REPORT FROM THE OFFICE OF THE PROVOST AND VICE PRESIDENT FOR ACADEMIC AFFAIRS

The following Undergraduate Minor Course Modification has been approved:

Change the course number of PED 482 – School Health to PED 388. The reason for this change is that School Health is a prerequisite to PED 402 – Teaching Strategies for Socially Sensitive Health Issues.

Implementation Date: Spring, 2005.

The following Undergraduate Minor Program Modification has been approved:

Substitute PED 394 – Measurement and Evaluation in Physical Education, 3 Credit Hours, for PED 392 – Activity Modification for Special Populations, 3 Credit Hours, in the General Physical Education Major. PED 392 – Activity Modifications for Special Populations is required in the Teaching Specialty Area and was accidentally duplicated in both the Core and Specialty areas of this program.

Implementation Date: Fall, 2004.

The following Graduate Minor Modification has been approved:

Change name of PED 502 from Teaching Difficult Topics in Health, 3 Credit Hours to PED 502 – Teaching Strategies for Socially Sensitive Health Issues, 3 Credit Hours.

Implementation Date: Spring, 2005.

The following Undergraduate petitions were approved by the Curriculum Committee at the April 6, 2004 meeting:

Undergraduate New Course Petitions:

PED  402  Teaching Strategies for Sensitive Health Issues (Note different name)  3 Credit Hours
Implementation Date: Spring, 2005.

PED  486  Foundations in Cardiac Rehabilitation  3 Credit Hours
Implementation Date: Spring, 2005.
