

# Tri-State Industrial Safety Council

## Basic Orientation Plus®

The Basic Orientation Plus (BOP) reciprocal contractor safety awareness orientation program was designed to meet the classroom training requirements of the standards listed in the Code of Federal Regulations as enforced by the U.S. Department of Labor, Occupational Safety & Health Administration (OSHA) in the components it covers. The actual methods of compliance with these standards will depend on the rules, regulations and procedures in effect at each specific refinery or plant worksite.

After completion of the classroom orientation (7 hours) a validated test containing fifty questions is administered and each student must be able to answer at least seventy percent of the questions correctly to be deemed a passing score and receive a badge.

## Basic Orientation Plus-Refresher®

The BOP-Refresher is an annual overview program and exam that takes approximately four hours to complete. The Refresher must be taken within six months of the Basic Orientation Plus badge expiration. Please note that owner companies require a valid badge to work on-site.

These programs are not intended to provide site location, job specific or OSHA task specific training.

### Registration Form--Basic Orientation Plus

Register by phone or fax using VISA, MasterCard, or Discover--call 812/464-1989, toll free 800/467-8600 or fax registration to 812/465-7061.
