The Student Handbook Published by the Dean of Students Office – University of Southern Indiana
August, 19, 2014
WELCOME TO THE USI STUDENT HANDBOOK!

Higher education plays a vital role in developing future leaders by providing students with educational opportunities both in and outside the classroom. As an institution of higher education, the University of Southern Indiana (USI) is a learning community dedicated to excellence. All USI students are presented with rights, privileges, and opportunities when choosing to become a part of the USI community. In order for USI community members to live and learn in harmony, they must assume responsibility for their actions and respect the rights of others. Students, faculty, staff, and alumni make a commitment to furthering the mission of the University of Southern Indiana.

The University expects and requires all of its students, upon admission to the University, to develop, adhere to, and maintain high standards of scholarship and conduct. The Student Rights and Responsibilities: A Code of Student Behavior is the guiding document for USI community standards and outlines all rights and responsibilities afforded to USI students.

PURPOSE OF THE STUDENT HANDBOOK

The University of Southern Indiana Student Handbook is the official source of the university's community standards and related policies, and procedures. The University’s Code of Student Behavior is published in the annual web-based Student Handbook available in the Dean of Students Office website. The Student Handbook provides an overview of University policies and procedures, departments and services relevant to all students, undergraduate and graduate.

The University reserves the right to make changes in the Student Handbook at any time. The Handbook is formally reviewed and updated each spring semester. Suggestions and updates may be sent to deanofstudents@usi.edu for consideration in the next review process.

1. ACTIVITIES PROGRAMMING BOARD
The Activities Programming Board (APB), composed of numerous committees, is responsible for programming student activities for the campus community. Cinema USI (movies), lectures, musical performances, novelty events, and comedians, are just a few events coordinated by APB. For more information on APB's activities or how to become a member, visit the web site at www.usi.edu/apb or follow them on Twitter @usiapb.

2. ALUMNI AND VOLUNTEER SERVICES
In cooperation with the USI Alumni Association, this office coordinates a variety of programs and services to benefit alumni and students. Anyone who has completed one semester's work on the campus is entitled to membership in the Alumni Association. Active members play a leading role in the success of USI through career networking, mentoring, recruiting, and volunteering.

Volunteering at USI has something for everyone—it is a rewarding way to share talents and abilities or develop new skills. Volunteer USI opportunities are available within the University as well as in the Evansville community. Students, faculty, staff, student organizations, or members of the community can assist with one-time events, short-term assignments, ongoing commitments, or be on call as needed.

The USI Parents & Families Association helps to involve families in the life of the University. It also serves as a resource for parents and families. A gift of $25 to the Parents & Families Association helps support various activities for parents, families, and students, such as Parents & Families Weekend, the Eagle Roundup picnic, and the Camp Eagle parent sessions. For additional information, call 812/464-1924 or visit www.alumni.usi.edu.

VOLUNTEER USI
A University-wide volunteer management program, Volunteer USI coordinates assignments of individuals who want to share their time and skills to benefit the needs of USI and its outreach programs. Volunteer assistance can supplement the work of USI employees during peak times and provide support needed to accomplish projects and special events. Volunteers can be regularly scheduled or on call/as needed. Assignments can be one-time, short-term, or ongoing, depending on the type of work to be accomplished and the volunteer's availability. Contact the coordinator of Alumni and Volunteer Services to arrange volunteer assignments.

3. CAMPUS STORE
The USI Campus Store is in the University Center West (UC West), located in the heart of campus. The store is an authorized Dell and Apple dealer; visit them to purchase textbooks, school supplies and your favorite USI clothing and memorabilia. For more details, visit http://www.usi.edu/campusstore.

4. CARE TEAM - CAMPUS ACTION RESPONSE AND ENGAGEMENT (C.A.R.E.) OF STUDENTS IN DISTRESS
The University of Southern Indiana (USI) is committed to supporting a positive, healthy and safe student experience. The University's CARE Team is a cross-functional assessment group, chaired by the Dean of Students that responds to students in apparent/potential distress. C.A.R.E. stands for Campus Action Response and Engagement (CARE) of students in distress. The CARE team works collaboratively to provide confidential, respectful, and proactive support, while offering resources and balancing the educational needs of students within the overall mission of the University.

The CARE Team initiative was developed to assist students who may be having difficulty adjusting to the USI community or who may need additional support to be successful in the University environment. This is a pro-active program not punitive or intended to get students in trouble or to be utilized as a means of reporting emergencies. Please call x7777 from an on-campus phone or 812/492-7777 from off-campus if you require immediate assistance.

For more information contact the Dean of Students Office, visit the University CARE Team Website or submit a CARE Team Reporting Form about a student of concern.

5. CAREER COUNSELING
Finding a career path that suits your skills, interests, and abilities takes time and effort. There are lots of choices out there, too. If you don’t know which way to turn, University Division's Career Counseling services are here to help. This maze of perplexing choices can turn into an amazing array of rewarding career opportunities once you have the information to decide on the right path for you. Whether you have come to USI “undecided” or are re-evaluating your academic/career situation, University Division's career counseling services can help. Career Counseling offers services that will help you to assess your interests and strengths. You'll learn how to identify the academic subjects you prefer and find out more about majoring in those disciplines. We can even assist you with creating an academic plan. Finally, career counseling can help you identify strategies and next steps to move on and be successful in your chosen path. Visit the Career Counseling website for more information about their services.
6. CAREER SERVICES AND INTERNSHIPS

An integral part of the University, the Office of Career Services and Internships complements and supplements curricular programs by providing career coaching and employment assistance to students and active alumni from all academic disciplines. The primary mission of the office is to assist students in transitioning from the academic environment to the professional workplace. To achieve this mission, the Office of Career Services and Internships professionals meet with students in individual appointments as well as working closely with academic departments, student organizations, and Student Affairs departments to provide programs and presentations that encourage and educate students in obtaining internships and professional employment.

The University encourages all students to participate in an experiential education activity prior to graduating and an internship or cooperative education (co-op) experience provides this opportunity. These professional practice programs offer an opportunity for students to integrate classroom learning with career-related work experience in both the public and private sector. Although many are paid positions, the primary value of an internship or cooperative education experience is the opportunity to clarify career goals, gain practical experience, and establish contacts with professional colleagues. Internships and co-ops are competitive and Career Services assists students from all majors in conducting an effective search. The office also provides ongoing support to students during the internship or co-op and facilitates documentation of the student's experience.

To be eligible for participation in most co-op or internship opportunities, students must have a grade point average (GPA) of at least 2.0 and must have completed at least 32 credit hours. Transfer students must have attended the University for one full semester. Requirements for students from certain academic disciplines are more stringent, requiring that particular classes be completed before eligibility can be met.

Internships most frequently are completed during a student's junior or senior year and most University internship courses allow students to earn up to three credit hours by working a specified number of worksite hours. The co-op program offers two distinctly different patterns of study and work: alternate and parallel. The alternate pattern requires students to alternate semesters of full-time work with semesters of full-time study. The parallel pattern offers part-time work experience over an extended period of time while students maintain a minimum academic load. Because each program option benefits each student differently, programs are individually tailored to meet student and employer needs.

Upon admittance to the University, undergraduates seeking employment may receive job referrals to both on- and off-campus positions through Career Services and Internships. Part-time jobs and summer employment opportunities listed with this office allow all students, regardless of financial need, to earn money to support their education.

Students who have completed, or who will be completing, a degree program within the next calendar year are advised to meet with a Career Services and Internships professional for assistance with job search strategy for post-graduation professional employment. There is a professional staff member dedicated to working with each of the University's colleges. In addition, workshops emphasize the identification of individual marketable skills and assist with resume development, interview preparation, employer networking, and general job search strategy.

Students and graduates are strongly encouraged to use their account in Eagle Career Launch, the online job listing and recruiting system exclusively for USI students and graduates. All students have an active account once they are admitted to the University and are advised to routinely use the system, as well as store up-to-date resumes in their accounts. All opportunities, including part-time, summer, co-op, internships, and full-time professional positions are listed in Eagle Career Launch and include positions with local, regional, and national employers.

Career Services and Internships serves a vital employer relations role for the University by maintaining an extensive database of contacts, routinely meeting and communicating with employers, and planning and facilitating events such as career and job fairs and networking events for students and employers.

Career Services and Internships maintains an extensive web site of career and job resources including job listings, a virtual practice interview program, and general information about careers and jobs. A career resource library in the office contains printed materials covering such diverse topics as career and occupational information, job search techniques, and recruiting events. Computers also are available for resume writing and job research activities.

Information regarding the Graduate Record Examination (GRE), the entrance exam frequently required for admission to graduate programs, may be obtained by contacting Career Services and Internships or the Graduate Studies Office. Career Services also assists with personal statements for graduate school application, as well as practice with admission interviews.

Students at all levels of academic study, from freshmen through seniors and graduate students, are encouraged to meet with Career Services and Internships professionals and take advantage of the career, internship, and job search services provided.

7. CENTER FOR INTERNATIONAL PROGRAMS

The primary mission of the Office of International Programs and Services is to enhance the international dimensions of the University and to facilitate opportunities for all students to acquire skills necessary to succeed in a global society. The IPS Office is responsible for international recruitment and retention and the delivery of information, services, and programs designed to meet the unique needs of international students and scholars.

The IPS Office also is responsible for the development and administration of USI study abroad programs in 60 countries. Students obtain USI credit for coursework completed through an approved study abroad program; program fees are billed through USI, which enables students to apply most types of financial aid and scholarships to the study abroad program costs. Students should plan well in advance of the term they plan to study abroad, to determine how the coursework completed overseas will count toward the USI degree program.

In addition, International Programs and Services organizes weekly events for the Global Community Program in Ruston Hall and works closely with the International Club and other organizations on campus to provide activities and programs designed to increase international awareness, acceptance, and understanding of peoples and cultures from all corners of the globe. Further information on the programs and services and a detailed calendar of international events can be found on the IPS homepage http://www.usi.edu/international/.
8. **COMPUTER LABS**

Computer Labs are the responsibility of the Academic Services Coordinator and the Academic Services Analysts. There are currently 51 computer labs on campus encompassing 1165 computers. Labs on campus offer the latest computers with access to Microsoft Office products, other software programs, and high-speed Internet access. Most labs have printers available. Students must have Eagle Bucks on their Eagle Access Card for printing. Many of our computers are in Teaching labs. However, 306 computers are located in 11 OPEN labs. Four of the open labs are located in Housing. For the location of the labs on campus and the software available in each lab, click the "Lab Locations & Open Hours" link on the right. For more information, visit [http://www.usi.edu/it/computer-labs](http://www.usi.edu/it/computer-labs).

9. **COUNSELING CENTER**

The Counseling Center offers individual therapy, group therapy, and substance abuse assessments to currently enrolled students. The Counseling Center is here to help USI students develop the personal awareness and skills necessary to overcome problems, make effective decisions, and grow and develop in ways that will allow them to maximize their total educational experience at the University of Southern Indiana. The Counseling Center's services are another form of learning whereby students learn how to relate effectively to others, understand and cope with emotions, set appropriate goals, make healthy decisions, resolve inner conflicts, develop independence, and increase self-confidence. Through counseling and the various presentations and workshops that are offered, the Counseling Center helps students fulfill their hopes, dreams, and potentials in their journey of life-long learning.

20. **LIBRARY SERVICES**

The David L. Rice Library supports and extends the academic programs of the University by providing research and instructional materials as well as recreational and general interest materials. During fall and spring semesters the library is open 104 hours a week, including evening and weekend hours. When the library building is closed, the online catalog, and hundreds of web pages - selected and organized to assist in finding high-quality information on a variety of topics - remain available through the library’s web site, [www.usi.edu/library/](http://www.usi.edu/library/). Remote web access to electronic books and databases is available for currently-enrolled students and currently-employed faculty and staff members. The web site is the most up-to-date source for library hours, special notices, services, and staff contact numbers.

The building has four floors, with substantial student study space with comfortable seating in a variety of configurations; three reading rooms; 30 group study rooms; and two computer labs for instruction and student use. Additionally, the building provides classrooms on the lower level and casual seating in the coffee shop area. Wireless access is available throughout the building; in addition to computer workstations, students may check out laptops and tablets.

The library's collection of over 375,000 volumes is available in open stacks, providing easy access to most resources. Approximately 4,000 books are added each year, along with electronic resources, audio-visual materials, and other formats. Reference librarians provide assistance in identifying, locating, and evaluating resources in many formats at the Reference Desk during most open hours. In addition to in-person visits, users may contact the library's Reference staff by telephone, email, chat, or text; contact information is listed on the web site.

The library provides online access to over 35,000 full-text journals and over 100,000 books. Electronic resources are accessible within the library, from other computers on campus, and remotely to authorized users. Microform coverage ranges from recent government reports to 1850s newspapers. Digital microform reader/printers are located on the main level, as are photocopiers and printers. A recreational reading area is located on the entry level near the media collection, which is made up of music CDs, audio books, and DVDs.

University Archives and Special Collections, located on the third floor, preserves materials about the University's history and houses distinctive collections. One such collection is communal societies, with substantial information on historic and contemporary intentional communities. Another major collection includes thousands of photographs documenting Southern Indiana from the late 1800s to present day. Images and documents from this collection and others are being digitized for online discovery and use, viewable at [www.usi.edu/library/archives.asp](http://www.usi.edu/library/archives.asp). USI is also a partial federal government depository library. Government documents cover a wide variety of subjects, from career information to the environment and consumer guidance; most of the paper documents are interfiled with the library’s other collections. Children's books - used by education majors but available for checkout by anyone - are housed on the first floor.

The library's integrated online system is Ex Libris' Voyager, a system used by hundreds of academic libraries. This system is used for ordering, receiving, cataloging, and checking out materials, as well as for identifying the library's holdings. By connecting to other systems, the library is able to use shared
cataloging records from OCLC WorldCat, an international bibliographic utility with nearly 2 billion records. The library provides interlibrary loan service, and borrows items from libraries all over the world. Special software is used to enhance and expedite the interlibrary loan process, including speedy desktop delivery of journal articles and book chapters. Eligible USI students, faculty, and staff members may submit online requests via the library’s web site.

Students, faculty, staff members, and community users may check out library materials. The library user may search the online catalog by author, title, keyword, or subject, and identify an item’s location and availability. If an item is already checked out by someone else, a hold may be placed on that item and the user will be notified when it is returned. Users may renew books online, unless an item is overdue or on hold for someone else. Self-service check-out machines on each floor speed the check-out process for books.

As the variety and complexity of information sources has increased - along with the necessity for evaluating their worth - formal research instruction has become even more essential. Instructors may schedule sessions customized to individual course needs by contacting the Instructional Services librarian. Instruction is usually provided in one of the library’s computer labs so that hands-on learning is possible. Library staff members are available at the Reference and Checkout counters to provide assistance to library users.

The University of Southern Indiana strives to create and maintain a safe and secure environment on all properties the University owns, leases or manages for official activities. In order to be successful in providing the highest degree of safety and security on the campus and in the residences, it is important for the campus community to follow good safety and security practices. Students and employees are encouraged to know as much as possible about the frequency and type of security breaches which occur on University property. To that end, the University Office of Public Safety records and annually publishes statistics on crime and security matters, and the University provides timely warnings of crimes or incidents, which may be considered a threat to the University community. A copy of the annual statistical report can be requested from the Office of Public Safety.

Further, the Office of Public Safety takes a leadership role in campus safety by providing and encouraging the campus community to utilize its services which includes educational programs on campus safety, preventative patrols, crime prevention, and free security escort services. The campus community is encouraged to report any suspicious/criminal behavior or threat. This type of activity can be reported either in person, telephone, through silent-witness email, or by using the emergency telephones. The emergency telephones, which are located throughout campus and the residences, ring directly to the Public Safety Building.

26. SAFE RIDE PROGRAM
SAFE Ride is a program developed for USI students by the Student Government Association, Dean of Students office, Counseling Center, and Evansville’s River City Yellow Cab Company. The program provides a safe alternative for emergency situations when other transportation is unavailable. It is a “way out” of dangerous or potentially-dangerous situations by giving USI students safe transportation home through the River City Yellow Cab Company’s service within the local area.

SAFE Ride can be used by any currently-enrolled student with a USI student ID card. The process for using the program is simple. Call River City Yellow Cab at 429-0000 and say, “I want a cab for USI SAFE Ride.” You must identify the ride as a SAFE Ride request so the cab company can verify your eligibility before dispatching the cab. Upon arrival you must show your USI Eagles Access card.

This program is an alternative to driving under the influence of alcohol, getting out of situations of dating or domestic violence, to provide alternative transportation to a safe location after a car breakdown, or transportation to a medical facility or social service agency. This service is not intended to be used as on-going transportation, when other means of transportation is readily available, or for long-distance travel.

Although SAFE Ride is not a free service, there is no charge at the time the ride is taken. A $20 limit per ride, with a $50 credit limit, has been established. Students are expected to pay their bill at the University cashier’s office within ten days of the service. As long as the fees are paid each month, the program can
be continually used. The cost for using SAFE Ride is the same as regular cab fare, but USI students are given a ride on credit at the time, and the fee is billed to their student account.

Sometimes the situations necessitating a call to SAFE Ride can be very troubling and have lasting implications. The USI Counseling Center is available to discuss any problems you may be having, 464-1867. The Counseling Center is staffed by professional counselors and all services are strictly confidential.

30. STUDENT ACTIVITY FEE
The student activity fee will appear on your bill at the rate of $50 a semester and $50 for the summer. Your investment entitles you to take advantage of all services and participate in any programs provided for students. As USI enrollment grows, the cost of providing student programs and activities also increases. The new student activity fee assures that present programs and services can continue and that significant new programs and services can be introduced.

If you decide not to have access to any of the programs or services available to students who have paid the student activity fee, you may request an exemption at the Cashier’s Office or on-line by submitting the form below.

41. **ACADEMIC INTEGRITY**

Academic dishonesty, including plagiarism, cheating, submitting another person's material as one's own, or doing work for which another person will receive credit will subject a student to disciplinary action which may include dismissal from the University.

The benchmarks of any great university are high academic standards for both faculty and students. For this reason, truth and honesty are necessary to a university community. The University expects both students and faculty to adhere to these principles and to foster them daily. Put simply, this expectation requires each student to do his or her academic work without recourse to unauthorized means of any kind. Both students and faculty are expected to report instances of academic dishonesty. Faculty should explain the special hazards regarding academic honesty in their discipline. Faculty also should plan and supervise academic work carefully so honest effort will be encouraged.

Definitions of academic dishonesty also apply to the use of electronic, photographic, Internet-based, and other media for intellectual and artistic expression. See Section 3.0 of the *Student Rights and Responsibilities: A Code of Student Behavior* published in the Student Handbook available on the Dean of Students website for a description of the process.

42. **ALCOHOLIC BEVERAGES AND ILLEGAL DRUGS**

The University of Southern Indiana prohibits the illegal manufacture, purchase, possession, use, consumption, sale, transfer, exchange, and/or distribution of or being under the influence of drugs and alcohol by students, employees, and visitors on University-owned or -controlled property, including University owned or -leased vehicles, or as part of any University activity as that term is defined by the University.

The University expects the cooperation and commitment of all students and employees in maintaining an environment free of illicit drugs and illegal use of alcohol. Students and other campus constituents are deemed to be adults responsible for their own behavior and are expected to obey the law and University rules regarding drugs and alcohol. For more information on University drug and alcohol policies, see Section 2.1 of *Student Rights and Responsibilities: A Code of Student Behavior*.

The dean of students is charged with the development and administration of the University of Southern Indiana student conduct process. Under the supervision of the dean of students, the following individuals will be charged with the execution of conduct proceedings:

- Assistant Dean of Students
- Director of Residence Life
- Assistant Director for Student Conduct – Housing and Residence Life
- Housing Area Coordinators and Graduate Assistants
- Director of Student Development Programs
- Additional staff members in the University community as deemed appropriate and as trained by the dean of students

The aforementioned individuals may conduct meetings and hearings with students who may have violated any University policy, including those found in *Student Rights and Responsibilities: A Code of Student Behavior*, USI University housing community standards: *A Code of Student Behavior*, and USI student organization policies.

Campus policy on drug and alcohol abuse is monitored by the Dean of Students, who in collaboration with the University’s CARE Team, administrators, faculty, staff, and students who recommend policy changes as needed.

43. **ANIMAL POLICY**

Animals, defined as domesticated pets, may be brought on campus under the following conditions:

- The animal is part of a classroom demonstration that has been approved by faculty. In such cases, the animal should be brought on campus immediately before the class and removed from campus immediately after class. The animal must be on a leash or in a carrying case when in transit.
- The animal is a “service animal” as defined by current Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, and State of Indiana regulations. Under these laws, a “service animal” is defined as an animal that is specifically trained to do work or perform tasks for the benefit of an individual with a physical, sensory, psychiatric/mental, or intellectual disability; and the work or tasks performed by the animal must be directly related to the individual's disability. Animals that only provide crime deterrent effects, emotional support, well-being, comfort, or companionship do not fall under the legal definition of “service animal.” The University reserves the right at any time to ask if the animal is required because of a disability and what specific work or task the animal has been trained to perform. The University also reserves the right to request that the animal be removed from the property if it does not meet the legal definition of service animal, if the handler fails to keep it under appropriate control, or if it is not housebroken. An animal meeting the complete and proper definition of “service animal” will otherwise be permitted anywhere on campus that is typically open to students and visitors.
- With permission of the president or his/her designee.
- Animals other than “service animals” may be exercised on exterior areas of campus as long as they are on a leash and are not taken to any areas where an active program or event is occurring.
- In all cases it is the responsibility of the individual(s) bringing any animal to any University owned or controlled property to be aware of state and local immunization and licensing requirements, to fully comply with those requirements, and to assume any and all liability associated with failure to do so. Such individuals are responsible for cleaning up after their animal, for maintaining humane control of the animal at all times, and are financially responsible for any damage that the animal may cause to University property or injuries caused to other individuals.
Student’s residing in University residence halls or apartments may keep animals in their residences only under the following conditions:

- Non-predatory tropical fish are allowed as long as they are well-maintained and kept in aquariums holding no more than 20 gallons of water.
- The animal meets the current definition of a “service/assistance animal” as defined by state and federal law and best practices that specifically apply to University housing and residential services for individuals with disabilities. A student may keep a service/assistance animal in his or her dwelling unit on campus as a reasonable accommodation only if the student fully complies with all procedures and responsibilities as described in Section B.25 of this publication.

44. CAMPUS SECURITY AUTHORITIES (CSA)

The definition of “Campus Security Authority”, according the federal law, is as follows: “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.” All personnel designated as a Campus Security Authority receives annual training regarding their responsibilities.

The below listed positions have been identified as a USI “campus security authority”; however this list is not conclusive. A complete list of Campus Security Authorities is maintained at the Office of Public Safety.

