**2+2 Articulation Agreement
between
THE UNIVERSITY OF SOUTHERN INDIANA
and
Illinois Eastern Community Colleges, Olney, IL**

Statement of Intent: The purpose of this agreement is to facilitate the transfer of graduates of the Illinois Eastern Community Colleges/Frontier Community College who earn Associate of Applied Science degree (AAS) in Health Informatics towards the Bachelor of Science in Health Informatics and Information Management (BSHIIM) Degree Completion track offered at the University of Southern Indiana (USI).

Principles Upon Which Articulation is Based: This agreement, which encompasses the degree-granting institutions of the Illinois Eastern Community Colleges/Frontier Community College and the University of Southern Indiana, provides a written record of a continuing relationship centered on a mutually beneficial commitment to serving students.

This agreement confirms that all the eligible credit hours earned by students who complete graduation requirements for the Health Informatics Program at the Illinois Eastern Community Colleges/Frontier Community College will be accepted into and serve to fulfill lower-division requirements for the Health Informatics and Information Management at the University of Southern Indiana. Thus, students who graduate having completed all degree requirements in the Health Informatics Program at the Illinois Eastern Community Colleges/Frontier Community College will be eligible for full junior-level standing in the Health Informatics and Information Management at the University of Southern Indiana.

Students transferring with an AAS degree from Illinois Eastern Community Colleges/Frontier Community College into the University of Southern Indiana are subject to the same admission and academic policies as other applicants to the University of Southern Indiana. Transfer students are also subject to specific baccalaureate degree program admission requirements. Completion of the AAS degree does not guarantee admission to a program that has a separate application process.

Students who have transferred into the University of Southern Indiana must meet all university and program graduation requirements, including the completion of the university's general education program (CORE 39), minimum residence, grade point average, and upper-division course requirements.

Both institutions reserve the right to change their curriculum and agree to inform the other institution's administration and program faculty of such changes as they relate to the conditions of this agreement. Such changes may require an update to the articulation agreement.

All agreements will be reviewed, updated, and re-signed three years from the effective date of the agreements.
