

Stone Family Center for Health Sciences Student Orientation

1

1

History

With a donation of \$15 million from William and Mary Stone, Evansville natives and owners of SS&C Technologies Inc., the groundbreaking for the building was held in 2015.

The Stone Family Center for Health Sciences opened in 2018.

The building houses programs from the University of Southern Indiana, University of Evansville, and Indiana University Medical School.

2

2

Stone Center Hours & Entry

The building is accessible to students **by entry badge**.

- The badge is provided by the student's program and will be turned in at the end of the semester.

The building is open 24 hours per day with security coverage.

3

3

Stone Center Parking

Lots located at 5th and Bob Jones Way.

Parking badges for the building are limited.

- Students will be assigned a parking badge that will open the gates to the two parking lots adjacent to the building.
- The parking badges will be turned in to faculty at the end of the semester.

All Hazards Awareness and Planning

In an office building, hospital, nursing home or skyscraper. Go directly to an enclosed, windowless area in the center of the building—away from glass and on the lowest floor possible.

- Then, crouch down and cover your head.
- Interior stairwells are usually good places to take shelter, and if not crowded, allow you to get to a lower level quickly.
- Stay off the elevators; you could be trapped in them if the power is lost.

Stay inside a sturdy building or shelter that can protect you from deadly lightning, large hail, damaging winds, flooding rain and tornadoes.

Fortunately, thunderstorms typically do not last very long and will most often pass by your location in less than one hour.

Stay away from windows and avoid electrical equipment and plumbing. Postpone outdoor activities until the storms have passed.

Seek refuge in a doorway or under a desk or table.

Stay away from glass windows, shelves, and heavy equipment.

Stay under cover until shaking has stopped, and then be prepared to calmly evacuate the building.

Once outside, move to an assigned clear area away from the affected building(s). Keep the streets and walkways clear for emergency vehicles and personnel. Stay with your group in the assigned area and await further instructions

Active Shooter: Run, Hide, Fight

Seek safety. Getting away from the attacker is the top priority.

Leave your belongings behind and get away.

If you are not wearing a mask, do not stop to put one on. It is more important to run to safety.

Call 9-1-1 when you are safe and describe the attacker.

If you can't evacuate, **cover and hide**. Find a place to hide out of view of the attacker and if possible, **put a solid barrier between yourself and the threat**.

If you are hiding with people who are not part of your household, wear a mask and maintain a distance of six feet between yourself and others, if possible. Children under 2 years old, people who have trouble breathing, and people who cannot remove masks on their own should not wear them. Do not leave your hiding place to retrieve your mask.

Lock and block doors, close blinds and turn off lights. Keep silent.

Fight only as a last resort. When you can't run or cover, attempt to disrupt the attack or disable the attacker.

Be aggressive and commit to your actions.

Recruit others to ambush the attacker with makeshift weapons like chairs, fire extinguishers, scissors, books, etc.

Be prepared to cause severe or lethal injury to the attacker.

7

Emergency Evacuation

DC362 STONE FAMILY CENTER FOR HEALTH SCIENCES
515 WALNUT STREET
THIRD FLOOR
DATE: 09/26/2019

	EXIT ROUTE
	ACCESSIBLE EXIT
	AREA OF RESCUE ASSISTANCE
	FIRE ALARM PULL STATION
	FIRE EXTINGUISHER/FIRE ROSE
	SEVERE WEATHER SHELTER
	AED

IN CASE OF FIRE:
Sound the alarm, close doors, use nearest available exit and proceed away from building to an assembly area.

EVACUATION POINTS FIRST SEARCHED BY EMERGENCY PERSONNEL:
Occupants may use any exit without penalty. Move to or away from an exit, out of the flow of traffic. Hold elevators to allow the Fire Department or LAFD, if your location and wait for instructions.

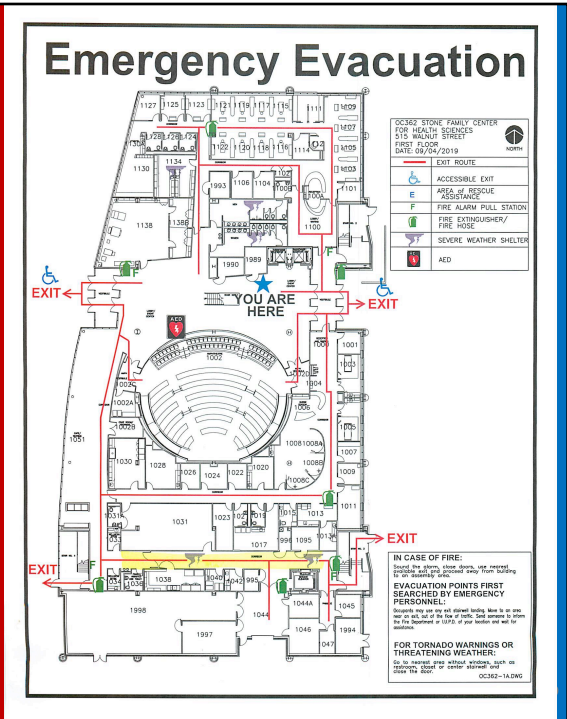

FOR TORNADO WARNINGS OR THREATENING WEATHER:
Go to nearest area without windows, such as restroom, closet or center stairwell and close the door.