- Assistant Provost for International Programs and Services

45. COMPUTER ACCESS, COPYRIGHTS, AND INTELLECTUAL PROPERTY (ADOPTED FROM MILLS COLLEGE)

Computing plays a critical role in the academic life of students at USI. Each student is issued a University username and password upon enrollment. The username and password are required for access to the University network. The USI homepage allows students to access general information about the University, including academic calendars, schedules of classes, examination schedules, and events calendars.

The MyUSI portal offers students the ability to register for courses; view class schedule, grades, transcripts, financial aid and student account information; look up and update contact information online. The portal also provides gateways to other web services such as email, online course resources, and course evaluations.

Computers and networks provide access to resources on and off campus. Such open access is a privilege and requires that individual users act responsibly. Users must respect the rights of other users, respect the integrity of the systems and related physical resources, and observe all relevant laws, regulations, contractual obligations, and University policies. Every member of the USI community who receives accounts to use University computing systems agrees to protect their own work and respect the work and privacy of other members of the community. Access to computing resources is contingent upon affiliation with the University. Students graduating, withdrawing, or being academically disqualified may cease to have full access to their computing resources at USI.

USI Students are encouraged to use University computing systems for academic work as well as for communication on and off campus. Food and drink are prohibited in all computing labs at all times. Damage caused to USI computing equipment by food or drink or any other type of misuse will be charged to the responsible party.

Printing is available throughout campus with the use of funds from your Eagle Access card.

TIPS: You can reduce the environmental impact of printing documents by following some simple tips for conserving resources, such as:

- Don’t print e-reserve or other web source material unless truly necessary. Instead of printing an entire document, take notes while reading it to help remember important points
- Always use double-sided printing
- Use ‘Print Preview’ to see how a document looks before printing
- When printing a draft, print multiple pages on one sheet
- Print only one copy of a document and use copy machines to generate additional copies, if needed.

All student-accessible academic computing locations have access to the Mills College network and Internet via wireless connectivity. The wireless network encompasses all residential living areas and labs, academic classrooms, as well as many student gathering places.
Each individual is responsible for the content of files in their personal University provided accounts. When publishing personal web pages, each user is responsible for obtaining permission from and giving proper credit to the owner of all copyrighted materials used. Personal web pages are not routinely monitored by the University staff nor do they necessarily represent the University’s viewpoints or policies.

The U.S. Congress has passed “The Higher Education Opportunity Act (H.R. 4137)” which requires U.S. colleges to prevent uploading and downloading of copyrighted works through peer-to-peer (P2P) file sharing on campus networks. USI implements several technologies to block or inhibit peer-to-peer file sharing of copyrighted material. Additionally, encrypted peer-to-peer file sharing is not permitted and is blocked. Any file downloaded through USI networks or residing on USI-owned equipment may be subject to search under court order. In addition, system administrators may access user files or monitor network traffic as required to protect the integrity of computer systems and to enforce current policy. Misuse of computing and network resources is prohibited.

USE OF COMPUTING RESOURCES IMPLIES THE FOLLOWING AGREEMENT

I understand that I am responsible for my conduct when using University of Southern Indiana equipment and services to access electronic files and resources. Misuse of computing, networking, or electronic information resources is not condoned and I understand that I will be held accountable for my conduct under applicable University policy, legal contractual agreement, and under state and federal laws. I understand that my login name is permanently assigned to me. I agree to use it for as long as I have access to USI systems. I also agree to set a password of my own choosing on all my USI accounts as soon as they are opened to assure that my accounts are always protected with a password known only to me, and I agree to change my password immediately if I discover that anyone has learned my password or has used my accounts in any way. Violation of any of the above policies may result in temporary to permanent loss of any or all computing privileges and services provided by USI.

46. CONFIDENTIAL REPORTING

The Counseling Center is committed to maintaining your confidentiality consistent with the law. Communications with employees who work in the Counseling Center, including your decision to seek counseling, are kept confidential. The Center will not release information about you to anyone outside the Counseling Center without your written consent, except as required by law, including, but not limited to:

- If we believe you are in imminent danger of self-harm.
- If there is reason to believe that child, elder, or dependent abuse has occurred.
- If you report being sexually assaulted and are under the age of 18.
- If you express threats of violence towards another person.
- If you have signed an authorization to release medical information form for specified individuals or agencies.

Consistent with the law, any required disclosure will be made to the appropriate authorities, including the USI Office of Public Safety. Additionally, should you be assessed to be a danger to yourself or others, or if hospitalization is pursued (either voluntarily or involuntarily), certain information about you will be disclosed to appropriate university personnel, your parents or guardians (as appropriate), and other essential third parties.

If you are the victim of rape, sexual assault, sexual battery, sexual coercion or other sexual misconduct, as defined by USI policy, state and federal law, and are 18 years of age or older, what you tell a Counseling Center Professional counselor and other Counseling Center employees who are functioning in their Counseling Center roles about how you have been the victim of sexual misconduct is confidential, subject to the exceptions listed above. In addition, if you wish to make a report about what happened to you, to the USI Office of Public Safety or law enforcement agencies, a Counseling Center employee will assist you in doing so without disclosing information that identifies you who are.

If you choose to make an anonymous report of sexual misconduct, your counselor may remain in the room with you as you make your report. However, the counselor will not make the telephone call for you or participate in the telephone conversation between you and the reporting agency. Likewise, the counselor will not keyboard or assist in keyboarding an on-line report.

47. COPYRIGHT INFRINGEMENT POLICY - STUDENTS

All students who use the University of Southern Indiana (“USI” or the “University”) computer network are prohibited from downloading or enabling sharing of music, movies, images and other digital, copyright protected files without proper licensing. Downloading or enabling the sharing of music, movies and other digital, copyright protected files without proper licensing constitutes the theft of copyright protected material and is subject to both civil and criminal penalties. Companies and agencies that monitor computer networks and Internet Protocol (“IP”) addresses inform USI when someone on USI’s network is downloading or sharing copyright protected songs, movies and other material. USI is considered an Online Service Provider (“OSP”) for the users of its computer network. A student’s continued use of the University’s OSP computer network implies the student’s acknowledgement and acceptance of this policy.

If it comes to the attention of USI that an individual is using USI’s computer equipment and/or network access to illegally download copyrighted material, the University will take action to stop such activities. If the University detects peer-to-peer file sharing of encrypted content, this will be treated as if it is copyrighted material, and the University will take action to stop this activity as well. The University takes such action in order to comply with provisions within the Digital Millennium Copyright Act (“DMCA”) which limits the liability of the University, as an OSP, for certain copyright infringement liability if the University follows applicable procedures. Additional information on the DMCA can be found at http://www.copyright.gov/legislation/dmca.pdf. This policy outlines the procedures the University will use to respond to incidents of copyright infringement it receives.

Procedure

USI has instituted a technology-based deterrent which is a software blocking package that attempts to monitor USI’s network activity for copyrighted material. This software is a content management service and filter software that tracks copyrighted content and tracks peer-to-peer usage to verify the content. If the software detects that an IP address is being used for unauthorized downloading or distribution of copyrighted works using a peer-to-peer based file sharing service, the software will terminate the download and disable the user’s internet connection for a specified period of time depending on the number of violations associated with the user’s IP address. The software will also alert the user of a Copyright Violation Notice via a pop-up screen. The Copyright Violation Notice
indicates that the activity detected in connection with the user’s IP address is in violation of the University Network Use Policy, USI Code of Student Behavior and this Copyright Infringement Policy. Depending on the number of violations received, the user’s internet connection will be disabled for a set amount of time subject to the discretion of the University and the user will have to agree to cease any such activity by clicking on a "I will comply" button before University network access will be reinstated.

When the University receives a notification of possible unauthorized file sharing the Information Technology ("IT") department will attempt to identify the user. If the user can be identified and is a student, the follow procedure will be followed:

1. IT will email the student notifying him/her that his/her access has been shut off. Included in the notification email is information on the alleged violation including title, date and time. The email informs the student that the matter has been referred to the Dean of Students Office for review. IT will also copy the Dean of Students Office on this email.
2. USI network access to all wireless and wired networks in user’s student housing is immediately disabled. If the student has multiple devices registered on the USI network, all the devices will be denied access.
3. The student will not be allowed to register any new devices until access restoration has been approved by USI.
4. IT will send a copy of the complaint and all detailed information it has about the alleged copyright violation to the Dean of Students Office. The Dean of Students Office will handle the complaint as well as contacting and meeting with the student. The Dean of Students Office will address with the student the possible consequences of copyright violations including both civil and criminal penalties. The student will be asked to remove all file sharing software from his or her computer and/or electronic devices. The Dean of Students Office will utilize the following procedure with regards to the alleged violation:
   a. The Dean of Students Office will contact the student once the office receives the initial email informing the student that the matter has been referred to the Dean of Students Office for review. By email, the Dean of Students Office will inform the student of any charges related to potential violations of the USI Code of Student Behavior including possible violations of Section 2.13- Computer-Related Inappropriate Behavior in the Student Rights and Responsibilities, the Student Copyright Infringement Policy and the Network User Policy.
   b. The Dean of Students or Designee will meet with the student to review the charges and the possible consequences of copyright violations including both civil and criminal penalties. During this initial meeting, the student will be asked to sign the Alleged Copyright Infringement Acknowledgment Form ("Acknowledgment Form") either accepting responsibility and agreeing to pay the University restitution for any fines and legal fees associated with the violation or indicating a request for a hearing as detailed below. The student is not under any obligation to accept responsibility and agree to pay the University restitution for any fines and legal fees associated with the violation during this initial meeting.
   c. During this initial meeting, the student will also be offered the alternative option on the Acknowledgment Form to schedule a formal hearing at a future date where the student will be afforded all the rights outlined in the USI Code of Student Behavior, including the choice to have an advisor present and to present evidence in response to the alleged charges.
   d. Once the conduct process is completed (whether by signing the Acknowledgment Form accepting responsibility or through a formal hearing), the Dean of Students Office will inform the appropriate University offices of the outcome and request that access be reinstated, as may be appropriate. Upon notification from the Dean of Students Office, IT will then re-enable the student’s wireless and wired network access.

Repeated violations will result in disciplinary action as recommended by the Dean of Students Office consistent with all applicable University policies. Repeated violations may result in the student losing the ability to connect to the University network permanently for the duration of the student’s tenure at the University. A student will be charged an administrative fee for the student’s violation of the University’s Copyright Infringement Policy. Additionally, if the student signs the Acknowledgment Form accepting responsibility or is found to be in violation at a formal hearing, the student will be responsible for restitution of any fines or USI legal fees associated with the violation.

Student’s Use of USI’s Network Accounts
If the student permits another individual to use the student’s USI network account, and that individual illegally downloads or distributes copyrighted materials, the student may be held responsible if the student’s computer is identified in the notice that was sent to the University by the holder of the copyright.

Legal Alternatives
For a list of legal alternatives to avoid illegally downloading content, please visit http://www.educause.edu/legalcontent.

University Actions in Response to Subpoenas
If the University receives a valid subpoena regarding an alleged copyright violation, the University is required to provide any electronic information the University has regarding the alleged instance of copyright infringement that was purportedly transferred over its network.

Questions or Concerns
If a student has a question or concern regarding this policy, please contact the Dean of Students Office. University’s Registered DMCA Agent
The DMCA requires that the University designate a registered agent to receive notifications of alleged copyright infringement. Notifications of claimed copyright infringement should be sent to the University’s registered DMCA Agent, which is on file with the Copyright Office:

Richard Toeniskoetter Executive Director Information Technology University of Southern Indiana 8600 University Boulevard Evansville, IN 47712 812-464-1733 richard.toeniskoetter@usi.edu

Policy Changes
The University may make changes to this policy to comply with necessary legal and regulatory requirements. The University recommends students review this policy occasionally to familiarize themselves with any changes or alterations.
48. CRIME REPORTING METHODS

Public Safety: Contact USI Public Safety at 812-492-7777 to report a crime, any campus emergency, or any security issue. You may also dial 911 to contact local law enforcement directly. You may also contact USI Public Safety at 812-464-1845 to report non-emergency issues or if you have any questions.

On-Line Reporting: The Campus Action Response and Engagement Team (CARE Team) provides an on-line reporting form that may be used to report crimes or issues involving students of concern. This form is not to be used to report on-going campus emergencies (Dial 812-492-7777). The CARE Team provides proactive assistance and support to students by assessing, evaluating and responding to reports about students who present as disruptive or show concerning behavior and may need support to manage their academic and social experience at the University. Click here to complete an online CARE Team Reporting Form.

Silent Witness Form: If you have witnessed or have information regarding a crime or incident that has occurred on campus, you may anonymously submit the information to the Office of Public Safety using the Silent Witness Form. The information is submitted in email form and will be kept strictly confidential. The silent witness form is to be used for. Crimes or incidents occurring on USI campus property or crimes or incidents occurring off campus that involve University of Southern Indiana students, faculty, or staff. It is important to note that a silent witness will not result in an immediate emergency response from the Office of Public Safety. If you require immediate assistance, call campus ext. 7777 or 812-492-7777. All other off-campus crimes should be reported to the appropriate law enforcement agency by dialing 911.

TIP Line: The University of Southern Indiana's Office of Public Safety has established a telephone TIP line which allows callers, wishing to remain anonymous, to leave information via a voice mailbox as to any criminal activity or University Code violations. The TIP line is a means for the campus community to assist in establishing a safe campus environment. This telephone number may be called 24 hours a day to provide information. Persons wanting to report such activity should call the Tip Line at 812-228-5029 or campus extension “5029”.

Emergency Call Boxes: The University has also placed emergency two-way call boxes (Emergency Blue Light Phones) around the entire campus for use during emergencies. The convenient location of the blue phones allows someone to report an emergency or incident if other communication methods are not available. By pressing the button on these phones, users are immediately connected to the Office of Public Safety Dispatch Center.

The University of Southern Indiana and the Office of Public Safety strongly encourages the reporting of any sexual offense such as non-consensual sexual intercourse, sexual assault, stalking, or any other form of sexual misconduct. Examples of other sexual misconduct issues may but are not limited to include sexual harassment, sexual intimidation, intimate partner violence and sexual battery.

- Rape/sexual assault (gang, acquaintance, stranger)
- Acts on a person who is not conscious or able to give consent
- Indecent exposure
- Direct or indirect threats linked to sexual propositions or activity
- Coerced sexual activity
- Sexual battery, (the unwanted touching of an intimate part of another person, such as a sex organ, buttocks, or breasts)
- Stalking, harassment or intimidation
- Dating or Domestic Violence

Timing is a critical factor in the reporting of any sexual assault/misconduct. The USI Counseling Center, off-campus advocates and personnel from the Office of Public Safety can discuss all of these reporting options confidentially with the victim.

Employees: University employees must report any incident of sex/gender misconduct and discrimination to the Title IX coordinator or designee within 24 hours of learning of the incident.

Employees designated as "Campus Security Authorities" are mandated to advise the Office of Public Safety of any Clery reportable crimes that occur in a Clery reportable area. Designated Forcible and Non-Forcible sex crimes are required reportable crimes. One of the key responsibilities of a campus security authority is to encourage crime victims and witnesses to report crimes to the Office of Public Safety. Information and training on Campus Security Authorities may be found on the Public Safety Website.

Employees serving in certain professional roles are not required to report these types of crimes unless there is an articulable immediate danger to the campus community that would necessitate disclosure. Examples of employees that would not be required to report include medical providers, pastoral and licensed professional counselors. These exempt employees may still complete an anonymous/confidential report for statistical or pattern analysis purposes and not divulge any personal identifiable information without the victim(s) consent.

The University’s Disciplinary Procedure for Sexual Assault is designed to respond to allegations of sexual assault. Indiana’s criminal statues determine the criminal penalty or sanctions based upon the act, severity, and other mitigating or aggravating circumstances. The Sexual Violence Prevention and Response Program include counseling services, crisis support groups, and other organizations which provide assistance and referrals to students who have been assaulted.

49. DECEPTION/FALSIFICATION/MISREPRESENTATION

Falsification or misuse of records and/or misrepresentation of facts on University forms and documents, including but not limited to, application forms, data sheets, ID cards, fee receipts, may result in disciplinary action and/or cancellation of registration. See the Student Rights and Responsibilities: A Code of Student Behavior for the specific related policies.

When appropriate, the following information also may be made public by the University through printed programs, news releases of awards, etc.: date and place of birth, home address, marital status, majors and minors, degrees, awards received, dates of attendance, most recent educational institution attended, names of parents, participation in officially-recognized activities or sports, weight and height of members of athletic teams, classification, and enrollment status. An Information Release Restriction Request form can be submitted 1) to be effective for only the single term specified; or 2) to remain in place until revoked in writing.

The submission of a student's Social Security number is voluntary. The University will not use the number, if supplied, for purposes other than routine record-keeping and institutional statistics, without a student's written permission.

51. DISCIPLINARY INFORMATION DISCLOSURE STATEMENT

Per University policy, some departments and organizations will share information with the Dean of Students regarding potential student safety and/or conduct concerns; the Dean of Students may determine that further action or follow-up is warranted. This may include but is not limited to athletic teams, organizations and clubs, fraternities and sororities, academic professional standard committees and academic departments conducting disciplinary background checks for student placement. All related materials will be retained by the Dean of Students and become part of your permanent disciplinary record. This information may be reported as part of a disciplinary background check for a minimum of seven years, except in certain cases where the Dean of Students determines that it is appropriate to disclose information beyond the minimum seven years period. For more information, please contact the Dean of Students Office or call 812/464-1862.

52. EDUCATIONAL DISCIPLINARY BACKGROUND VERIFICATION POLICY

The Dean of Students Office houses official disciplinary records for University of Southern Indiana (USI) students, including Academic Integrity related information. As the Dean of Students is the University administrator charged with disclosing such information, within established student privacy law, all requests for disciplinary background verification should be submitted to the Dean of Students Office. Such requests require a signed release of information consent form from the current/former student. Please note that the Dean of Students Office does not verify academic information and its response will be limited to disciplinary background verification.

There are several methods by which Educational Disciplinary Background Verification requests may be submitted to the Dean of Students Office. Requests can be submitted in person, by mail, fax, or email and must include a signed release of information consent form and current contact information for the current/former student. The Dean of Students Office may contact the current/former student if additional information is needed or to inform them of the information that was disclosed in response to a request.

The Dean of Students is responsible for record keeping related to disciplinary records. Conduct Hearing Officer(s) will ensure that all sanctions are reported by the date required and will submit aggregate data regarding infractions and sanctions to the Dean of Students for compilation in an annual report. A record of disciplinary procedures and findings will be maintained in the student’s disciplinary file in the Dean of Students Office. Conduct files do not become part of the students’ transcript, but are considered part of the University’s educational record for the student.

In cases in which students are found responsible for a policy violation of University policy and receive a sanction of less than suspension or expulsion, records related to the disciplinary hearing will be retained for a minimum period of seven (7) years from the date of the incident complained of. Student disciplinary files may be retained indefinitely at the discretion of the Dean of Students or his/her designee. Release of information may be restricted by the Dean of Students for good cause, upon written petition. Factors considered in review of such petition shall include:

- The nature of the violation and the severity of the harm resulting from the violation;
- The conduct of the student subsequent to the violation.

In cases where students are found responsible for a policy violation and receive a sanction of suspension or expulsion, students’ disciplinary files will be considered permanent records. A permanent record indicates that student disciplinary files may be retained and disclosed indefinitely at the discretion of the Dean of Students.

Student organizations are considered to have a continuing relationship with the University of Southern Indiana as long as the organization maintains its official recognition status with USI. Records of behavioral conflicts involving student organizations will also be retained for a minimum of seven (7) years following the date of the incident reported.
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

a. The Office of Student Financial Assistance is committed to supporting the University's right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

b. Students should submit to the registrar, dean, head of the academic department, or other appropriate official written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request is submitted, that official shall advise the student of the correct official to whom the request should be addressed.

c. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

d. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a

53. EMERGENCIES
The quickest and easiest way to obtain help for any type of emergency is to telephone Public Safety at extension 7777 or call from the blue campus emergency telephones located throughout the campus. The dispatcher maintains radio contact with the Public Safety officers and will contact the Sheriff's Department, Fire Department, or ambulance, if needed.

The caller will need to provide his name, the campus location, and a description of the nature and severity of the problem to the dispatcher. For detailed information on emergency procedures, refer to the Campus Emergency Procedures contained in the front section of the University Phone Directory.

54. FACULTY COMMUNICATION RELATED TO PRACTICAL COURSE TRANSITIONS
Faculty members may share student information, academically, clinically and practically, in an attempt to enhance transition from one course to another. Faculty members may communicate essential information to the faculty of subsequent courses for the purpose of placing the student in the best situation for success in the clinical/practical area and classroom setting.

55. FACULTY NOTICES
In extreme situations where students are unable to contact faculty members, or when students may not feel comfortable disclosing personal information to their faculty members, the Dean of Students Office (DOSO) may send a brief email to faculty members notifying them that the student has contacted the Dean of Students and is being connected to the appropriate on and/or off-campus resources. The email will not provide the specifics of the situation, although the student is free to provide faculty with details. To have an email sent to faculty, students should contact the Dean of Students, in person, in room 1229 of the University Center East building or by phone at 812/464-1862. Students will be required to meet with the Dean of Students or Designee; however, in some circumstances when the student is not available, such as because of hospitalization, a Faculty Notice can be requested by telephone or email if the student is unable to come to the office in person. Extreme situations might include serious illness or hospitalization, or a serious illness or death in the family. Extreme situations do not include brief absences due to colds, flu, ill children, or family members, doctor’s appointments, travel or other similar situations.

56. FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
NOTICE OF STUDENT RIGHTS
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

a. The Office of Student Financial Assistance is committed to supporting the University's right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

b. Students should submit to the registrar, dean, head of the academic department, or other appropriate official written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

c. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

d. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a
hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

e. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

f. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

g. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA.

57. FELONY ADMISSION REVIEW PROCESS AND PROCEDURES

The University of Southern Indiana (USI) is committed to increasing access to higher education and supporting all students in their efforts to succeed. USI is also committed to fostering a safe environment in which all members of the University community can thrive. As a part of the admission process, the University asks a series of questions about applicants’ criminal history as it relates to misdemeanor and felony convictions. Having a criminal history is not a bar to admission. There is a process applicants must follow to disclose their criminal history and to undergo review by the Dean of Students and the University CARE Team. The review process includes completing a Misdemeanor / Felony Report Follow-Up Questionnaire, available from the Dean of Students, and meeting with University officials before the enrollment process can proceed. Applicants may be deferred or denied admission if their membership in the University community would be inappropriate or they are under conditions of post-release supervision that make enrollment impracticable. Applicants with current and related legal cases that have not been fully adjudicated may have their admission decision deferred until the conclusion of these legal proceedings.

