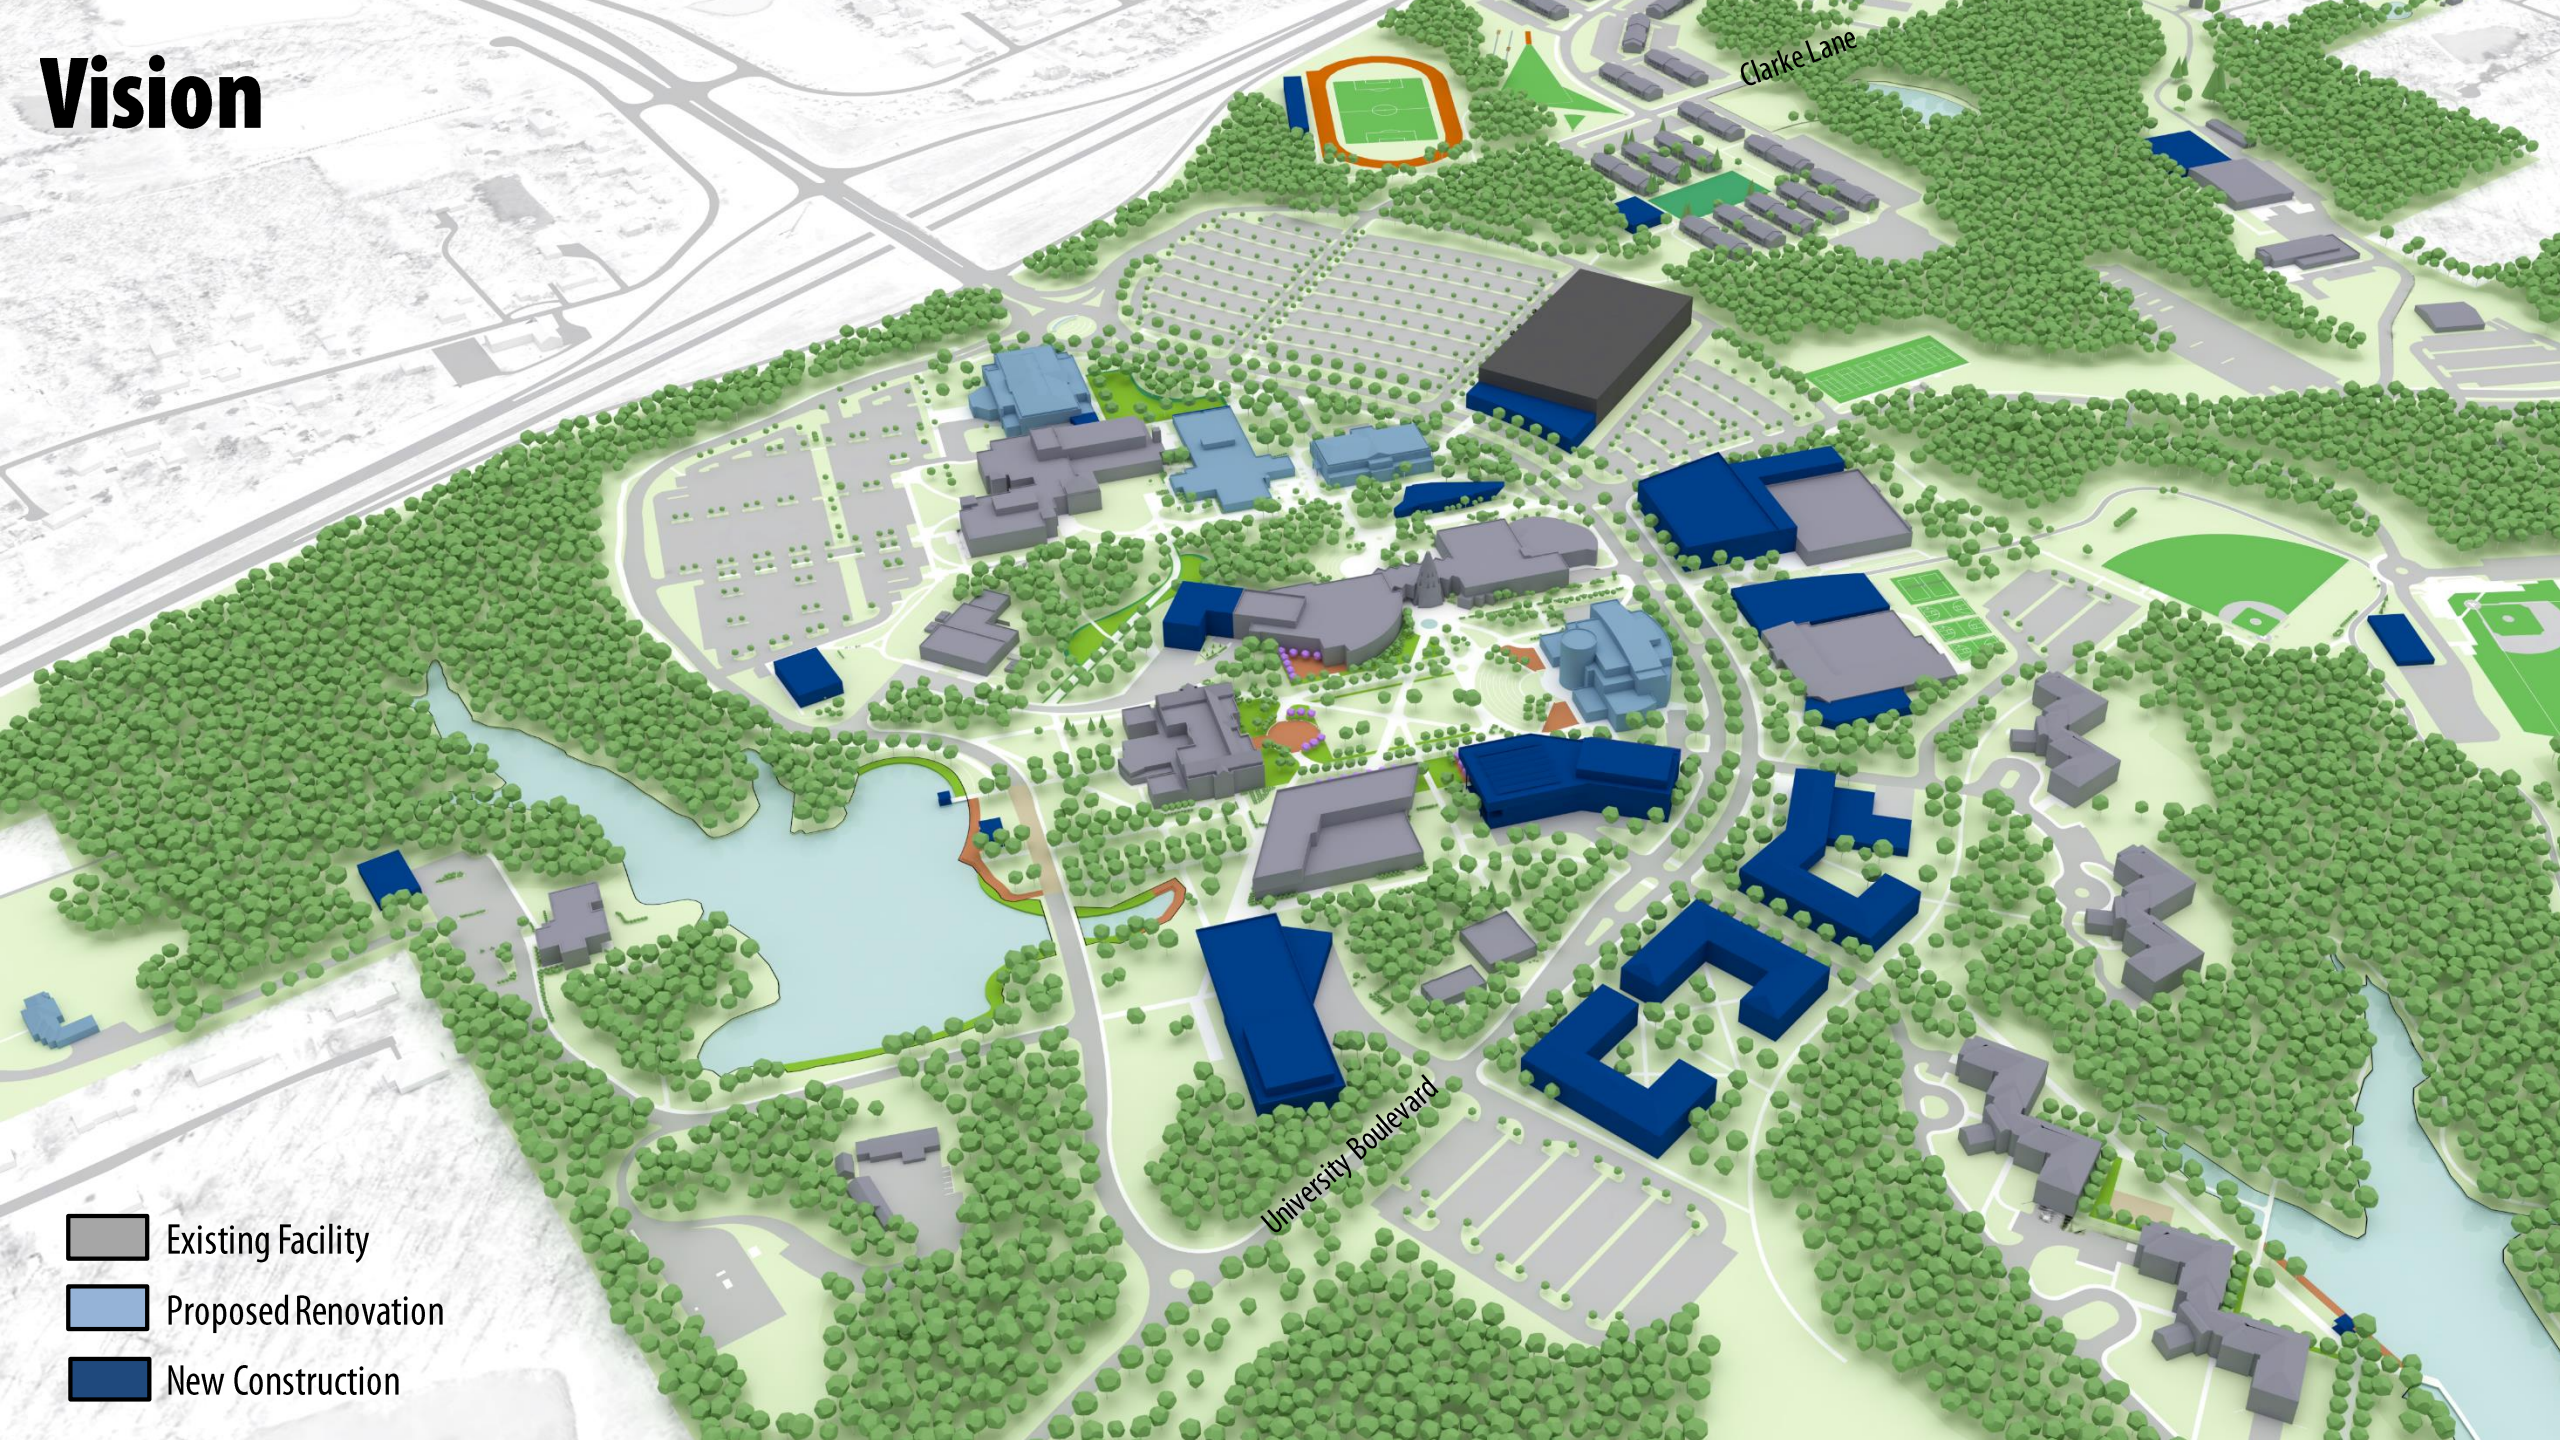

Space Needs by College:

- Growth in Romain College of Business and Pott College of Science, Engineering and Education due to enrollment increases.
- Improved space needed within College of Nursing and Health Professions.

Existing Campus

Vision

- Existing Facility
- Proposed Renovation
- New Construction

Vision

An aerial, 3D-rendered view of a university campus. The scene shows a mix of modern academic buildings in shades of blue and grey, interspersed with lush green trees and lawns. Several sports fields, including a baseball field and a soccer field, are visible. A large parking lot is situated in the lower-left quadrant. The overall atmosphere is one of a well-maintained, green campus environment.
