**Let hearts rejoice!** The University’s Madrigal Feaste approaches.

His majesty the king invites the good lords and ladies of USI to attend the 32nd annual extravaganza of choral music and medieval merriment. The School of Liberal Arts will present four feastes Thursday through Sunday, November 29 through December 2.

“It’s a very stirring evening,” said Mr. Daniel Craig, assistant professor of music. “This is the greatest way to start your Christmas season.”

Performing under Craig’s direction, USI’s Chamber Choir will sing a variety of holiday favorites and choral classics in Latin, German, Italian, Russian, and English.

“The Boar’s Head Carol,” “What Child is This,” “Ave Maria,” “Carol of the Bells,” “Cantate Domino,” and “Hark the Herald Angels Sing” are but a few of the pieces on the program that also includes “Make We Joy Now in this Feaste,” an original composition written by Craig.

“The choir has an incredibly good blend musically, and they really enjoy what they’re doing,” Craig said. “The music is beautiful this year.”

Jesters, tumblers, and a recorder ensemble will join the royal court during the two-hour festivities that also will feature dancing, caroling, audience participation, and a feast fit for a king.

**This year’s new menu features fresh green salad, hot wassail, his majesty’s roasted chicken and savory spices, broccoli baked casserole, roasted red bud potatoes, royale bread pudding in rum sauce, tea, coffee, and rolls.**

The feast will be presented at 7:30 p.m. November 29, 30, and December 1, and at 6 p.m. December 2 in the University Center’s Carter Hall.

Tickets - $25 adults; $22 students, children, and senior citizens – may be purchased by calling extension 5237. The reservation deadline is Tuesday, November 27, and seating will be assigned on a first-come, first-served basis.

Patrons contributing $100 or more to the Chamber Choir will receive two tickets to the Madrigal Feaste, special guest seating, and a place on the program’s patron roll if reservations are made by Saturday, November 17.

All proceeds will benefit the Chamber Choir. Donations above the cost of the adult ticket price will be tax deductible.

USI campaign surpasses goal

Campus parking

Effective immediately, all vehicles with blue or red parking tags may park in Lots A, B, C, D, E, F, G, and H.

Earlier in the semester, Lots D and E - located near the Technology Center between the residence halls and University Boulevard - had some parking restrictions that now have been removed. This change is the result of work by an ad hoc committee striving to improve transportation and parking on the USI campus.

This action is not retroactive; therefore, tickets written prior to Wednesday, November 7, are valid and should be paid at the Cashier’s Office in the lower level of the Orr Center.

Questions may be directed to Mr. Barry Hart, director of Safety and Security, at extension 7071.

The program addresses early warning signs, interpreting non-verbal signals, handling confrontational individuals, and the 10 most common mistakes supervisors make when dealing with disgruntled employees.

Larson also will discuss what to do if violence does occur in the workplace. For more information or to register for the program, call Extended Services at extension 8989 or visit the Web at www.usi.edu/extserv/training/regform.htm.

School awarded Welborn grants

The University’s School of Nursing and Health Professions received more than $200,000 in grant funding from the Welborn Foundation in October.

Nursing and Health Professions was awarded $65,000 to evaluate the “Worksite Link to Health Program” that has proven effective in Dayton, Ohio. The program’s goals include developing a cost-effective worksite wellness promotion model to provide future financial viability for worksite wellness programs that can be replicated in other business settings.

A key strategy in the “Link” project is the identification and training of employees at the worksite who will serve as links between the employees and health professionals. Dr. Nadine Coudret, dean of the School of Nursing and Health Professions, and Dr. Ann White, program director of undergraduate nursing, will direct the project.

The school also received a $139,500 planning and implementation grant for its “Breast and Cervical Cancer Awareness Program” that promotes education and early detection of diseases among African-American women in Vanderburgh County.

“These grants will provide valuable learning opportunities for students in our school and improve community health and wellness,” Coudret said.

The Greater Evansville Affiliate of the Susan G. Komen Breast Cancer Foundation, St. Mary’s Health Care Services, Indiana State Department of Health’s regional Breast and Cervical Cancer Screening Program, the Centers for Disease Control and Prevention, and the National Cancer Institute will collaborate with USI to implement the “Witness Project.”

The “Project” will recruit and train African-American women cancer survivors and other women interested in participating in the program to reach out in their community to educate women about the importance of breast and cervical cancer education and screening. Dr. Judith Halstead, associate professor of nursing, is directing the project.

Welborn Foundation is a not-for-profit foundation created in 1999 from the sale of Welborn Baptist Hospital to St. Mary’s Medical Center. It awards grants to other area non-profit organizations that make significant contributions to community health.

For job openings, visit the Human Resources Web site at www.usi.edu/hr/. Information also is available on the bulletin boards in the front lobby of the Wright Administration Building and outside the Human Resources office, or call the University’s job line at 465-7117.

Communal Studies wins award

USI’s Center for Communal Studies is the 2001 recipient of the Communal Studies Association’s Donald E. Pitzer Distinguished Service Award.

The Center has contributed immeasurably toward initiating an interest in the study of communal organizations, according to association President Lucy Jayne Kamau. It has collected material from across the United States for its archives, has hosted national and international conferences, and has become a primary networking source for scholars worldwide.

Kamau presented the award to Dr. Donald Pitzer, center director and professor of history, at the Communal Studies Association (CSA) annual conference in New Harmony, Indiana. Pitzer established both the center and the CSA more than a quarter century ago. The award is named in his honor.

Located in Room 2009 of the Liberal Arts Center, the Center for Communal Studies is a clearinghouse for information, a research facility, and a sponsor of activities related to historic and contemporary intentional communities.