Being convicted of a felony or being a registered sex offender is not an absolute bar to admission. However, being a registered sex offender does prohibit a student from living in University provided housing. It is also University policy that individuals with past drug-related convictions will not be permitted to live in University-owned property like, but not limited to residence halls and student apartments.

Individuals previously admitted to the University who wish to re-enroll must disclose to the Dean of Students all felony and misdemeanor convictions that occurred since his/her last term of enrollment. Current students with new felony or violent misdemeanor convictions must report each conviction to the Dean of Students during the semester in which the conviction occurs.

Failure to disclose required information at the time of application, re-enrollment, or conviction may result in invalidation of application, immediate suspension or expulsion from the University.

The Felony Review Process may not result in a final determination of an applicant’s acceptance into a particular degree-granting program of the University. For example, some academic programs (like, but not limited to, certain health care programs) may have academic requirements that an applicant may not be eligible to meet based on their legal history. Please direct any related questions to the Department Chair of the specific academic program or major of your interest.

A copy of the decision and final notification concerning action on the application of a felon is sent to the appropriate University offices like, but not limited to, Admission, Graduate Studies, Registrar, Housing and Residence Life, Public Safety and/or the Counseling Center.

Questions and concerns regarding this policy should be directed to the Dean of Students. You may also contact the office by calling 812-464-1862.

Felony Review Process

1. Upon disclosing a past misdemeanor or felony conviction on the University’s admission application, housing contract or any other University document, the applicant or student will be referred to the Dean of Students and sent the Misdemeanor Felony Report Follow-Up Questionnaire to be completed.

2. Once the completed Questionnaire is received by the Dean of Students, the University will gather background information and a meeting will be scheduled with the applicant, the Dean of Students or Designee and other members of the University CARE Team to discuss the applicant or student’s background and current situation.

3. All information gathered will then be shared with the University CARE Team and a recommendation will be made regarding admission to the University.

4. The Dean of Students will make the final decision concerning the applicant [or student’s] eligibility to continue with the enrollment process and any restrictions that may be imposed as conditions required for the [applicant or student] to attend the University. [Let’s talk “applicant” vs. “student”]

5. Restrictions that may be imposed depend on the criminal history and strategies needed to support a student’s successful university experience and may include, but are not limited to:

   a. You must go directly to the Office of Public Safety and sign in with the secretary/dispatcher upon every arrival and departure from campus.

   b. You are not eligible to live or visit campus housing and are not to be on University housing property. Your presence there will be considered trespassing and you may be subject to arrest.

   c. You are not eligible to participate in extracurricular activities. Your presence there will be considered trespassing, and you may be subject to arrest.

   d. Every semester the Dean of Students must approve the specific periods of time you are permitted to be on campus and you must contact the Dean of Students Office to set up a meeting as soon as you enroll in classes for the next semester so that your access schedule can be approved.
e. You must meet periodically and/or as needed with the Dean of Students or Designee, Public Safety or other members of the CARE Team as appropriate.
f. You must obtain permission from the Dean of Students before joining any student organization.
g. You must keep the Dean of Students apprised of any academic field experiences and/or internships you are involved in prior to your involvement.
h. You may not enter the University of Southern Indiana’s Children’s Learning Center. Your presence there may result in your arrest for trespassing.
i. Other restrictions as deemed appropriate by the University.

58. FINANCIAL AID PENALTIES REPORTING POLICY
The University of Southern Indiana (USI) is required to notify each student of the potential penalties associated with drug-related offenses under section 484(r) of the Higher Education Opportunity Act. Thus, a student who is convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance during a period of enrollment for which the student was receiving any federal grant, loan, or work assistance shall not be eligible to receive any federal grant, loan, or work assistance for a specific period of time. The Dean of Students Office will inform the Office of Student Financial Assistance of any student who meets this criteria when/if it becomes aware. For more information, visit http://www.whitehouse.gov/sites/default/files/ondcp/recovery/fafsa.pdf or call the Federal Student Aid Information Center at 1-800-433-3243.

59. FUNDING OPTIONS FOR STUDENTS AND ORGANIZATIONS

Equity and Inclusion Fund

60. GENERAL BEHAVIOR OF STUDENTS
The University of Southern Indiana is charged by the State of Indiana with the responsibility for the development and administration of institutional policies and rules governing the role of students and their behavior. Student Rights and Responsibilities: A Code of Student Behavior contains statements of those University regulations and policies relevant to the academic and co-curricular experience.

The University community is not a sanctuary from the law, and all students of the University are subject to federal, state, and local law. Student Rights and Responsibilities: A Code of Student Behavior, published in this bulletin, forms the basis for student behavioral expectations in the USI community and the greater community at large. The standards of conduct apply to students while on University-owned or -controlled property, when attending University-sponsored events off campus, or when such conduct involves the security or integrity of the University community.

In addition, the University is a forum for the free expression of ideas. The development and enforcement of these standards of behavior is designed to foster students' personal, social, and ethical development. These standards serve to promote the protection of the rights, responsibilities, and health and safety of the USI community, so that its members may pursue educational goals. See http://www.usid.edu/deanofstudents/code.

61. GRIEVANCE AND COMPLAINT PROCEDURES
a. Academic Affairs Student Grievance Procedures
It is the goal of the Student Academic Grievance Policy and Procedure to provide a simple and expeditious process, allowing both informal and formal resolution of conflicts. Resolutions may include student reinstatement or other corrective action for the benefit of the student, but may not award monetary compensation or take disciplinary action against any employee of the University.

Departmental or school procedures, where they exist, must be followed before the University grievance procedure can be initiated; where such procedures exist, the informal procedures as outlined below may be precluded.

A. General Conditions
1. Violation of Policy
   This policy addresses academic grievances only. Academic grievances are complaints brought by students regarding the University's provision of education and academic services affecting their role as students. Academic grievances must be based on a claimed violation of a University rule, policy, or established practice. This policy does not limit the University's right to change the rules, policies, or practices.

2. Not Applicable
   This policy does not apply to conflicts connected with student employment or actions taken under the Board of Trustees policy on student conduct. Complaints concerning judgments of academic performance are not grievances under this policy. Any complaint alleging discrimination in the University/student relationship, including sexual harassment, may be filed with the Office of Affirmative Action.

3. Qualified Students
   Student must have been enrolled at the time of the alleged incident or action that resulted in the grievance in order to file an academic grievance under this policy. Grievances must be filed in a timely manner, as outlined in Section E.

B. Informal Resolution
1. The First Step
   The first step of any resolution should be at the lowest unit level between the student and the faculty member involved or the appropriate administrator. If no informal resolution results at this level, informal resolution may be sought at the departmental level. If the issue cannot be resolved informally, then the complaint may move to the formal level.

2. Judgments on Academic Performance
   Grievances involving an instructor's judgment in assigning a grade based on academic performance must be resolved through the informal resolution procedure.

C. Formal Resolution
1. Student Academic Grievance Committee
   The student Academic Grievance Committee, a composite pool of ten members (five faculty and five students), will be elected in the spring to two-year terms, with graduate faculty and all undergraduate faculty and student members being elected for staggered terms and graduate students elected to one-year terms. The five faculty members will include at least two members of the graduate faculty and three members of the undergraduate faculty. The student members will include three undergraduate students and two graduate students.
   a. Committee Selections
      The Student Government Association will elect two undergraduate student members and one undergraduate faculty
member. The Faculty Senate will elect one undergraduate student and two undergraduate faculty members. The Graduate Council will elect two graduate faculty members. The Graduate Student Advisory Committee will select two graduate students.

Members of the undergraduate faculty and undergraduate students will be elected in odd-numbered years to two-year terms; members of the graduate faculty will be elected in even-numbered years to two-year terms; graduate student members will be selected for one-year terms.

In the event of a resignation, the replacement will be selected by the same representative body as the person resigning.

b. Length of Term
Terms will be for two years, beginning in the fall and ending at the conclusion of the summer III term following the second year of service. Graduate student terms will begin in the fall and end at the conclusion of the summer III term.

c. Eligibility to Serve in the Composite Pool
Faculty must be tenured to be eligible to serve. Undergraduate student members shall have earned at least 45 semester hours at the University, have a cumulative GPA of 2.0 and be in good standing.

Graduate students must be admitted to a graduate program, be enrolled in graduate program classes during the spring term of the pool selection, have earned at least six graduate hours, have a cumulative 3.0 GPA at the graduate level, and be in good standing.

Faculty members must have been at the University full time for at least three years.

d. Meeting Time
The pool shall be convened at the beginning of each fall semester by the provost and vice president for Academic Affairs or his designated representative. At that meeting, members of the pool shall choose the chair and vice-chair and participate in orientation and training.

Only faculty members are eligible to serve as chair and vice-chair. Once chosen, the chair serves in that position for twelve months. The chair serves in a non-voting position, except in case of a tie, with full discussion rights. For each grievance, the chair has the responsibility for selecting hearing panel members and administering the work of the hearing panel.

2. Filing a Complaint
A complaint must be submitted in writing to the dean of the college in which the alleged incident occurred. The complaint should identify the student grievant; the respondent faculty member or administrator; any other person involved; the incident, the rule, policy or established practice claimed to have been violated, and a brief statement of the remedy sought.

3. Preliminary Resolution Procedure
The dean of the college in which the alleged incident occurred will meet with the student and the faculty or administrator involved to determine whether satisfactory resolution can be reached. If this cannot be achieved, the dean shall obtain a written answer from the responding faculty member or administrator and refer the matter to a hearing before a panel of the Student Academic Grievance Committee.

4. Hearing Panel
Hearing panels will be chaired by a faculty member and will be composed as follows: three faculty members (one of whom is the chair) and two student members. If the grievance concerns an undergraduate student, the hearing panel will include at least one undergraduate student. The faculty will include at least two undergraduate faculty.

If the grievance concerns a graduate student, the hearing panel will include at least one graduate student and two graduate faculty.

If the chair of the grievance committee is unable to select a hearing panel member from members of the pool, an alternate member will be appointed to serve on that hearing panel by the chair of the appropriate selection body (Faculty Senate, Graduate Student Advisory Committee or the Student Government Association.)

5. Hearing Panel Responsibilities
The hearing panel will review the evidence and hold hearings as necessary. The hearing will be an informal non-adversarial, fact-finding meeting concerning the allegations. Both the student and the faculty or administrator may be present throughout the fact-finding meeting and may present any relevant evidence. The meeting will not be open to the public.

Deference shall be given to the determination of the lower body; the hearing panel will base its recommendation solely on whether a rule, policy, or established practice was violated. The panel will prepare a written report recommending a resolution to the matter and will send the report to the parties and to the provost and vice president for Academic Affairs for review and action. If the provost and vice president for Academic Affairs does not accept the recommendation, the provost and vice president for Academic Affairs will provide a written explanation of any non-concurrence to the parties involved.
D. Deliberation
   The hearing panel shall deliberate privately at the close of the fact-finding meeting. If a majority of the panel finds the allegations are supported by "a preponderance of the evidence," the panel shall take any action which it feel would bring about substantial justice. The committee is not authorized to award a letter grade or to reprimand or otherwise take disciplinary action against any faculty member.

   The provost and vice president for Academic Affairs shall be responsible for implementing the final decision.

E. Timeliness
   All complaints must be filed within 45 class days after the incident being grieved occurred. "Class days" are defined as days when the University is open for classes or examinations. A response to the complaint must be filed within fifteen class days thereafter. These time lines may be adjusted if there are compelling reasons for delay offered by any of the parties. However, the grievance must still be initiated within the stated time frame of 45 class days after the alleged incident in order for the grievance to warrant review.

F. Complaints Filed with ICHE
   The Indiana Commission for Higher Education, as the federally-designated agency under the State Post-secondary Review Program, records formal complaints registered against institutions. The Commission, for the purposes of this program, only records such complaints when they have been reviewed fully under existing institutional complaint procedures without a satisfactory conclusion. The student should contact:

   Indiana Commission for Higher Education
   101 West Ohio Street
   Suite 550
   Indianapolis, Indiana 46204
   Tel: (317) 464-4400
   FAX: (317) 464-4410

   (Excerpted from the University Handbook, Section III, Faculty and Academic Policies, 7/2/06)

b. Administrative Appeals
   The purpose of the Administrative Appeals Committee is to determine if there is fault on the part of the University in regards to administrative issues. Administrative issues include, but are not limited to, fee refunds or assessments, calendar deadlines, and other relevant student-administrative issues. Appeals must be submitted within two years from the end of the term that is in question. (For example, if a student wishes to appeal an issue from spring 2013, the student has until the end of spring 2015 to submit an appeal for review.)

   If you are asking for an exception to a policy, the student must write a detailed narrative describing why they feel an exception to a University policy should be made. Explain specifically what you are asking for and why you believe your situation should be considered by the committee. To file an appeal, the student must fill out the Administrative Appeal Request form; the form should be typed to ensure legibility. All appeals must be signed by the student. Appeals written by anyone other than the student will NOT be accepted.

   The committee is comprised of University representatives who sincerely want to consider your appeal. Appeals should be regarded as a professional communication between the student and the committee.

   Instructions:
   Use the Administrative Appeal Request Form (PDF) to prepare your appeal. Open the appeal form or save it to your computer. Type directly onto the form, being sure to fill in all required information. Refer to the Administrative Appeal Request Example (PDF) for an illustration of a properly completed form. Print the completed form, then sign and date it, and attach any supporting documentation. Mail, fax, or hand carry the appeal request to the Office of Student Affairs (Wright Administration Building, room 104).

   Please send any questions regarding the Administrative Appeals process to the Appeal Committee.

c. Disability Grievance Procedures
   If you have concerns about any disability related action taken or decision made by a department or faculty member or staff member, you are strongly encouraged to first take your concerns to the faculty or staff member responsible for the decision or action, followed by contact with that individual’s supervisors if needed. In most cases, this process will provide the quickest, acceptable resolution to your concerns.

   If this informal process is unsuccessful or if you are uncomfortable approaching the faculty or staff person, you may contact the Disability Resources Coordinator at 812-464-1961.

   If the problem is still not resolved or if your problem is with Disability Resources, you should contact the USI ADA Coordinator, Doug Goeppner at 812-465-7101 as soon as possible or you may visit that office in person in room FA166.

d. Non-Academic Student Complaint Procedures
   It is the policy of the University of Southern Indiana to comply with all federal and state equal opportunity laws, orders, and regulations relating to race, sex, religion, disability, age, national origin, sexual orientation, veteran status, disabled veteran status and other protected classification.

   If you wish to register a non-academic complaint, you should contact the Dean of Students at 812-464-1862 or visit the office in person in the University Center East, room 1232.
Questions or concerns can also be directed to the Director of Human Resources and Title IX Officer, at 812-465-7115 or you may visit that office in person in room FA166.

62. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)
The Office for Civil Rights enforces the HIPAA Privacy Rule, which protects the privacy of individually identifiable health information; the HIPAA Security Rule, which sets national standards for the security of electronic protected health information; the HIPAA Breach Notification Rule, which requires covered entities and business associates to provide notification following a breach of unsecured protected health information; and the confidentiality provisions of the Patient Safety Rule, which protect identifiable information being used to analyze patient safety events and improve patient safety.

HIPAA defines how health care providers, staff, trainees and students in clinical training programs can use, disclose, and maintain identifiable patient information, called “Protected Health Information” ("PHI"). PHI includes written, spoken, and electronic information and images. PHI is health information or health care payment information that identifies or can be used to identify an individual patient. The Privacy Rule very broadly defines identifiers to include not only patient name, address, and social security number, but also, for example, fax numbers, email addresses, vehicle identifiers, URLs, photographs, and voices or images on tape or electronic media. All University Health Center patients receive a Notice of Privacy Practices, which describes in detail permitted uses and disclosures of PHI and patient rights under the Privacy Rule. For more information, visit the University Health Center in the lower level of the Health Professions building.

63. HEALTH INSURANCE REQUIREMENTS FOR INTERNATIONAL STUDENTS
All international students (F-1 or J-1 visa holders and J-1 dependents) are required to have adequate health insurance while enrolled at the University of Southern Indiana. The University health insurance program offers comprehensive coverage designed for international students who will be billed for the cost of this program at the beginning of the academic year for coverage from August 15 to August 14.

The USI health insurance coverage may be waived if the student already has adequate health insurance. Students must provide an insurance certificate or other documentation in English, showing that health insurance meets the minimum requirements.

Minimum coverage must provide:
- medical benefits of at least $50,000 per accident or illness
- repatriation of remains in the amount of $25,000
- expenses associated with medical evacuation to student’s home country in the amount of $25,000
- a deductible (the amount you pay) not to exceed $500 per accident or illness
- coverage for August-July (for students beginning in fall) or January-July (for students beginning in spring)
- the insurance policy must be underwritten by an insurance corporation having an A.M. Best rating of A- or above, or the endorsement of the student's government.

Contact the director of International Programs and Services if you have any questions regarding this requirement.

64. HEALTH INSURANCE REQUIREMENT FOR RESIDENTIAL STUDENTS
University Health Center Enrollment – All students living in USI housing are required to subscribe to the University health care program. These fees will be added to your University account. Contact the University Health Center at 812/465-1250 with any questions.

65. IDENTIFICATION CARD FOR STUDENTS
A student identification card (called the Eagle Access Card) is provided to each student. Cards can be obtained from the Eagle Access Card Office located in the University Center. A fee of $10 will be charged a student who makes application to replace an Eagle Access Card.

It is against University regulations for any person to alter in any way the information contained on the Eagle Access Card, or to allow the card to be used by another person (whether a student or not). This card must be carried with the student at all times and must be shown upon request. An Eagle Access Card is required for admission to athletic events, participation in intramurals, admission to the USI Recreation and Fitness Center, and to check out materials from Rice Library.

A student who misuses and/or alters an Eagle Access Card, or who fails to present the card at the request of a University official, is subject to disciplinary action under the University’s Code of Student Behavior.

66. IMMUNIZATION NOTICE
All students entering the University for the first time and/or living in University housing must meet the immunization requirements of the University and Indiana Code 20-12-71 enacted by the 2002 Indiana General Assembly. To comply with requirements, you must provide current documentation of the following immunizations:
- Two measles, one mumps, and one rubella (2 MMR vaccines acceptable; first MMR must be given after 1967 and not before first birthday), or a physician’s written statement of immunity to measles and mumps due to having had the infection. You may submit a blood titer as documentation of MMR immunity. The titer must show immunity to rubella, rubella, and mumps. It must be signed by a physician and must show the name of the medical laboratory performing the titer. Students born before January 1, 1957, are exempt from the MMR requirement;
- Tetanus/diphtheria (Td booster) within past 10 years – tetanus toxoid NOT ACCEPTABLE;
▪ Tuberculin skin test (Mantoux only) prior to the start of the first semester at USI, no earlier than six months for American citizens and six weeks prior for international students. Must be administered and read in the United States by a registered nurse or physician within 48-72 hours. Must have the signature of the registered nurse or physician reading the results to be valid.

All students MUST read and sign the Meningococcal and Hepatitis B Risk Acknowledgement Form and return it with the Immunization Form in order to complete the file.

The University has the obligation to protect the campus community from any potential contagious disease. Per state law, all students entering the University of Southern Indiana for the first time and/or living in University Housing must meet the immunization requirements of the University of Southern Indiana Code 20-12-71 enacted by the 2002 Indiana General Assembly. Any student who has a positive TB skin test must have a chest x-ray or a blood test completed and may be advised by the Department of Health to take medication to prevent becoming actively infected and contagious. Students should consult their specific insurance company to determine coverage for the costs of these exams. All students must comply with these requests and students who refuse to take the medication as advised by the Department of Health will be required to meet with the Dean of Students or Designee and their situation will be reviewed on a case-by-case basis to determine potential community impact. This is particularly important for those students living in University housing where disease can spread rapidly. All students must meet the University immunization requirement prior to registration for the next semester or they will not be able to register for classes. Additionally, students who choose not to take the prescribed medication, if needed, may lose the privilege to live in University Housing and/or be on-campus. The final determination will be made in consultation with the University CARE Team, the University Health Center and other appropriate administrators. For the complete immunization policy, please visit http://www.usi.edu/healthcenter/policies/immunization-policy.

Students who are prescribed medication by the Department of Health and fail to take their medication as agreed may be referred to the Dean of Students for the appropriate follow-up. Students will be required to make their own arrangements to pick up the medication directly from the Department of Health. Students who fail to comply with the State and University’s immunization requirement may lose the privilege to live on-campus and face other University measures as appropriate.

For further information contact the University Health Center at 812/461-5285. The documentation must be mailed, delivered, or faxed to the University Health Center prior to the start of the student's first semester at USI. The office is located in the lower level of the Health Professions Center, room 0091. The University Health Center’s fax number is 812/461-5284. More information and a downloadable immunization form can be found online at http://www.usi.edu/healthcenter/policies/immunization-policy or http://www.usi.edu/healthcenter/new-students.

67. MISSING PERSONS POLICY
Reports of missing students should be made to the Office of Public Safety at ext. 7777 (from any campus telephone) or 812-492-7777. The term “missing student” is defined as any University of Southern Indiana student residing in an on-campus student housing facility who is reported missing from their residence for more than 24 hours. All students residing in on-campus student housing facilities have the option as provided by the Office of Housing and Residence Life to identify an individual that the University may contact in the event they become missing for more than 24 hours. The contact information shall be registered as confidential, accessible to only authorized personnel and it may not be disclosed, except to law enforcement personnel in furtherance to a missing person investigation.

The USI Office of Public Safety should be notified immediately when a student who resides in an on-campus student housing facility is determined to have been missing. When a student is reported missing, the Office of Public Safety will make initial inquiries to locate the student.

The Office of Public Safety will:
▪ Notify the contact person if the student has designated on, within 24 hours
▪ Notify the student’s custodial parent or guardian and/or any other designated
▪ Contact the person within 24 hours if the student is under 18 years of age and is not
  ▪ emancipated
▪ Inform the appropriate local law enforcement agencies within 24 hours; and

The 24 hour benchmark may be waived if foul play is suspected and the incident reported to local law-enforcement. The Office of Public Safety will support any missing student investigation by providing appropriate technical support, including photos, campus alerts, schedules and any other information relevant to the search. While students are under no obligation to notify the University they plan to spend time away from their campus residence they are strongly encouraged to share information with family, friends or housing staff when they do so.

68. OUTSIDE SPEAKERS
The University of Southern Indiana considers freedom of inquiry and discussion essential to a student’s educational development. Through open discussion of ideas and exchange of opinions, one can become informed and can test and give expression to his values as they relate to issues concerning him and society.

The University recognizes its responsibility to provide students with opportunities to develop themselves as responsible, thinking individuals. Furthermore, the University endeavors to develop in those students a realization that all citizens have not only the right, but also the obligation to inform themselves about various issues, views, and opinions. The appearance of visiting speakers is encouraged by the University as one means by which members of the University community receive the opportunity to explore a variety of views and opinions.

The University recognizes that any subject or view may be repugnant or distasteful to an individual or group holding divergent views. The University also recognizes that the question of appropriateness is not determined by subject matter as such, but by the method of presentation and extent to which critical examination occurs through disciplined inquiry by faculty and students.
Restraints on activities connected with learning should be held to that minimum, consistent with preserving an organized society in which peaceful, democratic means for change are utilized. Each individual has the right to express ideas and opinions; the individual must, however, recognize that those with different opinions have the same rights. Exercise of rights involves acceptance of responsibility. True to the University's norms of advancing inquiry, a visiting speaker should expect and be prepared for critical examination of his or her presentation.

Unsponsored speakers (defined as those not invited by a recognized University organization or as part of a scheduled University event) are discouraged. To minimize disruption of campus activities and the orderly movements of pedestrian and vehicular traffic, unsponsored speakers are restricted to the lawn area southeast of the Orr Center. On the basis of these premises, the University of Southern Indiana will encourage any University registered student organization, faculty, administrators, or staff to invite speakers to campus. For more information and the complete list of provisions and rules, please refer to the Dean of Students website.

69. PARENTAL NOTIFICATION POLICY (ADOPTED FROM MILLS COLLEGE)
Under federal law and the Family Educational Rights and Privacy Act (FERPA) of 1974, the University of Southern Indiana is subject to a general rule prohibiting disclosure of educational records without a student's permission. This general rule has a number of exemptions responsive to practical, business and legal considerations. The University of Southern Indiana now relies on these exemptions to inform parents/guardians about student problems related to alcohol/drug related violations that are endangering the health of a student or others, exposing a student to disciplinary sanctions or legal liability, or interfering with a student's ability to pursue an education. In acknowledgement of current practices favoring notice to parents/guardians over privacy rights when a student’s health or safety concern is implicated, USI will exercise professional discretion when disclosing information necessary to promote parents/guardians efforts to help their student.

70. RECORD KEEPING OF DISCIPLINARY FILES
The Dean of Students is responsible for record keeping related to disciplinary records. Conduct Hearing Officer(s) will ensure that all sanctions are reported by the date required and will submit aggregate data regarding infractions and sanctions to the Dean of Students for compilation in an annual report. A record of disciplinary procedures and findings will be maintained in the student’s disciplinary file in the Dean of Students Office. Conduct files do not become part of the students’ transcript, but are considered part of the University’s educational record for the student.

In cases in which students are found responsible for a policy violation of University policy and receive a sanction of less than suspension or expulsion, records related to the disciplinary hearing will be retained for a minimum period of seven (7) years from the date of the incident complained of. Student disciplinary files may be retained indefinitely at the discretion of the Dean of Students or his/her designee. Release of information may be restricted by the Dean of Students for good cause, upon written petition. Factors considered in review of such petition shall include:

- The nature of the violation and the severity of the harm resulting from the violation;
- The conduct of the student subsequent to the violation.

In cases where students are found responsible for a policy violation and receive a sanction of suspension or expulsion, students’ disciplinary files will be considered permanent records. A permanent record indicates that student disciplinary files may be retained and disclosed indefinitely at the discretion of the Dean of Students.

Student organizations are considered to have a continuing relationship with the University of Southern Indiana as long as the organization maintains its official recognition status with USI. Records of behavioral conflicts involving student organizations will also be retained for a minimum of seven (7) years following the date of the incident reported.

71. RECORDS, ADDRESS AND OTHER PERSONAL DATA CHANGES
The Office of the Registrar maintains the permanent student academic record. Students may request a copy of their academic record (transcript) from the Registrar. This office also maintains all student demographic data and keeps names and addresses current. All students must report any name or address changes to the Office of the Registrar. Students can update their mailing address(es) as well as telephone numbers, marital status, and emergency contacts online via MyUSI.

72. RIGHT-TO-KNOW & ANNUAL SECURITY AND FIRE SAFETY REPORT (CLERY)
The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, require colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of selected campus crime and fire safety statistics and certain campus security policy statements;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms.
- The statistics must be gathered from campus police or security, local law enforcement, and other University officials designated as “Campus Security Authorities”, who have “significant responsibility for student and campus activities”. To view the report, visit Public Safety’s website.

As required by the Student Right-to-Know and Campus Security Act, the University of Southern Indiana advises its students, staff, faculty, and visitors that the Office of Public Safety is responsible for the collection and distribution of all information relating to criminal activity that may occur on property it owns or leases for educational purposes.

USI's Annual Security and Fire Safety Report includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by USI; and on public property within, or immediately adjacent to and accessible from, the campus. The report
also includes institutional policies concerning campus security, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

The Office of Public Safety is committed to assisting all members of the University in providing for their own safety and security. The Annual Security and Fire Safety Report is available online. To access copies of the campus safety and crime reports, go to Public Safety’s website. Inquiries and requests for a copy of the Annual Security and Fire Safety Report may be directed to the Office of Public Safety located in the Security Building; phone 812/464-1845.

73. SAFETY AND SECURITY – PERSONAL SAFETY AND PRECAUTIONS
The University of Southern Indiana strives to create and maintain a safe and secure environment on all property owned, leased, or managed for official activities. This is achieved in part by providing a 24-hour campus public safety/security force and working closely with the Vanderburgh County Sheriff's Office, Indiana State Police, Perry Township Volunteer Fire Department, and other public safety agencies. In addition to campus protection, Public Safety provides emergency medical response, a campus-wide emergency phone system, security escort service, disabled vehicle assistance, a lost and found, presentation of crime prevention/safety programs, emergency text messaging, and after-hour access to offices and/or residences. Public Safety records and annually publishes the Annual Security and Fire Safety Report which contains statistics on crime and security issues, and provides timely warnings of crimes or incidents that may be considered a threat to the University community.

Public Safety can be telephoned for non-emergency or emergency assistance at 812/464-1845. On-campus emergencies can be reported by dialing 812/492-7777 or campus extension 7777, or calling 9-911.

Personal Safety Precautions and Procedures
Public Safety supervisors and staff have received training in Incident Command System (ICS) and responding to incidents on campus. When an emergency incident occurs that causes a potential threat to campus, the first responders to the location are usually Public Safety staff. If determined necessary Evansville Police and/or Sheriff's Office, Fire, or Medical will be called to assist.

General information about emergency procedures and response is published each year in the Annual Security and Fire Safety Report. When the department receives and confirms information that there is a continuing threat, dangerous situation, or health hazard on campus grounds, the University's Critical Emergency Response Team will be activated. Emergency communications will be initiated.

The University has various systems in place for communicating information, including RAVE, a mass emergency communication system that can send messages to all USI Community members via: cell phone, text message, work phone, email, voicemail, PDA/pages. The USI RAVE Alert system will provide emergency and timely warnings—via email, text message, and voice message—about emergencies, severe weather, and other incidents impacting the University community. Everyone with a USI email address is automatically enrolled in the RAVE Alert program. Log on to your MyUSI account to add your cell telephone number or other numbers would like to receive notifications.

Active Shooter Situation
An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area, typically through the use of firearms.

Coping with an Active Shooter Situation
- Be aware of your environment and any possible dangers.
- Take note of the two nearest exits in any facility you visit.
- If you are in an office [or classroom], stay there and secure the door.
- If you are in a hallway, get into a room and secure the door.
- As a last resort, attempt to take the active shooter down. When the shooter is at close range and you cannot flee, your chance of survival is much greater if you try to incapacitate him/her.

How to Respond When an Active Shooter is in Your Area
1. EVACUATE
If there is an accessible escape path, attempt to evacuate the premises. Be sure to:
- Have an escape route and plan in mind
- Evacuate regardless of whether others agree to follow
- Leave your belongings behind
- Help others escape, if possible
- Prevent individuals from entering an area where the active shooter may be
- Keep your hands visible
- Follow the instructions of any police officers
- Do not attempt to move wounded people
- Call Public Safety at 812/492-7777 or campus extension 7777, or calling 9-911 when safe to do so

2. HIDE OUT
If evacuation is not possible; find a place to hide where the active shooter is less likely to find you.
Your hiding place should:
- Be out of the active shooter's view
- Provide protection if shots are fired in your direction (i.e. an office with a closed and locked door)
- Not trap you or restrict your options for movement.
- When hiding you should:
- Lock the door
Blockade the door with heavy furniture
Silence your cell phone and/or pager
Turn off any source of noise (i.e., radios, televisions)
Hide behind large items (i.e., cabinets, desks)
Remain quiet.
  o If evacuation and hiding out are not possible:
  ▪ Remain calm
  ▪ Dial 911, if possible, to alert police to the active shooter’s location
  ▪ If you cannot speak, leave the line open and allow the dispatcher to listen

3. **TAKE ACTION against the active shooter**
   As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter:
   ▪ Act as aggressively as possible against him/her
   ▪ Throw items and improvise weapons
   ▪ Yell
   ▪ Commit to your actions

How to Respond When Law Enforcement Arrives
Law enforcement’s purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard.

  ▪ Officers usually will arrive in teams of four (4)
  ▪ Officers may wear regular patrol uniforms or external bulletproof vests, Kevlar helmets, and other tactical equipment
  ▪ Officers may be armed with rifles, shotguns, handguns
  ▪ Officers may use pepper spray or tear gas to control the situation
  ▪ Officers may shout commands and may push individuals to the ground for their safety

When officers arrive:
  ▪ Remain calm and follow officers’ instructions
  ▪ Put down any items in your hands (i.e. bags, jackets)
  ▪ Immediately raise hands and spread fingers
  ▪ Keep hands visible at all times
  ▪ Avoid making quick movements toward officers such as holding on to them for safety
  ▪ Avoid pointing, screaming, and/or yelling
  ▪ Do not stop to ask officers for help or direction when evacuating, just proceed in the direction from which the officers are entering the premises

Information to provide law enforcement
  ▪ Location of the active shooter
  ▪ Number of shooters, if more than one
  ▪ Physical description of the shooter(s)
  ▪ Number and type of weapons held by the shooter(s)
  ▪ Number of potential victims at the location

**EMERGENCY**
Dial 812/492-7777 or campus extension 7777, or calling 9-911.

**General Evacuation Procedures**
  ▪ All building evacuations will occur when an alarm sound continuously and/or upon notification by Public Safety.
  ▪ Be aware of all the marked exits from your area and building. Know the routes from your work area. Evacuation routes and building plan location can be found on the Risk Management and Safety website.
  ▪ In case of an emergency, or if directed to do so by Public Safety, activate the building alarm system. This alarm sounds in the Public Safety dispatch room. The Public Safety will immediately call the fire department.
  ▪ When the building evacuation alarms are sounded, or when told to leave by Public Safety, walk quickly to the nearest marked exist and ask others to do the same.
  ▪ Assist the disabled in exiting the building. Remember that the elevators are reserved for disabled persons. Do not use elevators in case of fire, bomb threat, or earthquake. Do not panic. Remain calm.
  ▪ Once outside, move to the assigned clear area that is at least 500 feet away from the affected building(s). Keep streets and walkways clear for emergency vehicles and personnel. Stay with your group in the assigned area and await further instructions.
  ▪ If requested, assist the Public Safety officer and/or the emergency response team.
  ▪ In the event of a declared emergency, a University Command Center will be established; in addition, an on-site command post may be established near the emergency site. Keep clear of the on-site command post unless you have important information to report.
  ▪ Do not return to an evacuated building unless directed to do so by Public Safety.

**Earthquake**
During an earthquake, stay calm and quickly take the following steps:
  ▪ If indoors, seek refuge in a doorway or under a desk or table. Stay away from glass windows, shelves, and heavy equipment. Stay under cover until shaking has stopped, and then be prepared to calmly evacuate the building.
  ▪ If outdoors, move quickly away from buildings, power lines, utility poles, and other structures. Caution: Always avoid power or utility lines to avoid electrocution. Keep streets and walkways clear for emergency vehicles and personnel.
If in an automobile, stop in the safest place available, preferably an open area from power lines, utility poles, and trees. Stop as quickly as safety permits, but stay in the vehicle for the shelter it offers.

After the initial shock, evaluate the situation and if emergency help is necessary, contact Public Safety at 812/492-7777. Protect yourself at all times and be prepared for aftershocks.

Damaged facilities should be reported to Public Safety at 812/492-7777. Note: Gas leaks and power failure create special hazards. Refer to the section on utility failures.

Assist the disabled in exiting the building. Do not use elevator in an Earthquake.

If requested, assist the Public Safety officer and/or emergency response team.

If necessary, an on-site command post will be established near the emergency site. Keep clear of the on-site command post unless you have important information to report.

Do not return to an evacuated building unless directed to do so by Public Safety.

Stay calm. All emergency response efforts will require clear thinking and cooperation from all members of the campus community.

Fire

During a fire, stay calm and quickly take the following steps:

- Know the location of fire extinguishers in your area and know how to use them. Training and information are available through the physical Plant and 464-1729.
- Even for a minor fire that appears controllable, immediately contact Public Safety at 812/492-7777 or activate the building alarms. Then, promptly direct the contents of the fire extinguisher toward the base of the flame.
- For fires that do not appear controllable, IMMEDIATELY sound the building alarms and evacuate the building. If possible, aid others to safety and close all doors to confine the fire and reduce oxygen. Do Not Lock Doors.
- When the building evacuation alarm is sounded, or when told to leave by Public Safety, walk quickly to the nearest marked exit and alert others to do the same thing.
- Assist the disabled in exiting the building. Do not use elevators during a fire. Smoke is the greatest danger in a fire, so stay near the floor where air will be more breathable.
- Once outside, move to an assigned clear area away from the affected building(s). Keep the streets and walkways clear for emergency vehicles and personnel. Stay with your group in the assigned area and await further instructions.
- An on-site command post may be set up near the emergency site. Keep clear of the on-site command post unless you have important information to report.
- Do not return to an evacuated building unless directed to do so by Public Safety.

NOTE: If you become trapped in a building during a fire and a window is available, place an article of clothing (shirt, coat, etc.) outside the window as a marker for emergency personnel. If there is no window, stay near the floor where the air will be more breathable until help arrives. Shout at regular intervals to alert emergency personnel of your location.

First Aid Instructions

In all cases notify Public Safety at 812/492-7777.

- **Mouth-to-Mouth Resuscitation**
  - If you have been trained to do rescue breathing and CPR, proceed as trained.
  - If you have not been trained, seek someone who is trained.

- **Fainting, Unconsciousness, and Shock:** All victims of any illness or injury will need to be treated for shock.

- **Choking**
  - If the victim cannot talk and is having difficulty breathing, apply the chest/abdominal thrust.
  - Fracture and Sprains.
  - Keep victim still.

  - Treat for shock, if necessary, and keep victim still/comfortable.
    - DO NOT MOVE VICTIM
  - Continue to assist the victim until help arrives
  - Look for emergency medical I.D., question witnesses, and give all information to Public Safety.

Tornado
During a tornado or “tornado alarm,” stay calm and quickly take the following steps:

- If indoors, seek shelter in the lowest level of the building. Interior hallways or rooms are preferable. Stay away from windows.
- If outdoors, take cover in the nearest ditch or depression, away from power lines, buildings, and trees. Do not stay in a car or attempt to outrun the tornado.
- After the tornado has passed, evaluate the situation. If emergency help is necessary, contact Public Safety at 492-7777. Be aware at all times of dangerous structural conditions around you.
- Damaged facilities should be reported to Public Safety at 492-7777. Note: Gas leaks and power failures create special hazards. Refer to the section on utility failure.
- Assist the disabled in evacuating the building. Remember that elevators are reserved for disabled persons’ use only. Do not use elevators in case of fire.
- Once outside, move to an assigned clear area away from the affected building(s). Keep streets and walkways clear for emergency vehicles and personnel. Stay with your group in the assigned area and await further instructions.

Utility Failure
In the event of a major utility failure or in case of emergency, immediately notify Public Safety at 812/492-7777.

- Assist the disabled in exiting the building
- Once outside, move to a clear area away from the affected building(s). Keep the street and walkways clear for emergency vehicles and personnel. Stay with your group in the assigned area and await further instructions.
- Do not return to an evacuated building unless directed to do so by Public Safety.

Additional Information and Procedures:
- Always observe preceding steps ‘1’ and ‘2’ whenever the following utility emergencies arise:
- Electrical/Light Failure-All buildings are equipped with an emergency light system that will provide enough illumination in corridors and stairs for safe exiting. It is advisable for your department to also have flashlights available.
- Elevator Failure-If you are trapped in an elevator, use the emergency phone in the elevator to notify Public Safety. Turn on the emergency alarm (located on the front panel) which will also signal your need for help.
- Plumbing Failure/Flooding-Cease using all electrical equipment, including the elevator. Notify the physical plant at 464-1729. If necessary, vacate the area.
- Gas Leak-Cease all operations. Do not switch on lights or any electrical equipment. Remember, electrical arcing can trigger an explosion. Extinguish all flames. Do not use elevator. Notify physical plant at 464-1729.
- Steam Line Failure-Immediately notify the physical plant at 464-1729. If necessary, vacate the area.
- Ventilation Problem-If smoke or odors come from the ventilation system, immediately notify the physical plant at 464-1729. If necessary, cease all operations and vacate the area.

Violent or Criminal Behavior
The University of Southern Indiana is committed to creating and maintaining a safe, secure environment for all members of the USI community. With this in mind, everyone is expected to assist in making the campus a safe place by:

- If you are a victim or are involved in any on-campus violation of the law such as assault, robbery, theft, overt sexual behavior, etc.: Do not take any unnecessary chances.
- Notify Public Safety at 812/492-7777 as soon as possible and provide them with the following information:
74. **SALES AND SOLICITATIONS**

No canvassing, peddling, soliciting, distributing, or posting of any written or printed material by non-University individuals or organizations is permitted on the grounds or in the buildings or on equipment or networks owned/operated by the University without the written permission of the president. Such solicitations that are prohibited include the use of electronic mail and web page solicitations. Any activity in violation of this policy should be reported to the Office of the Dean of Students.

Students and employees are not permitted to solicit, canvas, or peddle any items, distribute or post any unauthorized material within the buildings or through equipment or networks owned/operated by the University or on the grounds of the University without the written permission of the president or designate. Such solicitations that are prohibited include the use of electronic mail and Web page solicitations. Any activity that violates this policy should be reported to the Office of the President.

Approved solicitations include the annual United Way campaign and various Foundation and University solicitations. Other activities may be approved for projects and/or programs that are of direct interest and value to the University. Students and employees may donate as generously as they wish, as the University does not imply any obligation on the part of the individual to contribute. Contributions to charitable and welfare programs and activities are entirely matters of individual discretion.

Sales, solicitations, and distributions are permitted by officially registered campus organizations only if they are for the general benefit of the University and/or the community and have received authorization of the president or a designate. Application for approval for sales and solicitations events (including athletic events and events held in Residence Life areas) may be initiated with the student scheduler. Generally, sales and solicitations are limited to three days in a 30-day period and not more than twice a semester. Authorization to sell on campus does not constitute an endorsement by the University of either the product sold or the service rendered. The University of Southern Indiana and the USI Foundation do not recognize fund-raising efforts using games of chance, such as raffles, door prizes, half-pots, or bingos as methods for raising charitable funds. Neither the University nor the USI Foundation is a qualified organization licensed by the Indiana Department of Revenue, Charity Gaming Division, to conduct such activities. Student groups and University support groups are encouraged to solicit funds in other ways. For information, contact the director of Development.

Sales and soliciting groups or individuals are expected to adhere to the following regulations:

- The use of sound equipment (TV, stereo, amplifiers, and public address system) is restricted; permission to use such must be obtained from Scheduling Services.
- Groups must display a printed sign no smaller than 18” x 24” signifying the name of the organization hosting the sale or solicitation.
- For-profit entities must have a retail sales permit available at the scheduled activity. (A currently-enrolled student representing the sponsoring group or organization must be present at all times.)
- Groups or individuals must have written confirmation for the scheduled event available at the scheduled event.

Space in the University Center may be reserved by a registered student organization. The University Center may be used by registered student organizations for conducting campus-wide elections, distributing literature relating to student organizations, recruiting membership for student organizations, and activities, sales, and solicitations.

Failure to comply with the above policy will result in referral to the appropriate disciplinary process and could result in the loss of solicitation privileges. (See Section 2.25 of **Student Rights and Responsibilities: A Code of Student Behavior** for more information on student organization policies.)

75. **SELF-HARM PROTOCOL**

The University of Southern Indiana (USI) is committed to supporting a positive, healthy and safe student experience. The University’s CARE Team is a cross-functional assessment group, chaired by the Dean of Students, that responds to students in apparent/potential distress. The CARE Team will make an individualized and objective assessment of each student’s ability to safely participate in University programs. Under the purview of the CARE Team, the Self-Harm Protocol’s primary intent is to assist in providing at-risk students with options to address their problems. The protocol includes procedures to respond to suicide threats, suicide attempts and other self-harm ideation, as well as guidelines for when and how to contact family and/or friends during an emergency.

The Incident Response portion of the protocol is intended to provide guidelines for faculty, staff and others to follow in response to suicide threats, suicide attempts and other self-harm ideation involving students living on and off campus. In each case, specific directions guide an appropriate response for particular emergency situations, including appropriate follow-up with the student. Students who are judged to be at significant risk of self-harm should be referred to the Dean of Students who will work in collaboration with the Counseling Center to ensure that such students are directed to appropriate on-campus and local resources. For students who demonstrate a repeated risk of self-harm, a referral will be made to the University CARE Team to help determine the best ways to support the student remaining in school.
Social Media Guidelines

To help you avoid potential issues, we are highlighting some social media good practices, gathered from various institutions important to recognize that these interactions can also result in unintended consequences. At USI, we believe that civility is important and is the result of an intentional choice of all members of the campus community. This is especially important on social media where applications (like, but not limited to Facebook, LinkedIn, Twitter) allow you to interact with others with experiences of others and your own.

These social media guidelines are designed to encourage students and other University community members to share their voice on social media in positive, respectful and healthy ways. Social media platforms can be powerful tools for communication and interactive dialogue and can be used to establish strong professional and personal networks. As a member of the USI community, you are expected to consider how your behavior over social media, can impact the experiences of others and your own.

In response to certain self-harm events the University will notify the person(s) identified in the emergency contact information provided by the student. The decision to notify shall be made in accordance with the University Emergency Response procedures. These procedures also apply to notification in the event of accidental injury, life-threatening illness or the death of a student. The Dean of Students Office is responsible for coordinating notification in collaboration with other University administrators. Incidents requiring emergency notification should only be handled by the Dean of Students or Senior Administrators in the Office of the Provost. Faculty/staff should not contact those listed as emergency contact resources.

Following a medical withdrawal related to self-harm a student must complete the “DOSO Return to Campus Questionnaire” and meet with the Dean of Students or Designee to determine how the student can best be supported making a transition back to classes and campus. In consultation with the CARE Team, the Dean of Students may determine, in some cases, that students cannot be adequately supported while living on-campus and in such cases students may continue to be enrolled at the University but may not reside in campus housing.

76. SEX CRIMES PREVENTION ACT-SEX OFFENDER REGISTRY
Sex Crimes Prevention Act-Sex Offender Registry

The Campus Sex Crimes Prevention Act of 2000 requires sex offenders, when they register with the designated law enforcement agency, to indicate whether and where they are enrolled, employed, or volunteering on a college campus. The registering agency must share that information with the relevant colleges, and the colleges must tell students, faculty members, administrators, and staff members where information on registered sex offenders can be obtained. The Vanderburgh County Sheriff’s Office is the designated law enforcement agency for the University of Southern Indiana.

Indiana Sheriffs’ Sex and Violent Offender Registry

Effective January 1, 2003, Zachary’s Law requires sheriff departments to jointly establish and maintain the Indiana Sheriffs’ Sex and Violent Offender Registry to provide detailed information about individuals who register as sex or violent offenders in Indiana. The registry’s purpose is to inform the general public about violent offenders who live, work, or study in Indiana. The Commonwealth of Kentucky and the State of Illinois sex offender websites are included with the National Sex Offender web site due to their close proximity.

77. SOCIAL MEDIA POLICY

These social media guidelines are designed to encourage students and other University community members to share their voice on social media in positive, respectful and healthy ways. Social media platforms can be powerful tools for communication and interactive dialogue and can be used to establish strong professional and personal networks. As a member of the USI community, you are expected to consider how your behavior over social media, can impact the experiences of others and your own.

At USI, we believe that civility is important and is the result of an intentional choice of all members of the campus community. This is especially important on social media where applications (like, but not limited to Facebook, LinkedIn, Twitter) allow you to interact with others with great ease and speed. However, it is important to recognize that these interactions can also result in unintended consequences.

To help you avoid potential issues, we are highlighting some social media good practices, gathered from various institutions across the country, including Berkeley College, Emerson College, Illinois College, Lake Forest College and the University of Michigan.

Social Media Guidelines

- Be transparent and honest in your online communication but do protect your identity! Don’t share your personal information, user names or passwords.
- If your message would not be acceptable face-to-face or over the phone, don’t post it.
- There’s no such thing as a “private” social media site. Search engines can turn up posts and pictures years after the publication date and comments can be forwarded or copied.
- Social media is not the appropriate place to resolve a personal dispute. If you feel angry or upset during a social media interaction, step away and respond later or contact the individual offline.
- Be respectful of others! Don’t use ethnic slurs, personal insults, obscenity, or engage in any conduct that would not be acceptable with the University community.
- If you make a mistake, admit it.
You could be held liable for the content you publish on blogs, wikis, or other user-generated content; be mindful of copyright infringement, and messages that are unlawful like, but not limited to sexual or other harassment, serious expressions of intent to inflict bodily harm and defamation. Remember, whatever you publish today will be public for a long time so make sure what you post today will not bring negative consequences in the future.

When posting as an individual, make it clear to the audience that you are not representing the University or organization.

78. STUDENT-ATHLETES DISCIPLINARY POLICIES
As with all students, student-athletes are subject to the University of Southern Indiana’s Community Standards of behavior in addition to Athletics’ standards. In addition, their conduct is also subject to NCAA rules and regulations. Student-athletes are expected to know and abide by the University and NCAA standards of behavior. For more information, see the director of Athletics.

79. TOBACCO POLICY
It is the policy of the University of Southern Indiana to promote and maintain a clean and healthy working and learning environment for students, faculty, staff, and visitors. The University expects the cooperation and commitment of all students, faculty, staff, and visitors in maintaining a smoke-free environment and an environment free from smokeless tobacco waste. Smokeless tobacco consists of the use of snuff, chewing tobacco, smokeless pouches, or other forms of loose-leaf tobacco.

The University of Southern Indiana prohibits smoking or the use of tobacco or tobacco products, including E-cigarettes:
- on university-owned, -operated, or -leased property.
- in university-owned, -operated, or -leased vehicles.

The use of tobacco or tobacco products in personal vehicles on university-owned, -operated, or -leased property is allowable. This policy extends to all university property and all campus sports facilities.

Smoking or the use of tobacco or tobacco products, including E-cigarettes or any other devices that use a heating element to vaporize a liquid solution that includes nicotine and/or flavored vapor designed to mimic tradition cigarettes or cigars, is prohibited inside all student housing facilities. This includes resident halls, apartments, common areas, balconies, building entries, and student rooms. Smoking is permitted in designated outdoor areas in student housing.

The University expects full compliance with the Tobacco-Free USI policy. Repeat violators may be referred to the Dean of Students office or the appropriate administrative area for disciplinary action as outlined in the Student Code of Conduct and Employee Handbook. For more about the policy, in effect as of July 1, 2011, see www.usi.edu/tobaccofree. Violations of this policy will be handled through existing processes already in place for students, faculty, and staff. Student violations will be processed under the Student Code of Conduct.

Effective January 1, 2011, smoking cessation programs will be offered to all employees and students at little or no cost to the participants.

80. TRAVEL POLICY
Domestic travel includes travel within any of the 50 states of the United States, the District of Columbia, U.S. Territories and possessions and Puerto Rico. This policy is applicable to all student travel (i.e. sponsored by student organizations and departmental travel in which students are involved).

All University travel must be approved in advance of the trip and before making any financial commitments. Prior travel approval insures the traveler’s supervisor/advisor and/or department head approves of the activity, funds are available for reimbursement of expenses when applicable, travel is allowable with the funding source, and any staff/faculty traveler with benefits is covered under workman’s compensation insurance when applicable. In addition, approved actions while on official travel are actions by a University representative/advisor; without approval the same actions could be considered as those by a private individual for which the traveler could be personally liable.

This policy serves as a mechanism to make certain that the safety and interest of students are addressed. It also provides guidance to increase the likelihood that students will be safe. For more information on student travel visit http://www.usi.edu/studentaffairs/student-travel; the complete Student Domestic Travel Policy is available at http://www.usi.edu/media/1348105/Student-Travel-Policy.pdf.

81. UNIVERSITY PHONE DIRECTORY PRIVACY POLICY
The directory lists names, addresses, and home telephone numbers of all University of Southern Indiana faculty, staff members, and students. Persons who desire to have information omitted from the directory should contact the Office of the Vice President for Government and University Relations.

82. WEAPONS/EXPLOSIVES/HAZARDOUS MATERIALS
The President of the United States in October of 1970 signed into law a crime control bill which makes campus bombings a federal crime. The law allows “the full force of the FBI” to move in to investigate bombing attacks instead of waiting for a request from University authorities. The law also makes it a federal offense to transmit false bomb threats and restricts the sale and possession of explosives. The transfer, possession, use of, or sale of weapons, including, but not limited to explosives, fireworks, and firearms (or other lethal weapons) are not allowed on any University-owned or -controlled property. A student who violates regulations regarding explosives, weapons, and fireworks is subject to disciplinary action by the University. This action may be taken in addition to any civil action. (See Section 2.11 of Student Rights and Responsibilities: A Code of Student Behavior)
83. WHISTLEBLOWER POLICY

Disclosure of suspected misconduct is a responsibility of faculty, staff, and students. Retaliation against those who report misconduct is contrary to University policy. If a member of the University (a "whistleblower") makes an allegation of misconduct in good faith, the University shall, to the maximum extent possible, protect the whistleblower from retaliation by the accused or third parties, including but not necessarily limited to the initiation of disciplinary action against persons who engage in such conduct. If a claim is filed externally with an administrative agency or in a court of law against the whistleblower because of the filing of an allegation under this policy, the University shall retain or authorize the retention of legal counsel to provide a defense and indemnify the whistleblower against any judgments resulting from such action, provided that the whistleblower filed such allegation, or provided testimony relating to such an allegation, in good faith and in connection with his/her employment or enrollment at the University. If an allegation made in good faith results in loss of employment by the whistleblower, or so strains working relations that it is impractical for the whistleblower to continue in his/her original position, the University shall make a good faith effort to find substantially equivalent employment elsewhere in the University.

If a whistleblower makes an allegation that he or she knows, or should know, is not true, or if an allegation is fabricated to harm the accused person, or if an allegation is made maliciously or recklessly, the above protections shall not apply and appropriate disciplinary action shall be taken against the whistleblower.

As a member of the USI community, students have access to a wealth of resources to support your success. Here you will have many opportunities to learn, to grow, and to get involved in an endless variety of opportunities, intellectually, personally and professionally. As with any community, there are rules that have been developed to ensure a supportive and appropriate environment for learning. While these rules pertain primarily to students, they are consistent with the expectations for all members of the USI community.

**USI CREED**

As a member of the USI community...
- I will practice personal and academic integrity; I will reject and confront all manifestations of discrimination while striving to learn from differences in people, ideas, and opinions;
- I will demonstrate concern for others, their feelings, their property, and their need for conditions which support their work and development;
- Allegiance to these ideals requires that I refrain from and discourage behaviors which threaten the freedom and respect every individual deserves.

The University of Southern Indiana is a diverse community devoted to preparing students to become better students. Each member of the community is obligated to a code of civil behavior. If you experience or observe actions on campus that are not in accordance with the USI Creed, please contact the Dean of Students Office at 812/464-1662.

**Student Collegiality**

Students at the University of Southern Indiana (USI) are expected to conduct themselves in a respectful and professional manner. Personal conduct and communication, either directly or indirectly (social media, etc.) with other students, as well as faculty and staff, should conform to the University’s community values and standards. As members of the at-large community, students are encouraged to resolve disagreements through informal, frank, and open discussion. Often conflicts can be lessened, if not resolved, by clearing up misperceptions and misunderstandings. Students are strongly encouraged to try to take care of any related concerns in this manner. However, the University also recognizes that occasionally more formal processes are needed. All such activities, whether informal or formal, must be carried out by all participants within a framework of good faith collegiality and general respect for one another. Students are encouraged to contact the Dean of Students Office, Housing and Residence Life or other appropriate department(s), for assistance or guidance in resolving any concerns or conflicts.
Student Rights and Responsibilities: A Code of Student Behavior

The Student Rights and Responsibilities: A Code of Student Behavior outlines expectations established by the University to foster an environment that is conducive to learning, on—and beyond—the University campus. Please do take the time to review all of these documents in order to understand the values and rules of this community. Again, welcome to the University of Southern Indiana. If there is anything we can do to help you to succeed and to realize your dreams, please let us know.

UNIVERSITY POLICIES

Preface
Higher education plays a vital role in developing future leaders by providing students with educational opportunities both in and outside the classroom. As an institution of higher education, the University of Southern Indiana is a learning community dedicated to excellence. All USI students are presented with rights, privileges, and opportunities by choosing to become a part of the USI community.

In order for USI community members to live and learn in harmony, they must assume responsibility for their actions and respect the rights of others. Students, faculty, staff, and alumni make a commitment to furthering the mission of the University of Southern Indiana.

The University of Southern Indiana expects and requires all of its students upon admission to the University to develop, adhere to, and maintain high standards of scholarship and conduct. The Student Rights and Responsibilities: A Code of Student Behavior is the guiding document for USI community standards, and outlines all rights and responsibilities afforded to USI students.

1.0 Purpose and Application
The University of Southern Indiana is charged by the State of Indiana with the responsibility for the development and administration of institutional policies and rules governing the role of students and their behavior. Student Rights and Responsibilities: A Code of Student Behavior contains statements of those University regulations and policies relevant to the academic and co-curricular experience.

The University community is not a sanctuary from the law, and all students of the University are subject to federal, state, and local law. This document forms the basis for student behavioral expectations in the USI community and the greater community at large. The standards of conduct apply to students while on University-owned or controlled property, when attending University-sponsored events off campus, or when off-campus conduct poses a threat to the University’s educational mission or property or to the health or safety of University community members.

In addition, the University is a forum for the free expression of ideas. The development and enforcement of these standards of behavior is designed to foster students’ personal, social, and ethical development. These standards serve to promote the protection of the rights, responsibilities, and health and safety of the USI community, so that its members may pursue educational goals.

1.1 Student Rights and Responsibilities
The following statement of students’ rights and responsibilities is intended to reflect the base upon which the Student Rights and Responsibilities: A Code of Student Behavior document is built.

Student’s Rights
- A student has the right to participate in a free exchange of ideas, and there shall be no University policy that in any way abridges the rights of freedom of speech, expression, petition, and peaceful assembly in accordance with applicable federal, state, and local laws.
- Each student has the right to be free from discrimination, including harassment, on the basis of race, sex, religion, disability, age, national origin, sexual orientation, or veteran status.
- A student has the right to personal privacy except as otherwise provided by law and University policy and this will be observed by students and University authorities alike.
- Each student subject to disciplinary action arising from alleged violations of the Student Rights and Responsibilities: A Code of Student Behavior will be assured procedural due process. In conduct proceedings, the student will be guaranteed due process.

Student’s Responsibilities
- A student has the responsibility to be fully acquainted with the published Student Rights and Responsibilities: A Code of Student Behavior in its entirety and to comply with the policies as well as all federal, state, and local laws.
- A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
- A student has the responsibility to recognize the University’s obligation to provide an environment conducive to learning.
Student’s Relation to University Community
The University of Southern Indiana, as an institution of higher education, and any division or agency which exercises direct or delegated authority for the institution, has rights and responsibilities of its own, including:

- To provide opportunities for students of the University to present and debate public issues.
- To require persons on University-owned or controlled property to present appropriate identification.
- To establish reasonable standards of conduct for all persons on the campus in order to safeguard the educational process and to provide for the safety and welfare of its students, visitors, and University property.
- To restrict students of the University from using its name, its finances, or its physical and operating facilities for commercial activities, except in cases involving registered student and faculty groups as provided for in policies governing use of the campus facilities and fund-raising activities.
- To provide, for registered student groups of the University, the use of campus facilities under the policies of the campus.

Student’s Relation to External Community
Students attending the University take on responsibilities not only of campus citizenship but also community citizenship. When community standards are not respected and upheld by students, conflicts between students and other community members may result. Such conflicts are destructive to relationships in the community and detrimental to the image of the University, as well as to the reputation of the student body.

Student Employee Responsibilities
When students commit acts that potentially violate this Code while in their capacities as student employees, the University reserves the right to review those potential conflicts with these standards. When viewed as appropriate, the University may pursue resolution of those conflicts under this Code in addition to any other personnel actions that may be taken against the students as employees. *The Dean of Students or his/her designee reserves the right to notify University employers of a student employee’s disciplinary record. Further action may be warranted at the discretion of the employer.

1.2 Outside Speakers Policy Statement
The University of Southern Indiana considers freedom of inquiry and discussion essential to a student’s educational development. Through open discussion of ideas and exchange of opinions, one can become informed and can test and give expression to his values as they relate to issues concerning him and society.

The University recognizes its responsibility to provide students with opportunities to develop themselves as responsible, thinking individuals. Furthermore, the University endeavors to develop in those students a realization that all citizens have not only the right, but also the obligation to inform themselves about various issues, views, and opinions. The appearance of visiting speakers is encouraged by the University as one means by which members of the University community receive the opportunity to explore a variety of views and opinions.

The University recognizes that any subject or view may be repugnant or distasteful to an individual or group holding divergent views. The University also recognizes that the question of appropriateness is not determined by subject matter as such, but by the method of presentation and extent to which critical examination occurs through disciplined inquiry by faculty and students.

Restraints on activities connected with learning should be held to that minimum, consistent with preserving an organized society in which peaceful, democratic means for change are utilized. Each individual has the right to express ideas and opinions; the individual must, however, recognize that those with different opinions have the same rights. Exercise of rights involves acceptance of responsibility. True to the University’s norms of advancing inquiry, a visiting speaker should expect and be prepared for critical examination of his or her presentation.

Unsponsored speakers (defined as those not invited by a recognized University organization or as part of a scheduled University event) are discouraged. To minimize disruption of campus activities and the orderly movements of pedestrian and vehicular traffic, unsponsored speakers are restricted to the lawn area southeast of the Orr Center. On the basis of these premises, the University of Southern Indiana will encourage any University registered student organization, faculty, administrators, or staff to invite speakers to campus and the following provisions:

That the speaker shall not advocate for or incite imminent unlawful activity or engage in activity that constitutes a breach of peace or materially disrupts or interferes with the normal activities of the University; and that the speaker be aware that any personal violation of any federal or state law on the speaker’s part will make the speaker subject to action by the regular civilian authorities administering federal and state laws;

- That following the speaker’s presentation, adequate time be allowed and opportunity provided for questions and criticisms from members of the audience. The speaker must be aware of and agree to this condition;
- It should be made clear to the academic community and the community at large that the presence or sponsorship of a guest speaker does not imply approval, support, or endorsement by the University of the speaker or of the views or ideas expressed by the speaker;
- That a member or members of the sponsoring group be with the speaker to present the speaker and his topic as well as to conduct any question period;
- That to schedule the event properly, to assure adequate facilities, to ensure the necessary publicity, and to assure proper procedure, the sponsoring group wishing to invite a visiting speaker to the University make all arrangements for reserving space with appropriate University officials at least two weeks in advance of the speaker’s appearance (unless the president or his designee waives the time requirement); and
- That violation of the stated policy and procedure subjects the sponsoring group and its members to sanctions as outlined in University policies.

Registered organizations are subject to Student Organizations and Activities Policies (C), of Student Rights and Responsibilities: A Code of Student Behavior.

1.3 Changes to the Code
The dean of students is charged with maintaining and updating of the Student Rights and Responsibilities: A Code of Student Behavior which is updated annually and printed biannually in conjunction with the USI Bulletin. Student Rights and Responsibilities: A Code of Student Behavior also is published in the student planner and on the University of Southern Indiana website.

Any changes to the Student Rights and Responsibilities: A Code of Student Behavior between publication dates will be disseminated to students in the following
2.0.2 Medical Amnesty
The University recognizes the Senate Enrolled Act. No. 274 amendment to the Indiana Code, effective July 1, 2012, which outlines when a person who meets the criteria of the act, is immune from criminal prosecution. When a student is intoxicated or under the influence of drugs/controlled substances and seeks medical assistance, s/he may be granted amnesty from formal disciplinary action by the University for violating alcoholic beverage or drug/controlled substance policies. Upon receiving a report that a student needs medical assistance, University personnel will respond through the Public Safety and officials will use standard procedures for documenting and collecting information for all parties involved. Conduct charges will be deferred and will be dismissed upon successful completion of an approved alcoholic beverage or drug/controlled substance intervention program, leaving the student with no disciplinary record. Failure to successfully complete an approved alcoholic beverage or drug/controlled substance intervention program, as required, will result in the processing of charges and may result in more severe sanctions.

For more information on the Medical Amnesty policy and University procedures, please visit http://www.usi.edu/rfw/aod.

2.0.3 Parental/Guardian Drug and Alcohol Notification Policy
A.1 Background
This policy action was made possible as a result of an amendment to the Federal Educational Rights and Privacy Act (FERPA) in 1998. Prior to this amendment, universities were prohibited by law from releasing disciplinary records of students 18 years of age or older without their written consent. The amendment provides the opportunity, should a university choose, to notify the parents of students under the age of 21.

A.2 Goal
It is the goal of the University of Southern Indiana to expand the partnership between parents/guardians and the University in encouraging students to make healthy, responsible decisions about alcohol and other drugs.

A.3 Details of Notification
If a student under the age of 21 is found responsible for a violation of the University code of conduct drug/controlled substance and/or alcoholic beverage policy, Housing and Residence Life or the Dean of Students will notify the student’s parents/guardians in writing. This notification will detail the fact that the student has been found responsible for an alcoholic beverage or drug/controlled substance violation. The notification is designed to inform parents/guardians that the violation has occurred and to encourage discussion between parents/guardians and their student regarding acceptable behavior in the USI community setting. Written notice will not include specific details of the incident(s), circumstances surrounding the violation(s), or the specific disposition of the case. Parents/guardians interested in specific information are encouraged to discuss the case with their student. If questions remain, parents/guardians are encouraged to contact the notifying office.

A.4 Direct Contact
When there is reason to believe that a student’s health and well-being are in jeopardy or that they have placed other members of the University community at risk, the dean of students or his/her designee may contact the parents/guardians directly.

A.5 Consideration
An integral part of the conduct adjudication process will be the discussion concerning notification of the parents/guardians. Consideration will be given to situations where notification may be detrimental to the student or family.

2.7.1 Initiating or circulating a report or warning concerning an impending bombing, fire, or other emergency or catastrophe knowing that the report is false; making a false report concerning a fire or that a bomb or other explosive has been placed in any University building or elsewhere on University-owned or controlled property; or knowingly transmitting such a false report to an official or an official agency is prohibited.

2.7.2 Wilful failure to comply with orders issued by any University personnel under emergency procedures or directives during a tornado, fire, fire drill, bomb threat, earthquake, or other natural disaster is prohibited.

2.7.3 Tampering with any fire protection sign or device or any other emergency equipment including but not limited to fire extinguishers, fire hoses, smoke/heat detectors, and other alarm systems, for reasons other than an actual emergency, except when done with the reasonable belief that such an emergency exists, is prohibited.

2.7.4 Damaging or attempting to damage property or structures on University-owned or controlled property by fire or any other incendiary device is prohibited.

2.7.5 Acts on or off University property related to the safety and security of the University community and its members, the integrity of the educational process, or the interests of the University.

2.8 Harassment (General)
Harassment is any conduct based on the victim’s actual or perceived identification with a particular protected class or classes that creates an intimidating, offensive, or hostile working or learning environment that interferes with the victim’s work or education, or that adversely affects their living conditions. Such harassment can be physical, verbal, or visual, and can be committed by employers, coworkers, faculty, and students. Statements and/or conduct legitimately and reasonably related to the University’s mission of education will generally not constitute harassment under this policy.

2.8.1 Stalking
For the purposes of this policy, stalking and assault are considered to be distinct forms of harassment. Stalking is generally defined as a course of conduct directed at a specific person or persons that would cause a reasonable person to feel fear for their safety; fear for the safety of others, or suffer substantial emotional distress.

Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Such behaviors and activities may include, but are not limited to:

- initiating non-consensual communication such as face-to-face communication, telephone calls, voice messages, e-mails, texts, letters, notes, gifts, or any other communications that are undesired and place another person in fear
- using online, electronic, or digital technologies to make unauthorized postings of pictures, messages, and/or information about the victim on social networking sites or other internet sites such as bulletin boards, chat rooms, etc.
- pursuing, following, waiting, or showing up uninvited at or near a residence, workplace, classroom, or other places frequented by the victim
- conducting surveillance or other types of observation, including staring or “peeping”, or using Global Positioning Systems (GPS) to monitor a victim
- making verbal or physical threats

2.8.2 Assault
Assault is generally defined as any intentional act involving physical contact or the threat of such contact that places another person in fear of imminent bodily harm, or actually causes physical injury to another person and/or harm to their property. Examples may include but are not limited to:

- engaging in choking, pushing, hitting, slapping, punching, kicking, etc.
- initiating any non-consensual physical contact, regardless of whether it causes an injury

2.9 Sexual Misconduct
2.9.1 Sexual Harassment
Sexual Harassment is unwelcome, gender-based verbal or physical conduct that is sufficiently severe, persistent or pervasive that it unreasonably interferes with or denies/limits someone’s ability to participate in or benefit from the University’s programs and/or services, and is based on power differentials (quid pro quo), the creation of a hostile environment, or retaliation. Examples include but are not limited to:
• attempting to coerce an unwilling person into a sexual or romantic relationship
• subjecting a person to unwelcome sexual attention
• punishing a refusal to comply with a sexual based request
• conditioning a benefit on submitting to sexual advances
• making "jokes" of a sexual nature against a specific individual, or making "jokes" that reference the victim’s physical appearance or style of clothing
  – Such comments that are legitimately and reasonably related to the University’s mission of education (e.g. a class discussion or exercise about examples of discriminatory slurs or jokes, reviews of "sexist" literature or videos, reviews of the history of gender discrimination or sexual abuse, etc.) will generally not be considered to be harassment under this policy.
• stalking (as defined above in this policy)
• bullying based on the victim’s gender

2.9.2 Sexual Violence/Assault
Sexual violence/assault is defined as any intentional touching or physical contact of a sexual nature, or attempt or threat of such touching; that either places another person in fear of imminent bodily harm, or causes or could have caused physical injury to another person; including instances when the victim is incapable of giving consent or is incapacitated. Offenses that meet the definitions found immediately below for rape, sodomy, sexual assault with an object, fondling, incest, or statutory rape are considered to be sexual assault. The absence of a physical injury does not negate or reduce the seriousness of sexual violence/assault. For the purpose of this policy, dating violence and domestic violence (also defined below) are considered forms of sexual violence/assault when the parties are members of the University community. Examples of sexual violence/assault include the following:

• 2.9.2 A: Rape (or attempts to commit same)
  The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
• 2.9.2 B: Sodomy (or attempts to commit same)
  Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
• 2.9.2 C: Sexual Assault With an Object (or attempts to commit same)
  The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
• 2.9.2 D: Fondling (or attempts to commit same)
  The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
• 2.9.2 E: Incest (or attempts to commit same)
  Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
• 2.9.2 F: Statutory Rape (or attempts to commit same)
  Non-forcible sexual intercourse with a person who is under the statutory age of consent.
• 2.9.2 G: Dating Violence
  Physical, sexual, or psychological harm, or the threat of such harm, perpetrated by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined by the victim with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. This type of violence can occur among heterosexual or same-sex couples and does not require sexual intimacy. Dating violence does not include acts covered by the definition of domestic violence found below in (h).
• 2.9.2 H: Domestic Violence
  A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

2.9.3 Sexual Exploitation
Sexual Exploitation occurs when an individual takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses described in this policy. Examples of sexual exploitation include, but are not limited to:

• invading another’s sexual privacy
• prostituting another individual
• making non-consensual videos or audio-tapes of sexual activity
• going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex)
• engaging in voyeurism
• knowingly transmitting an STI or HIV to another individual
• exposing one’s genitals in non-consensual circumstances; inducing another to expose their genitals

2.10 Consent and other Definitions related to Sexual Misconduct

Consent
Consent is clear, knowing and voluntary agreement to participate in a given activity. Consent is active, not passive; silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable, clear permission regarding willingness to engage in (and the conditions of) sexual activity. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity, and previous relationships or prior consent cannot imply consent to future sexual acts. In order to give effective consent,
one must be of legal age.

- **Incapacitation**
  Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the ‘who, what, when, where, why or how’ of their sexual interaction). Sexual activity with someone who one should know to be, or based on the circumstances should reasonably have known to be mentally or physically incapacitated (by alcohol or other drug use, by a state of unconsciousness or “blackout”, or by an apparent or known mental or cognitive disability), constitutes a violation of this policy.

- **Force**
  Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcome resistance or produce consent.

- **Coercion**
  Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive.

The abuse of alcoholic beverages or other substances does not relieve individuals of their responsibilities to themselves or others.

2.11 Weapons/Explosives/Hazardous Materials
The transfer, sale, use of, possession of weapons, including but not limited to: firearms, ammunition, bombs, explosives, clubs, dirks, martial arts weapons, sling shots, bows and arrows, sabers, swords, knives with blades in excess of three (3) inches except kitchen knives used in the preparation and/or serving of food, war souvenirs, incendiary devices, fireworks, paintball guns, pellet guns, BB guns, stun weapons, Tasers, or look-alikes, dangerous chemicals or fuels, or other destructive devices or substances, are not allowed on University-owned or controlled property unless permission for possession and/or use has been authorized by an appropriate University official. Duly-licensed officers of the law are exempt from this policy. For authorization, contact USI Public Safety, phone number 812-464-1845.

2.12 Animals
Animals, defined as domesticated pets, may be brought on campus under the following conditions:

- The animal is part of a classroom demonstration that has been approved by faculty. In such cases, the animal should be brought on campus immediately before the class and removed from campus immediately after class. The animal must be on a leash or in a carrying case when in transit.
- The animal is a “service animal” as defined by current Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, and State of Indiana regulations. Under these laws, a “service animal” is defined as an animal that is specifically trained to do work or perform tasks for the benefit of an individual with a physical, sensory, psychiatric/mental, or intellectual disability; and the work or tasks performed by the animal must be directly related to the individual’s disability. Animals that only provide crime deterrent effects, emotional support, well-being, comfort, or companionship do not fall under the legal definition of “service animal.” The University reserves the right at any time to ask if the animal is required because of a disability and what specific work or task the animal has been trained to perform. The University also reserves the right to require that the animal be removed from the property if it does not meet the legal definition of service animal, if the handler fails to keep it under appropriate control, or if it is not housebroken. An animal meeting the complete and proper definition of “service animal” will otherwise be permitted anywhere on campus that is typically open to students and visitors.
- With permission of the president or his/her designee.
- Animals other than “service animals” may be exercised on exterior areas of campus as long as they are on a leash and are not taken to any areas where an active program or event is occurring.
- In all cases it is the responsibility of the individual(s) bringing any animal to any University owned or controlled property to be aware of state and local immunization and licensing requirements, to fully comply with those requirements, and to assume any and all liability associated with failure to do so. Such individuals are responsible for cleaning up after their animal, for maintaining humane control of the animal at all times, and are financially responsible for any damage that the animal may cause to University property or injuries caused to other individuals.

Student’s residing in University residence halls or apartments may keep animals in their residences only under the following conditions:

- Non-predatory tropical fish are allowed as long as they are well maintained and kept in aquariums holding no more than 20 gallons of water.
- The animal meets the current definition of a “service/assistance animal” as defined by state and federal law and best practices that specifically apply to University housing and residential services for individuals with disabilities. A student may keep a service/assistance animal in his or her dwelling unit on campus as a reasonable accommodation only if the student fully complies with all procedures and responsibilities as described in Section B.25 of this publication.

2.13 Computer-Related Inappropriate Behavior
- Unauthorized use, sharing, lending, or borrowing of an account is prohibited.
- Unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing is prohibited. Violation may subject a student to civil and criminal liabilities in addition to University sanctions.
- Using the computer facilities for purposes other than those for which the account was issued is prohibited.
- Storing game programs on allocated disk space or private tape, except when authorized in writing by the Information Technology director or the director’s designee is prohibited.

Downloading or enabling the sharing of music, movies and other digital, copyright protected files without proper licensing constitutes the theft of copyright protected material and is subject to both civil and criminal penalties. Companies and agencies that monitor computer networks and Internet Protocol ("IP") addresses inform USI when someone on USI’s network is downloading or sharing copyright protected songs, movies and other material. USI is considered an Online Service Provider ("OSP") for the users of its computer network. A student's continued use of the University's OSP computer network implies the student's acknowledgement and acceptance of this policy.

If it comes to the attention of USI that an individual is using USI's computer equipment and/or network access to illegally download copyrighted material, the University will take action to stop such activities. If the University detects peer-to-peer file sharing of encrypted content, this will be treated as if it is copyrighted material, and the University will take action to stop this activity as well. The University takes such action in order to comply with provisions within the Digital Millennium Copyright Act ("DMCA") which limits the liability of the University, as an OSP, for certain copyright infringement liability if the University follows applicable procedures. Additional information on the DMCA can be found at http://www.copyright.gov/legislation/dmca.pdf.

Immediate action by the University will include the immediate disabling of USI network access to all wireless and wired networks and referral to the Dean of Students for disciplinary follow-up. Once the conduct process is completed, whether by the student accepting responsibility or a formal hearing, the Dean of Students will inform the appropriate University offices of the outcome and request that access be reinstated, as may be appropriate.

For the complete University Student Copyright Infringement Policy and a detailed outline of the procedures the University will use to respond to report of potential copyright infringements, refer to the Policies and Procedures Section of the Student Handbook.

The complete University housing policies can be obtained at the Housing and Residence Life Department, or via the web at www.usi.edu/res. See Housing and Residence Life Policies.

Students have the right and responsibility to pursue their educational goals with academic integrity. All members of the university are accountable for their actions in maintaining high standards of academic integrity. Students are responsible for completing academic requirements without action and/or material that violate academic integrity.

3.2 Levels of Violations and Sanctions

A violation of academic integrity is a serious offense subject to sanction. The University of Southern Indiana classifies violations into three levels. Classification of violations depends upon several factors, such as premeditation/planning, dishonest or malicious intent, first-time violator/multiple violations, the academic experience, and the assignment. The classification of violations examines offenses in the context of the situation, facts, and evidence. Therefore, academic integrity violations committed by graduate students often are more severely penalized than the same violation committed by an inexperienced undergraduate student. Violation of academic integrity, even a first offense, places the student in jeopardy of the most severe form of sanction – expulsion from the University.

Levels of violations and possible sanctions are defined as follows.

3.2.1 Level I: Level I violations result from students’ academic inexperience. These types of violations involve a small portion of work not cited or unauthorized assistance/collaboration on assignments, disruptive classroom behaviors, and first violation.

3.2.2 Level II: Level II violations typically result from active dishonesty, facilitation of dishonesty in a significant part of course work, disruptive classroom behaviors, and/or two or more violations.
3.2.3 Level III: Level III violations often involve legal issues, major portion of course, involve repeat offenses, falsification of records, ethics, disruptive behavior, and/or two or more violations.

3.3 Administration of Academic Integrity Policy
The administration of the Academic Integrity Policy is designed to address academic violations, prevent future academic violations, and provide due process. Due process allows violations to be: 1) addressed and resolved in an expedient manner; 2) provide a mechanism for a fair and consistent hearing; and 3) provide a fair and consistent appeals process. The University of Southern Indiana follows the processes outlined below in addressing all academic violations. This process is aligned with the University's Conduct Process as outlined in the Student Rights and Responsibilities: A Code of Behavior. Students who wish to report suspected academic integrity violation by other students should meet with the faculty member to share that information.

3.3.1 Informal Resolution
The first step of any resolution should be at the lowest unit level between the student and the faculty member involved or the appropriate administrator. If no resolution results at this level, informal resolution may be sought at the departmental level. If the issue cannot be resolved informally, then the complaint may move to the formal level. The informal resolution will be documented in the student's academic integrity case file by the department chair.

3.3.2 Formal Resolution
Process
1. When a faculty member suspects a violation or receives a report of an alleged academic integrity violation, he/she organizes evidence of the alleged incident.
2. The faculty member meets with the department chair to discuss the suspected violation. The department chair serves as the academic hearing officer or assigns the case to someone else.
3. If the academic hearing officer determines that there is evidence of a potential academic integrity violation, the department chair, or designee, creates an academic integrity conduct case file.
4. The student is notified of the alleged violation and charges within 10 days, including the hearing time, date, and location. This notification also includes information regarding the student’s rights and responsibilities as outlined in the Student Rights and Responsibilities: A Code of Behavior published in the University’s Student Handbook and which can be found on the Dean of Students webpage.
5. The academic hearing officer (department chair or designee) meets with the student and any witnesses, individually, to discuss the allegations and may ask questions of the alleged student and others. Witnesses may be brought forward by the alleged student or identified by the hearing officer.
6. The student has the right to have an advisor present during the hearing as outlined in the Student Rights and Responsibilities: A Code of Behavior.
7. During the conduct hearing, the student’s rights are reviewed and the evidence of the alleged academic integrity misconduct is shared.
8. At the time of the conduct hearing the student is given every reasonable opportunity to respond to all the facts of the case and to related reports and information as outlined in the Student Rights and Responsibilities: A Code of Behavior.
9. While no specific sanctions are determined during the hearing, the possible range of sanctions may be discussed during the meeting.
10. Generally within 5 business days, the academic hearing officer (the department chair or designee) determines if the student is responsible for violating the University’s academic integrity policy. The academic hearing officer will follow the Standard of Proof definition outlined in the Student Rights and Responsibilities: A Code of Behavior.
11. Upon making a decision, the academic hearing officer (the department chair or designee) generates an outcome letter which describes the alleged violation and charges, summarizes the investigation, and outlines the decision and specific sanctions. The outcome letter also includes information about the University’s appeal process.
12. The appeals process occurs at the academic college administrative level (the Dean’s office) and is consistent with the process outlined in the Student Rights and Responsibilities: A Code of Student Behavior and outlined.
13. Typically, academic integrity cases are heard by an academic hearing officer (department chair or designee), however, a student does have the right to request that the case be heard by the University Hearing Board. The procedure for the Academic University Hearing Board follows the Student Academic Grievance Procedure outlined in the University Handbook and available for review on the Dean of Students website.
HOUSING AND RESIDENCE LIFE POLICIES

B.1 Introduction
It is the mission of Housing and Residence Life to provide a high quality, affordable living environment for members of the USI community that is convenient, comfortable, culturally enriching, and conducive to academic success. As an integral part of USI’s educational efforts and support services, Housing and Residence Life is responsible for the formulation and enforcement of policies reflecting the University’s mission within the residence setting.

The success of the campus living experience depends upon our residents, and it is our hope that all students in housing will take an active role in determining that success. As such, it is expected that all residents will be responsible for their own activities, and the activities that occur within their assigned apartments/rooms.

Any violation of the rules and regulations contained in this section, along with any violation of the Student Rights and Responsibilities: A Code of Student Behavior, may be considered Breach of Contract (Please reference the terms and conditions on the website www.usi.edu/housing and choose “Terms and Conditions” on the left hand side of the menu), (see information about Breach of Contract on the reverse side of your housing contract form). The director of Housing and Residence Life and his/her designee are authorized to cancel any contract of students who are considered to be in breach of contract. Housing and Residence Life professional staff are delegated permission to act concerning cases of misconduct.

B.2 Community Standards and Policies
The following terms and conditions are statements of USI Housing and Residence Life community standards and policies. Violations of any of the following policies may result in contract termination or disciplinary action under the Student Rights and Responsibilities: A Code of Student Behavior.

B.3 Apartment or Residence Hall Room Entry
The University of Southern Indiana reserves the right to enter apartments or residence hall rooms for inspection, cleaning, or maintenance purposes at reasonable times.

B.3.1 Administrative Searches
- Upon approval by the Director of Housing and Residence Life and/or the Director of Public Safety, or their designee, a room can be entered without notice when there is reasonable suspicion to believe a violation of University policy has occurred or is taking place, or to determine compliance with federal, state or local laws. The Director of Housing and Residence Life, Director of Public Safety, or their designees, shall determine the existence of “reasonable suspicion” prior to the room entry.
- Searches may be conducted in the absence of residents.
- During a search, the University may obtain evidence when there is reasonable suspicion to believe that a violation has occurred or is taking place.
- Housing and Residence Life staff will ask any residents present to sign a Consent to Search form. Failure or refusal to sign the form will not prevent University personnel from conducting a search.
- On occasions when outside agencies (police, FBI, etc.) may need to search an apartment or room, University staff are expected to cooperate.

B.3.2 Maintenance
USI Maintenance staff will enter apartments and residence hall rooms in the absence of residents in order to carry out any essential repairs, routine maintenance, and respond to any emergencies.

B.3.3 Access to Apartments/Residence Hall Rooms
Access to apartments and residence hall rooms are granted only to the assigned residents of that location, or to University staff. Access will not be granted to resident’s friends, relatives, or other students by staff.

B.4 Alcoholic Beverages and Other Drugs/Controlled Substances
Behavior that violates the University Alcohol-Related Violations, (See Policy 2.1) and occurring on University housing property to include property adjacent to or surrounding University housing property is prohibited. Campus housing is “dry,” therefore the manufacture, sale, transfer, purchase, transportation, possession, or consumption of an alcoholic beverage to include caffeinated alcoholic energy drinks on University property is prohibited.

- Behavior that violates the University Drug-Related Violations policy (See Policy 2.1) and occurring on University housing property to include property adjacent to or surrounding University housing property is prohibited.

Kegs or other high-volume containers and/or large quantities of alcohol beverages or alcohol beverage containers are prohibited. The hearing officer may use empty containers as well as full containers when determining whether an excessive amount was found. Cohabitation is defined as a person staying in an apartment or suite for more than three (3) consecutive nights, or other patterned behavior that is intended to allow an individual to stay beyond visitation hours. Non-registered guests can be considered as an instance of cohabitation. The resident who allows cohabitation to occur can be held accountable. Students found responsible for a violation of the cohabitation policy may be charged a conduct fine of $50, charged for use of the facility, or charged for each night the non-contracted person spent in residence.

B.9 Cooking (Residence Halls)
Cooking in rooms with an open flame or exposed element is prohibited. Electrical appliances such as electric skillets, woks, electric grills, George Foreman grills, hot pots, coffee makers without automatic shutoff feature, or other appliances that can be used to prepare raw foods are prohibited (with the exception of microwave ovens). Students will be asked to remove the appliance. If s/he fails to remove the item, the University will remove the appliance and store for ten (10) working days. A storage fee will be added to the student’s account. If, after ten (10) days, if the item has not been retrieved by the student, the item will be disposed.

- Nothing may be displayed in windows
- Sidewalk chalk, spirit foam, shoe polish, paints or other methods used for writing on the exterior of the buildings are prohibited.

This includes exterior doors in McDonald East apartment area, the sealed glass sliding doors in McDonald East, residence hall entry doors, residence hall wing doors, or any unattended residence hall suite door or apartment entry door. Any door found propped will result in a disciplinary fine fee. Propped doors that are not attributed to an individual may be prorated among all residents of that building or wing.

B.12 Emergency Protection Equipment

Tampering with emergency protection equipment, including but not limited to University fire protection equipment, evacuation route postings, emergency signs, weather radios, exit lights, fire extinguishers, smoke detectors, and alarm systems, is prohibited. The University is not responsible for stolen or damaged bicycles.

B.19 Personal Property

Housing and Residence Life reserves the right to restrict the use of furniture, i.e., pianos, organs, drums, dartboards, waterbeds, and similar large or potentially disturbing items. Residents may bring/move personal furnishings. Housing and Residence Life assumes no responsibility for anything left in the apartment or residence hall suite upon resident move out. Items left in the apartment or suite will be disposed of at the owner’s expense. Items may not be stored in the furnace closet, stairwells, on balconies, or inner courtyards.

Charges will be assessed to student accounts. If a Housing and Residence Life staff member requests that trash be removed, due to health and safety concerns, the student(s) will have 24 hours to comply with the request. - Residents are responsible for the behavior of their guests. Residents will be charged for any and all violations caused by their guests.
- Guests are prohibited from staying in the apartments or residence halls without the resident. These individuals will be asked to leave by Public Safety officers or Housing and Residence Life staff if found unescorted or unaccompanied in or around University housing property. Fees, fines and/or restitution may be assessed to a student’s account, if there are damages or policy violations the student is found responsible for.

B.25 Service/Assistance Animals for Residents with Disabilities
As part of the University’s commitment to comply with state and federal law and best practices that specifically apply to University housing and residential services for individuals with disabilities, Housing and Residence Life permits the use of service/assistance animals in University residence halls or apartments on a case-by-case basis, on the conditions described under this section.

B.25.1 Request to House Service/Assistance Animal
- A resident student who wishes to use a service/assistance animal in campus housing must notify the Disability Resources no later than sixty (60) days prior to the date prospective housing will be needed. Exceptions to this deadline can be made on a case-by-case basis for those students who are experiencing an unexpected change in their disability status and/or treatment needs.
- A student with a disability who requests to live with a service/assistance animal in University housing will first be evaluated by the Disability Resources as to whether their animal meets the definition for a “service animal” under the American with Disabilities Act (ADA) as described in Section 2.12 of the Code. If the animal does meet that definition, no further documentation will be required for the animal to be approved to accompany the student in University Housing. If the animal does not meet the ADA definition of a service animal, students will then be asked to provide Disability Resources with documentation from the student’s healthcare or mental health provider that clearly documents the following through criteria as established by the Fair Housing Act (FHA): must first provide Disability Resources with documentation from the students healthcare or mental health provider that clearly documents the following three (3) criteria:
  1) That the student has a disability
  2) That the animal is necessary to afford the student an equal opportunity to use and enjoy his/her University residence hall or apartment; and
  3) That there is an identifiable relationship or nexus between the disability and the assistance the animal provides.
*The documentation should be on the health care or mental health provider’s letterhead and signed by the provider in her or his own hand.
- Upon reviewing the student’s documentation, Disability Resources will advise Housing and Residence Life of the student’s request and a conclusion as to whether the documentation warrants approval of a service/assistance animal in campus housing and whether the animal is approved under ADA or FHA regulations.

B.25.2 Animal Behavior
If the animal has a history of dangerous behavior it will not be permitted to reside in campus housing. Once approved by the University, a service/assistance animal may continue to reside in a University residence hall or apartment provided that its behavior, noise, odor, and waste do not create unreasonable disruptions for residents. The University reserves the right to temporarily or permanently exclude a service/assistance animal from University residence halls or apartments if effective action is not taken to control the animal at all times, if the animal’s presence would result in substantial physical damage to the property of others (unless it can be eliminated or reduced by a reasonable accommodation), if the animal’s behavior poses a direct threat to the health or safety of others, or if the animal’s behavior otherwise creates a significant disruption to the environment or operations of the University. Should the animal be permanently removed from the premises, the owner may request permission from Housing and Residence Life to move out of University housing by following the contract release process. Damage to University property caused by a service/assistance animal will be charged to the student’s account. No deposit is required to house an approved service/assistance animal in University housing.
B.25.3 Notifications
The University is committed to respecting and protecting the confidentiality of all students with disabilities. However, given the number of staff persons who are responsible for operating and maintaining campus housing, Housing and Residence Life does share limited information about the presence of a service/assistance animal with University staff on a need-to-know basis. Students with an approved service/assistance animal in University housing will be asked to sign an “Authorization to Release Information” form, and will in turn be provided with a description of the staff/departments that received notification about the presence of an approved service/assistance animal. Notifications may be sent to staff by email or by written memorandum, and will follow the general format of the sample notification below:

“This message serves as notification that in compliance with State and federal law and best practices concerning individuals with disabilities (student’s name) who lives in (address) is permitted to possess a service/assistance animal in campus housing for (semester and year) semester. As such, the student has a (animal type) in the unit. This information is confidential and is being shared with you because you have a need-to-know based on your potential interaction with this student and your responsibility for their living unit in the normal course of your duties or because you supervise an area that includes this student’s living unit. This information must not be shared with others without first consulting with the sender of this message.”

It will be the responsibility of students with approved service/assistance animals in campus housing to notify actual or potential roommates that an animal will be residing in that living unit. Such notifications should occur as soon as possible to ensure that the other students will have a reasonable opportunity to make other arrangements and/or to express their concerns to Housing and Residence Life as described below in B.25.4.

B.25.4 Conflicting Disability or Other Concerns of Those Sharing a Housing Unit
Some people may have conditions such as animal-related allergies reactions or phobias that are substantial enough to qualify as disabilities that qualify for accommodations, or there may be other concerns related to the presence of an animal in campus housing. In these circumstances, Housing and Residence Life will consider the needs of both persons and make a good faith effort to reasonably accommodate all disabilities and student concerns to the extent that circumstances permit. Such accommodations may include, but need not be limited to, relocation to another unit (depending on availability), exchanging living units with another student (depending on the availability of other students willing to make such an exchange), or being released from a campus housing contract with no financial penalty. Students who become aware of the presence of a service/assistance animal in University housing and who believe that they will require such accommodations are encouraged to contact Housing and Residence Life as soon as possible. Depending on the circumstances, the student may be referred to Disability Resources for a determination of the existence of a disability that requires an accommodation.

B.25.5 Student’s Responsibilities

B.25.5.1 Control of the Animal
- The service/assistance animal must be under the control and supervision of the student at all times within the student’s residence hall or apartment. Service/assistance animals may be “exercised” on the exterior grounds as long as they are under the control of the student at all times. Service/assistance animals may not remain in the residence hall or apartment without the student unless the animal is appropriately secured in the bedroom during the student’s absence. Students who are leaving campus for a period exceeding twelve (12) consecutive hours must make prior arrangements to take the animal with them or to board it off-campus for the duration of their absence.
- While not required, students with service/assistance animals in campus housing are strongly encouraged to identify a back-up handler who will care for the animal in case of an emergency, and to provide that person’s name and contact information to Housing and Residence Life. If an emergency situation will result in the animal being under the care of the back-up handler longer than twelve (12) consecutive hours, Housing and Residence Life must be contacted as soon as possible. Emergency situations involving students who have service/assistance animals in campus housing will be dealt with on a case-by-case basis.
- Animals may be “exercised” on exterior areas of campus as long as they are under the control and supervision of the student at all times. However, only animals that also meet the complete and proper federal and state definitions of “service animal” as described below may be taken to the University residence hall or apartment of other students, or to other areas of campus where programs or services are provided (e.g., food service areas, convenience store, classrooms, outside programs/activities, etc.) outside of the student’s own residence.
- The animal is a “service animal” as defined by current Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, and State of Indiana regulations if that animal is specifically trained to do work or perform tasks for the benefit of an individual with a physical, sensory, psychiatric/mental, or intellectual disability; and the work or tasks performed by the animal must be directly related to the individual’s disability. Animals that only provide crime deterrent effects, emotional support, well-being, comfort, or companionship do not fall under the legal definition of “service animal.” Per ADA regulations, the University reserves the right at any time to ask if the animal is required because of a disability and what specific work or task the animal has been trained to perform. The University also reserves the right to request that the animal be removed from the property if it does not meet the legal definition of “service animal,” if the handler fails to keep it under appropriate control, or if it is not housebroken.

B.25.5.2 Care and Cleaning of the Animal
- The student is responsible for making sure that reasonable sanitary standards are maintained everywhere the animal is present.
- The student is responsible for promptly picking up and properly disposing of all animal waste by immediately disposing of the waste in outdoor dumpsters. Animal waste is not to be disposed of in indoor trash receptacles.
- The student is responsible for feeding and watering the animal within all living areas. If the service/assistance animal vomits or becomes incontinent, it is the responsibility of the student to clean waste immediately. Service/assistance animals should be kept clean and free from odor at all times.
- The student is responsible for providing the service/assistance animal with appropriate veterinary medical care on both an ongoing and an emergency basis.
- The student is responsible for being knowledgeable of state and local immunization and licensing requirements for their service/assistance animal and for fully complying with those requirements.

B.25.5.3 Community Living
The student is responsible for assuring that the service/assistance animal does not interfere with the routine activities of University residence halls or apartments. Sensitivity to residents and staff with allergies or to those who fear animals is an important consideration for the student in order to ensure a community environment that supports the individual needs of all who reside and work at the University of Southern Indiana. It is also important for students with approved service/assistance animals in campus housing to notify actual or potential roommates as soon as possible that an animal will be residing in that living unit so that affected students will have a reasonable opportunity to make other arrangements and/or to express their concerns to Housing and Residence Life as described above in B.25.4.
STUDENT ORGANIZATIONS AND ACTIVITIES

C.1 Definitions of Student Organizations

C.1.1. Student Organizations
Student organizations or student committees are groups in which the membership is (1) composed of University students, faculty, and staff; (2) entirely responsible for the conduct of various sponsored activities as well as the daily affairs of the group. Student organizations may extend membership to non-students. The inclusion of faculty and staff is defined in the role of an advisor, not a voting member. The University registers three types of student organizations:

1) A "recognized" University student organization; one that successfully completes the registration requirements and receives annual financial support from University sources; and
2) A "registered" independent student organization; one that successfully completes the registration requirement, engages in sustained activities and/or programs and use facilities on a regular basis, - and receives no annual financial assistance.
3) A "temporary" independent student organization; one that will exist for a specified period of time or has a purpose that has a definite timeline and has completed the appropriate registration requirements. Example includes political campaigns.

C.1.2. Governing Bodies
Residence hall, fraternity, and sorority governing bodies are considered "registered" student organizations and are expected to complete the registration process before facilities other than their own specific living unit can be used. Additional regulations for the establishment and operation of fraternity and sorority groups are available in the Student Development Programs. In order to be a recognized fraternity or sorority at USI, the organization must be affiliated with a national Greek organization and have received approval for inclusion in the fraternal system from one of the Greek governing boards. (Federal law through Title IX permits fraternities and sororities to remain single gender organizations provided there is equal opportunity to join similar organizations.)

C.1.3. University Organizations
Groups such as faculty-initiated academic interest groups, faculty/student governing committees, musical organizations, athletic teams, and theatrical activities are not student, but University organizations. As such, they are directed or chaired by a regular University staff member responsible to the academic or administrative authorities. Membership in University organizations is subject to various internal requirements and regulations. The University staff member, by virtue of his or her expertise, is responsible for directing the organization. Students, however, have the right to participate in the organization’s decision-making process. Registration of such groups is not required; however, they are subject to general University procedures, for example, non-discrimination, fundraising, outdoor event, and license policies.

C.2 Benefits to Student Organizations

C.2.1. "Registered" Student Organizations
Student Organizations registered with the Student Development Programs to receive the following benefits:
- Use University facilities;
- Be listed in University publications and newsletters;
- Use the University name in publicity and press releases;
- Use University logos and trademarks;

When a group of student’s wishes to exist for a specified period of time (no more than 6 months), registration of the group as a “temporary” student organization is required. The Student Development Programs shall rule whether a group should be registered as a “registered” or “temporary” student organization.
- The purpose of the registration procedure is to guarantee that organizations enjoying the above privileges of association with the University do the following:
  - State their purpose, officers, advisor, and activities;
  - Keep with the mission of the University.
- Registration does not imply that the viewpoints of the organization are those of the University.

C.3.1 New Student Organization Registration
A group wishing to be a registered student organization must complete the Intent to Organize process through Student Development Programs. Groups have 90 days to complete the process. The following information must be completed:

C.3.2 Temporary Student Organization Registration

A group wishing to be a “temporary” student organization must complete the Temporary Student Organization Registration Form with Student Development Programs. The following must be completed to receive temporary status:

- Name of organization (no organization shall register a name identical to or closely similar to the name of a currently registered organization nor can the University of Southern Indiana or USI precede any organization name);
- A list of official representatives of the organization;
- Registration attests that the local organization agrees to abide by the Conditions of Membership (C.4):
  - The name of a faculty or staff advisor (part-time faculty and staff qualify as advisors if they are not simultaneously pursuing a graduate degree) and completion of the Advisor Agreement form. In case of severe hardship, the director of Student Development Programs is authorized to waive this requirement for a reasonable period of time.
  - A membership roster;
  - Secure insurance if required by University (sports/recreational clubs and others conducting high risk activities)
  - Complete an organization orientation. If there is any question involving any of the above-stated conditions in the Procedures section, the registration of the group seeking to register will not be completed until it is referred to the Student Development Programs for review.

C.3.3 Fraternity or Sorority Registration.

In order to be a registered fraternity or sorority at USI, the organization must be affiliated with a national Greek organization and have received approval for inclusion in the fraternal system from one of the Greek governing boards, and completed the procedures and requirements for the establishment of social fraternities and sororities. This may be obtained from the Student Development Programs (Federal law through Title IX permits fraternities and sororities to remain as single sex organizations provided there is equal opportunity to join similar organizations).

C.3.4. Student Organization Renewal

To keep the organization’s registration current, it must be renewed in Student Development Programs by the third Friday of the fall semester. This renewal consists of updating names of current officers or representatives, advisor, and any other relevant information, and completing an annual organization orientation. Should this renewal of registration not occur, all privileges extended to the organization will be withdrawn. To renew an organization’s registration, the organization must do the following:

- Complete the student organization registration renewal by updating their OrgSync portal information and submit it to the Student Development Programs.
- Organization advisor must approve OrgSync portal information and complete an Advisor Agreement.
- An executive officer of the organization, must complete the annual organization orientation by the third Friday of the fall semester. The executive officer who completes the orientation must be listed as an executive officer on the organization’s renewal form.

C.3.5 Termination of Organization Registration

The Student Development Programs reserves the right to cancel registration if any organization that fails to observe the understanding outlined in this section. Furthermore, it shall be assumed that an organization is no longer registered if it fails to complete these requirements. Organizations will have 60 days to fill vacant advisor positions. If the advisor position is not filled within 60 days, the organization will lose their recognition until an advisor is identified. Activities of the organization may be limited during the time the organization is without an advisor.

C.3.6. Appeal of Registration Procedures

Decisions concerning registration denial may be challenged by submitting a written statement to the Student Development Programs. The director of Student Development Programs will review the statement in light of the guidelines established herein. If the challenge is validated by the director of Student Development Programs, the organization will be registered. If the challenge is not validated by the director of Student Development Programs, the challenging party may refer the statement directly to the Associate Provost for Student Affairs.

C.4 Conditions of Membership

Student organizations are made up of students, faculty, and staff. They may extend membership to non-students. The inclusion of faculty and staff is defined in the role of an advisor, not a voting member. Student organizations must

- Provide equal opportunity to all students;
- Not discriminate against any member or prospective member because of age, disability, ethnic origin, marital status, race, religious commitment, sex, sexual orientation or veteran status;
- Promote the realization of equal opportunity through affirmative action. Certain groups, such as social fraternities and sororities, governing organizations in single-sex residence halls, and other organizations specifically exempted from Title IX of the Education Amendments of 1972, may rightfully exclude men or women.
the student may then choose to participate or not (taking into consideration the qualifications required by the various activities and organizations). Students must meet a specific cumulative grade point average requirement prior to joining a fraternity or sorority. These specific requirements are found in the Fraternity and Sorority Life Policy Manual. To assume leadership, elective and/or appointive positions, the student must meet the University requirements listed below:

C.5 Eligibility for Co-Curricular Participation
The major concern of the University of Southern Indiana for its students is their academic achievement. One mark of academic achievement is orderly progress toward a degree. Students are encouraged to complete a minimum of twelve (12) hours of course work each semester. Each student is therefore advised to balance a desire to progress in a systematic fashion toward a degree and the desire and ability to participate and/or lead in co-curricular activities. After a student has assessed the abilities and interests he/she may have, the student may then choose to participate or not (taking into consideration the qualifications required by the various activities and organizations). Students must meet a specific cumulative grade point average requirement prior to joining a fraternity or sorority. These specific requirements are found in the Fraternity and Sorority Life Policy Manual. To assume leadership, elective and/or appointive positions, the student must meet the University requirements listed below:

C.5.1 Specific Requirements
The minimum requirements that the University sets for students to assume elective and appointive positions in co-curricular activities include enrollment and continuance in a minimum of nine (9) hours of USI course work, degree seeking status, good academic and student status, and a cumulative grade point average (GPA) of 2.0 or greater. Students must be admitted in good standing to the University to assume elective and appointive positions in their first semester at the University. Additional requirements: Organizations or groups may make, with the consultation of the Student Development Programs, such additional eligibility requirements as they deem necessary. These additional requirements cannot be in conflict with the University policies on discrimination.

C.5.2. Athletic Requirements
NCAA and athletic conference rules will govern participation in intercollegiate athletics.

C.5.3. Compliance Requirements
The above stated requirements must be met in order to:
- Apply or receive consideration for an appointive or elective office;
- Campaign for an elective office;
- Hold an elective or appointive office;
- Receive special honors;
- Receive an appointment to serve on an all-campus (student or faculty-student) committee or governing-organization (RHC, IFC, Panhellenic, etc.), or on the staff of any University or student publication.

C.5.4. Individuals should be aware of their eligibility status at all times. They shall inform the concerned organizations of their status when seeking or desiring to continue in positions of leadership as described above.

C.5.5. Each University or student organization, with the assistance of the advisor, is responsible for compliance with these requirements.

C.5.6. Waiving requirements
Any student who does not meet the aforementioned requirements and is still interested in an appointive or elected position can request a review by the director of Student Development Programs or designated representative. Any student wishing to appeal a decision regarding eligibility to be an officer must do so in writing to the director of Student Development Programs.

C.6 Funding of Registered Organizations
C.6.1. Banking Arrangements
Student organizations may elect to deposit their funds with the University through the USI Business Office into an Agency Fund. If an organization elects to deposit funds off campus they must obtain their own federal ID number and the University’s tax exempt status should not be used in obtaining financial services. Organizations are required to follow all federal, state, and local laws.

C.6.2. Expanding Funds
- Registered and temporary independent student organizations may expend their monies for organizationally related activities. All expenditures are subject to review by the University controller, who retains the right to question the propriety of the expenditure.
- “Recognized” University student organizations expenditure of funds is subject to purchasing policies and regulations.
- Student organizations with University accounts (Agency Fund) must maintain a positive balance. Agency Funds that incur a deficit balance will become inactive until the balance is positive. Organizations may face additional sanctions and loss of privileges.

C.6.3. Student Government Association Allocations
- Registered and temporary student organizations (RSO & TSO) can apply for University funds from the Student Government Association (SGA). All organizations receiving funding must agree to (a) abide by State regulations in all purchasing and budget control activities; (b) expend funds only for University-related purposes; and (c) obtain a University agency fund.
- RSO and TSO funds must be used to promote a diverse array of use, facilitate intellectual engagement, encourage collaboration between students and student groups, and/or foster campus community. All funded program/events must be open to the University and free to all students who pay the activity fee. Applying RSOs and TSOs must meet the following criteria to qualify for RSO and TSO funds:
  - RSOs and TSOs must not discriminate based upon race, color, national or ethnic origin, religion, sex (except for single-sexed social sororities and fraternities and residence halls exempted from Title IX), disability, age, sexual orientation, or veteran status in accordance with federal, state, or local laws.
  - RSOs and TSOs must not knowingly present false documents or information to SGA
- Funding stipulations and regulations are can be found in the USI Student Organization Support Grant Application General Provisions and are subject to change at the discretion of the Student Government Association.
The University of Southern Indiana Alcoholic Beverages and other Drug/Controlled Substance Policies are consistent with the expectation of the group's responsibility and appropriate measures must be employed to prevent or deal with problems and/or violations. Additional responsibilities for social fraternity and sorority organizations regarding activities and events can be found in the University of Southern Indiana Fraternity and Sorority Policies and Guidelines available in Student Development Programs.

C.8 Student Organization Responsibilities for Events Involving Alcoholic Beverages

The University of Southern Indiana Alcoholic Beverages and other Drug/Controlled Substance Policies are consistent with the educational and non-punitive philosophy that governs the Student Rights and Responsibilities: A Code of Student Behavior. The code emphasizes personal responsibility and is intended to facilitate individual student growth and development. To help reduce the incidence and prevalence of alcoholic beverage use that may adversely affect the quality of an individual's experiences at the University of Southern Indiana, abstinence is encouraged. No alcoholic beverages may be brought to or distributed at any event on campus without permission of the University president or his/her designee. Kegs and other containers used for distributing alcoholic beverages are not permitted anywhere on campus or in organized student housing. Students of legal age who choose to drink off campus are expected to handle alcoholic beverages in a low risk manner and behave responsibly. The following procedures have been established to emphasize the shared responsibility of the host organization and individuals attending social events or activities related to an organization when alcoholic beverages are present. These procedures are intended to reduce risks associated with social events involving alcoholic beverages and to assure compliance with University policies as well as state and local laws concerning the use of alcoholic beverages and other drugs/controlled substances.

C.6.4. Provost Programming Grant

The provost has available funds which can be applied for by registered and temporary student organizations, students making academic presentations, and departments within Student Affairs. These programming grants are not to be considered permanent organizational funding. The purpose of the grant program is to provide the opportunity for registered student organizations and departments to present quality programming for the USI community, as well as assist students with their academic endeavors. These funds are intended to be one-time only program grants. The provost will make final allocation decisions.

C.6.5. Unexpended Balances of Inactive Student Organizations

Any student organization that does not register for two (2) consecutive years will have the funds in its University Agency Fund, which is managed by the Business Office, transferred to the provost program grant account unless arrangements have been made with the USI Business Office.

C.6.6. Entertainers, Speakers, and Performers

- Information on acts, both local and national, who may be available for entertainment at social events, is located in the Student Development Programs. It is strongly recommended that any student organization or group wishing to engage entertainment groups contact the Student Development Programs for specific advice as to the contracting procedures. Any registered student organization entering into a contractual relationship must have prior approval from the organization’s advisor before asking for the contract and must have the advisor authorize the contract on behalf of the organization, following all contractual procedures as required by the University.
- Arrangements for speakers and performers are to be made in keeping with the University speaker and performer policy.

C.7 Student Organization Responsibility for Activities and Events

Student groups and organizations planning and carrying out their activities and conducting their affairs bear the responsibility for doing so in accordance with University regulations as well as state and local laws. Student organizations will be held responsible for the behavior of their members or guests when the actions of these individuals evolve from or are associated with the organization or an activity related to the organization. The extent to which an organization will be held responsible for the actions of individual members or guests will be determined in accordance with the following guidelines:

C.7.1. Definition of an Activity Related to an Organization

An activity is considered to be related to an organization when one of the following circumstances exists:
- The activity being sponsored was planned in an official meeting of the organization.
- The activity is a registered event with the University.
- The context of the activity indicated that it was the product of the organization per se. This includes but is not limited to: the activity was held on organization property, the presence of one or more of the group’s officers, the presence of 25 percent or more of the group’s members, promoting or financing the event, or the presence of organized entertainment.

C.7.2. The parent organization shall be responsible for the actions of new members or other subgroups carrying official status.

C.7.3. Events or activities that include numbers of non-members also are the responsibility of the group or organization in question. Appropriate measures must be employed to prevent or deal with infractions and problems involving nonmembers.

C.7.4. Infractions

Each group or organization has the responsibility and is expected to deal with individuals allegedly in violation of University regulations or laws by referring such individuals to Public Safety, the Dean of Students, Housing and Residence Life, and/or the Student Development Programs. Circumstances that do not constitute violation of University policy or law, but that may be violations of organizational regulations may be dealt with internally by the organization.
- Each group or organization is expected to refer such individual(s) to the appropriate University authorities. Public Safety should be contacted immediately for any issue involving public safety. Student Development Programs should be contacted for any organizational-constitution violations. Referral should be made to Student Development Programs and/or the Dean of Students for violations of the Code of Student Behavior and/or University conduct action.
- The group or organization must show good faith in referring individual(s) who may be responsible for violating University policy or any federal, state, or local laws. The degree to which the group or organization carries out this overall responsibility will have bearing on the extent to which it may be held accountable for the actions of the individual(s). Members and non-members of a group at an activity related to an organization are included in the expectation of the group’s responsibility and appropriate measures must be employed to prevent or deal with problems and/or violations.
- When (1) sufficient preventive measures have not been employed and/or (2) action to refer individual cases to appropriate authorities has not been taken, the student organization may be held accountable for violations.
- Additional responsibilities for social fraternity and sorority organizations regarding activities and events can be found in the University of Southern Indiana Fraternity and Sorority Policies and Guidelines available in Student Development Programs.

C.8 Student Organization Responsibilities for Events Involving Alcoholic Beverages

The University of Southern Indiana Alcoholic Beverages and other Drug/Controlled Substance Policies are consistent with the educational and non-punitive philosophy that governs the Student Rights and Responsibilities: A Code of Student Behavior. The code emphasizes personal responsibility and is intended to facilitate individual student growth and development. To help reduce the incidence and prevalence of alcoholic beverage use that may adversely affect the quality of an individual's experiences at the University of Southern Indiana, abstinence is encouraged. No alcoholic beverages may be brought to or distributed at any event on campus without permission of the University president or his/her designee. Kegs and other containers used for distributing alcoholic beverages are not permitted anywhere on campus or in organized student housing. Students of legal age who choose to drink off campus are expected to handle alcoholic beverages in a low risk manner and behave responsibly. The following procedures have been established to emphasize the shared responsibility of the host organization and individuals attending social events or activities related to an organization when alcoholic beverages are present. These procedures are intended to reduce risks associated with social events involving alcoholic beverages and to assure compliance with University policies as well as state and local laws concerning the use of alcoholic beverages and other drugs/controlled substances.
C.8.1. Registration
Any social event with alcoholic beverages that is to be held on by one or more student organizations must be registered. Student organizations register social events with alcoholic beverages through Student Development Programs. All social events with alcoholic beverages must be registered at least two (2) weeks prior to the date of the event and must include proof of liquor legal liability insurance and liquor license from vendor used. Student organizations may be required to have a designated faculty advisor or authorized sponsor present at the event. In addition, a representative from the registering office may meet with the organization leader(s) to plan procedures in accordance with these guidelines for the event. Social events with alcoholic beverages will not be permitted unless complete compliance with these procedures, University policies, and state and local laws can be assured to the best of the ability of the hosting group(s).

C.8.2. Requirements
- It is the responsibility of the sponsoring group(s) to institute measures to assure that alcoholic beverages are distributed only to individuals who are appropriately designated as 21 or over at social events.
- It is the responsibility of the sponsoring group(s) to ensure alcoholic beverages are not distributed to persons who are or appear to be intoxicated.
- It is the responsibility of the sponsoring group(s) to monitor that members or guests of age are not providing alcoholic beverages to underage individuals.
- It is recommended that sponsoring organization(s) only hold events that are by invitation and not open to the general public.

C.8.3. Security
All social events with alcoholic beverages must have sufficient security for the size of the event. If the event is over 100 expected attendees and the vendor does not provide security, the organization is responsible to hire sufficient security.

C.8.4. Violations
If University policies, federal, state, and/or local laws are violated during or as a result of a social event, the sponsoring organization(s) will be considered responsible and held accountable for the violation(s). The group must understand that other potential legal liabilities may also occur for the organization, individual students, officers, guests, and advisors. Littering, infringing upon the rights of others, and abuse of public or private property are also examples of violations of this policy. Other possible violations of University policy will include but are not limited to the following:
- Failure to register functions
- Construction of unauthorized structures
- The failure to use required entrances and exits properly
- The consumption of alcoholic beverages by individuals who are under the legal age

- Exceeding the maximum number of guests at any given time
- Failure to comply with the policies regarding sound system and sound ordinances
- Failure to adhere to clean-up plans
- Failure of responsible members to attend all training sessions if deemed necessary.

NOTE: All organizations should remember that these are minimum standards of care that should be exercised in all social events. Depending on the scope of activities, additional measures may be deemed necessary by the organization/University to ensure a safe and enjoyable activity.

C.8.5. Additional responsibilities and regulations for social fraternity and sorority organizations regarding events involving alcoholic beverages can be found in the University of Southern Indiana Fraternity and Sorority Policies and Guidelines available in Student Development Programs.

C.9. Sales, Solicitation, and Fundraising
Sales, solicitations, and fundraising activities are permitted by officially registered and recognized campus organizations only if they are for the general benefit of the University and/or the community, have received authorization of the president or a designate, and follow University policies. Mass emailing may NOT be used for selling, solicitation, or fundraising activities. The complete University Fundraising Policy may be found at [http://www.usi.edu/giving/fundraising-policy](http://www.usi.edu/giving/fundraising-policy)

C.9.1. Definitions
Sales shall be defined as the sale or offer for sale of any property or service.
- Solicitation shall be defined as the act of making a request or plea for one’s cause or philanthropy and includes the receipt of or request for any gift or contribution.
- Fundraising is defined as the organized activity/event of raising funds and/or property.

C.9.2. Approval Process
- Application for approval for sales, solicitation, and fundraising (including athletic events and events held in Housing and Residence Life areas) must be initiated with Student Development Programs. Approval for all activities must be received prior to beginning these activities. This must occur whether or not you are reserving University space.
- Authorization to sell on campus does not constitute an endorsement by the University of either the product sold or the service rendered. Special rules exist for bake sales. A copy of the Health Department regulations is available at the Scheduling Services. All sales must be conducted in accordance with state law and University policy, including the Food Service policy.
- Donations may be tax-deductible if they go directly to a 501(c)(3) organization. (The USI Foundation is a 501(c)(3) organization, but the University of Southern Indiana is not). Organizations must clearly state if a request for donation is considered tax-deductible or not. All tax-deductible charitable contributions must be processed through the USI Foundation.
- Fundraising activities must not violate state law by including a drawing, raffle, half-pots, bingo, lottery, charity game night, casino night, game of chance, or any scheme for distribution of prizes among persons who are paying for a chance to obtain a prize. Fundraising activities must also adhere to University and USI Foundation policies.
Student organizations wishing to solicit private funds must coordinate this through the USI Foundation. Solicitations cannot be made to anyone on the Honor Roll of Donors or anyone in the Foundation's database without the approval of the Foundation. Organizations should request approval four (4) weeks in advance for any solicitation.

Student organizations are not allowed to conduct sales, solicitation, or fundraising at any athletic events.

C.9.3. Sponsorship Fundraising Policy

- Student organizations may sponsor a company on campus as a way to raise funds for their organization by charging the company for that sponsorship or sharing in profits of sales.
- Every company must be sponsored by a registered student group or organization (referred to as the sponsoring group). The sponsoring group will need to contact the Scheduling Services to reserve space and any necessary equipment. Fundraising companies may NOT make reservations.
- Space is not provided on a sub-lease basis. Sponsoring group must have a representative present for the duration of the function. That representative must be a currently enrolled student from that sponsoring group.
- For-profit entities must have a retail sales permit available at the scheduled activity.
- Reserved space will be limited to three days a week in a 30-day period and no more than twice a semester per company.

C.10 Priorities for Use of University Buildings and Facilities

Officially registered student organizations may use University facilities on a space-available basis to hold meetings or conduct activities consistent with the objectives of that organization.

C.10.1. Definition of Facilities

The facilities of the University include all buildings and grounds owned or leased by the University. Space within the buildings and grounds is of three types (1) Dedicated, (2) Semi-public, and (3) Public.

1) Dedicated – Dedicated space is defined as space used primarily to serve and support the educational, cultural, living, and recreational functions of the University. Although such areas may be used by the public, University functions have priority. Examples of such space are: classrooms, laboratories, libraries, student housing, restricted facilities, and intramural and athletic fields.

2) Semi-public – The semi-public space areas are defined as space available for use by internal and external individuals and groups on a reservation only basis. Normally, non-University organizations will pay for the use of such space. Examples of such space are meeting rooms and lecture rooms in academic buildings and the University Center.

3) Public – The public space areas are defined as those which accommodate traffic flow, and facilities of the University open to the public. These areas are defined to include sidewalks, campus streets and drives, entrances to buildings, lobbies and corridors in classroom and office buildings, and semi-public facilities and common areas in student housing and the University Center.

C.10.2. Use of Facility

A. Dedicated Space – General Instructional Space

1. General classroom areas in academic buildings, including large lecture rooms, are not assigned to any specific academic area. These areas are under the jurisdiction of the Registrar for assignment of regularly scheduled classes. Reservations for meetings, study groups, and other temporary uses by student organizations are to be made by calling the Scheduling Services. Classroom space is released for campus reservation after the first two weeks of class in the Fall and Spring semesters and after one week in the Summer sessions. Anything before this will have to be approved one day prior to the event.

2. General instructional space such as athletic fields, University Center, conference rooms, Physical Activities Center, and the buildings constituting Bent Twig Outdoor Education Area may be reserved by student organizations through the Scheduling Services.

B. Semi-public Space

1. Student Activities Space – General student activities space is available in the University Center. Space for social events, such as dances, movies, organizational meetings, and other activities will be coordinated with the Scheduling Services.

2. Lobby Areas and Other Semi-public Space – Reservations for use of lobby areas and semi-public space areas must be made with and approved by the Scheduling Services. The University reserves the right to deny the use of areas if it is determined that access by the group is disrupting the normal operation of the facility or the University.

C. Public Space

1. General Buildings and Ground Space

   a) Every person with legitimate business at the University has the privilege of free access to public areas of the buildings and grounds during hours when they are open; such hours are determined by the president or his/her designee. These areas include sidewalks, closed streets, entrances to buildings, corridors in classroom and office areas, library reading rooms, and common areas.

   b) The president or his/her designee may deny this privilege of free access to an individual or group which disrupts the normal operation of the University.

D. Reservation of Space

1. Public area space as defined by this policy may be reserved by officially registered student organizations. Soliciting for monetary reasons, or selling, will not be permitted in the public areas except in cases of student groups whose activities are approved through the Scheduling Services or other University organizations as approved by the president or his/her designee.

C.10.3. Right of Use of Space

A. Use of space for purposes other than those for which it has been designated will not be allowed. Neither individuals nor groups will be permitted to interrupt the use of space, after it has been duly assigned, without permission of the president or a University official designated by the president.

B. Users who misrepresent any event or affiliation in order to avoid fees and charges or compliance with the general policies of the University may have reservation privileges suspended or incur additional charges.

C. If, after observing the situation, the person in charge of a facility or function determines that a situation is no longer peaceful and orderly, s/he should:
1. Request, not direct, the individual(s) to desist from activities causing the disturbance and allow a reasonable time for such action to occur. In the event efforts at persuasion fail, s/he should inform Public Safety of the nature of the disturbance and remain on the scene, except for extreme cases, until the Public Safety officers arrive, at which time emergency procedures will be initiated; or
2. Elect, when personal safety or well-being will be endangered by direct involvement with the demonstrators, to inform immediately Public Safety, who will in turn implement approved emergency procedures.

D. Agencies coming to the campus to recruit students for employment must make reservations for space and schedule with Career Services and Internships. Personal interviews will be scheduled with Career Services and Internships or in semi-public areas if the facilities of the office do not accommodate the demand.

C.10.4. Reservation Procedures
The following procedures apply to reservations requested by officially registered student organizations:

A. Scheduling should take place sufficiently in advance of the using date to permit necessary adjustments and arrangements. Two weeks is the normal time required for activities requiring special services. It is expected that major events will be scheduled as far in advance of the activity date as possible.

B. Indoor Space: Those requesting a reservation of an indoor University facility/room should contact the Scheduling Services and follow any policies and procedures established for that site.

C. Outdoor Space: Those requesting a reservation of an outdoor University facility/room must complete a reservation form and submit the form to the Scheduling Services and follow any policies or procedures for that site.

1. If the attendance for the event is expected to be 200 or greater and there will be amplification of sound, the group must also submit a Proposal for Outdoor Event/Activity, a budget, and timeline to the Scheduling Services sixty (60) days prior to the event. Scheduling Services shall forward copies of the reservation and the Proposal for Outdoor Event/Activity to Student Development Programs, Public Safety, and other appropriate offices for approval. The organization must also schedule a meeting with a program advisor in Student Development Programs. This meeting must occur at least sixty (60) days prior to the event. If event approval is granted, the group must complete paperwork and requests at least thirty (30) days prior to the event. The group may meet as necessary with Scheduling Services and the program advisor in Student Development Programs. Once approved, Scheduling Services will notify the reserving organization.

2. Approval of outdoor activities will be based upon the impact to the educational process and other events already scheduled.

3. Events involving the use of amplification must add a standard clause on all contracts, which will give the sponsoring organization the right to request the artist/provider to reduce the volume output. All contracts must be approved by Student Development Programs. All technical riders must be approved by Scheduling Services.

4. The student organization scheduling the outdoor program is accountable for the performance and volume output of the participating artists and/or individuals. If requested by an appropriate University official, the responsible student organization designee will be expected to reduce the volume output. Failure to do so may result in immediate termination of the scheduled event and subsequent use of USI grounds by the sponsoring organization and artists involved.

5. Outdoor events may require security. This cost will be the responsibility of the sponsoring organization. Public Safety will determine such security requirements in conjunction with Student Development Programs and Scheduling Services.

6. Arrangements for set-ups (including but not limited to staging, electrical needs, tables, chairs, portable restrooms), teardowns, cleaning, and damage repairs are at the expense of the sponsoring organization. Physical Plant in conjunction with Student Development Programs and Scheduling may estimate the associated costs.

7. Any event that will be providing/selling food or items must abide by the USI Fundraising Policy for Student Organizations and/or any Board of Health requirements/policies.

8. All proposals for outdoor events must have a contingency plan in the event of bad weather or other unforeseen circumstances.

9. Event must be approved before publicity for the event is distributed.

10. University of Southern Indiana and Student Development Programs are not responsible for charges incurred by sponsoring organization (including but not limited to Physical Plant charges, off campus vendors, food service, or contracted obligations).

D. Approval Subject to Review: At all times, any reservation approval is conditioned upon full compliance with all University policies and all reservation requirements. The University reserves the right to disapprove the request of any entity that fails to comply with University policies or federal, state, or local laws, or which has damaged University facilities at any time.

C.10.5. Additional Facility Use Policies

A. Alteration of University Property: Alteration or physical modification of property owned or leased by the University is not permitted. To prevent damage to University infrastructure, Physical Plant must approve the erection of tents or any temporary structures.

B. Decorations: The organizer must have decorations approved and/or facilities inspected for safety in advance by Physical Plant or the facility official. Decorations, displays, or exhibits that require flame or water cannot be used in University buildings. All candles must be battery operated. Open flame candles are prohibited. Painters tape may be used to hang decorations on painted walls. The use of cellophane tape, glue, staples, thumbtacks, or adhesive is not permitted on the walls, ceilings, doorframes, doors, columns, or staging for attaching any material. No tape is allowed on wood surfaces. Angel hair, glitter, confetti, and straw are also prohibited.

C. Property Damage: Any group or individual that causes damage to University property must pay any charges necessary to return the property to its original state; University employees, students or organizations also may be subject to disciplinary action.

D. Organizer Arrangements: The organizer shall be responsible for addressing issues such as special power requirements, access to restrooms, adequate waste receptacles, and inclement weather sites. Many campus buildings are closed after hours and on weekends/holidays; therefore, power and restrooms are not readily available. If waste receptacles are overflowing after an event, the requester/sponsoring group will be charged the additional cleanup costs incurred by the department that operates the facility/outdoor space. The organizer shall be solely responsible for any and all costs arising from or relating to any event and by requesting to use University facilities agrees to pay all such charges. Arrangements for audio-visual or other equipment and special set-up must be requested 72 hours in advance for the event.

E. Events held on campus involving food must follow the University Food Policy, which can be obtained from Scheduling Services.

F. Publicity, handouts, etc.: All publicity, handouts, printed materials, etc. are governed by University policies and procedures.

G. Information Tables: Requests to use information/display tables on campus will be honored, for student organizations and University departments. Scheduling Services will make all arrangements.
C.10.6. Sound Regulations

A. Noise Disturbances to be Avoided: University entities and non-University entities must respect others’ rights by not creating noise disturbances on the campus or around residences. B. End of Semester Policy: Outdoor events which could create noise disturbances on campus will not be approved after the last day of classes through the end of finals each Fall and Spring semester.

C. Notification to Others: Event organizers are responsible for notifying parties potentially affected by their event sound levels or activities.

In order to qualify for exception to this policy, you must obtain a commercial grade grill and make arrangements to have the grill inspected and approved by the Risk Management and Safety 10 days before the event. The exemption only applies to grills; smokers and turkey fryers are not exempt from the policy.

10. A fire extinguisher is required at every event using a gas grill. (Fire extinguishers are furnished on all Sodexo/USI Food Services grills.) Fire extinguishers must be serviceable, fully charged, and inspected or “tagged” by an authorized fire equipment distributor within the past year. Fire extinguishers cannot be taken from any University building or structure and used to meet the requirements for grilling operations. Separate extinguishers must be obtained for this purpose. If the fire extinguisher is used, the Public Safety must be notified and a report of incident filed.

11. Public permanent in-ground charcoal grills are provided throughout campus for use by University students and organizations.

12. Users of charcoal grills on campus must adhere to the following:

   e) Embers and ash from the grills must be disposed of in an approved metal container labeled for charcoal disposal located near the permanent grills.

   f) Paper trash must be removed from the grill area and disposed of in appropriate trash receptacles; paper or trash of any type is not to be placed in the coal disposal container.

   g) All users must leave grills in a generally clean condition. Cleaning fees may be imposed on anyone leaving grills in a soiled condition.

C.10.6. Sound Regulations on Campus and Respect for Others

A. Noise Disturbances to be Avoided: University entities and non-University entities must respect others’ rights by not creating noise disturbances on the campus or around residences. The sound regulations apply to outdoor campus events that may potentially cause noise disturbances regardless of whether or not amplified sound is used (e.g., outdoor music performances).

A. All minor violations will be handled by Student Development Programs and will not require an initial review.

B. In a minor violation case, the alleged organization’s leadership (ie. President and other officers when appropriate) will have a preliminary meeting with the designated staff member from Student Development Programs, here after referred to as the Administrative Hearing Officer. At this time the accused student organization is made aware of the University disciplinary process, the nature of the complaint and alleged violations, and the range of sanctions possible for that type of offense. The student organization is also given an opportunity at this preliminary meeting to respond to the complaint. Based on the information available, the Administrative Hearing Officer may:

1. Dismiss some or all of the alleged violations
2. Continue the investigation into the alleged violations to determine if the allegations have merit
3. Refer the alleged violations to the Dean of Students if the findings from the preliminary meeting elevate the alleged violations to a moderate or major offense.

E. If the student organization is charged with violation(s), the organization is also informed of his/her options in adjudicating the violation(s), including one of the following:

1. To plead responsible for the violation. The organization therefore requests an informal resolution in lieu of a hearing and will have sanctions determined at that time by the Administrative Hearing Officer.
2. As part of an informal resolution, the Administrative Hearing Officer may impose appropriate sanctions up to and including probation but not suspension or withdrawal of recognition. The Administrative Hearing Officer may recommend and refer an organization suspension or withdrawal of organization recognition to the Dean of Students.
   a) If any organization pleads responsible, but does not agree to the determined sanctions, the organization may appeal.
   b) By pleading responsibility and accepting the terms of the determined sanctions, a student organization forfeits its right to appeal.
3. To plead NOT responsible for the violation and request a formal hearing. In the case of moderate offenses, the Administrative Hearing Officer may choose to hear the case or to refer the case to the Dean of Students. Cases that are major in nature and scope, or where the violations may result in more serious sanctions, will be referred to the Dean of Students.

F. Student organization cases referred to a formal hearing will be conducted by the Dean of Students. All evidence shall be submitted to the Dean of Students for review. The student organization will be given the opportunity to present witnesses or other evidence to support their claims. The Dean of Students will determine responsibility and, if necessary, assign appropriate sanctions within the scope of the violation and past conduct history of the organization.

G. Written notice indicating the finding of the hearing and sanctions will be presented to the organization’s leadership. Sanctions are limited to the collective student organization(s); individual violations are referred to the Dean of Students.

H. Student organizations have an opportunity to appeal the decision of the Dean of Students (in Moderate and Major violation cases) and Student Development Programs (in Minor violation cases).

1. All appeals of student organization disciplinary decisions must be directed to the online form. All appeals request are submitted via the online Appeals Form which will be available through Maxient at http://www.usi.edu/deanofstudents/code within three (3) business days.
2. All submitted appeals request will be received by the Dean of Student Office. The Dean of Students office will forward any student organizations appeals to Director of Student Development Programs for any informal resolution case as appropriate.
3. For informal resolution cases, the Director of Student Development Programs will serve as the primary appeals officer, unless the Director has served as the Administrative Hearing Officer. When the Director has served as the Administrative Hearing Officer on a case, the Associate Provost for Student Affairs will serve as the primary appeals officer.
4. For formal resolution cases, the Dean of Students will serve as the primary appeals officer. The Provost/Designee will serve as needed.

I. All written materials will be retained in the Dean of Students for a minimum of seven years and then destroyed and/or at the discretion of the Dean of Students, which becomes a matter of permanent record.

**UNIVERSITY CONDUCT PROCESS**

4.1 **Purpose**

This document establishes complaint resolution procedures in order to better serve students, faculty, and staff. The purposes of the complaint resolution procedures include:

- To provide for the education and personal growth of the student;
- To provide for fair inquiries concerning alleged violations of the **Student Rights and Responsibilities: A Code of Student Behavior**;
- To determine through fair procedures whether or not any individual student has actually violated a regulation in the **Student Rights and Responsibilities: A Code of Student Behavior**;
- To allow for consideration of extenuating or mitigating factors where a violation has been found to exist; and
- To determine a conflict resolution that will be appropriate and will also help the student involved make a positive contribution to the University community.

The focus of the complaint resolution procedures shall be to determine whether a student is responsible or not responsible for the violations of which the student is accused.

4.2 **Student Rights and Due Process in the Conduct Process**

4.2.1 **Violation of Policy**

A student is considered to have violated the **Student Rights and Responsibilities: A Code of Student Behavior** when the student:

- Admits to his/her responsibility for a violation; or
- Is found responsible for one or more provisions of the **Student Rights and Responsibilities: A Code of Student Behavior**.

4.2.2 **Conduct Process**

Students alleged to have violated any University policy, including student organization and Housing and Residence Life policies, will be subject to the University Conduct Process. See Section B for University housing policies and Section C for student organizations and activities policies. In situations where an outcome is likely to yield sanctions of suspension or expulsion (see Section 4.6.1) from the University, a pre-hearing will be scheduled to review the conduct process and review the applied charges.

4.2.3 **Presentation of Information Relevant to the Complaint Resolution Process**

Charged students and complainants will be given every reasonable opportunity to present their information, including questions and presentation of additional testimony, during the complaint resolution proceedings. Students have the right against self-incrimination.
4.2.4 Standard of Proof
The standard of proof will be “more likely than not” University policy has been violated. That proof need only show that the facts are more likely to be so than not so. Evidence, when considered and compared with that opposed to it, has more convincing force and produces in the hearing body’s mind the belief that what is sought is more likely true than not true (Journal of College and University Law).

4.2.5 University Advisor
The student and the complainant each have the right to an advisor. The student’s advisor must be a member of the University community—student, faculty, administrator, staff, coach, recognized University affiliate, etc. The role of the advisor is to provide support and to assist in preparing for the hearing. Since the complaint resolution process is not a civil or criminal court hearing, the advisor’s role is not that of an attorney representing you. This person may not address the hearing officer or hearing board or ask questions of any witnesses. For assistance in securing an advisor, contact the Office of the Dean of Students.

4.2.6 Witnesses
Witnesses, including the student accused of violating policy, are permitted in all complaint resolution proceedings. Witnesses may present information on behalf of the student or the complainant. It is the responsibility of the student or the complainant to secure their witnesses or witness statements. Witnesses may be questioned by the conduct officer or hearing board members, by the complainant and by the student. Witness(es) will be asked to provide information concerning only the violation(s) being adjudicated. Since the complaint resolution process does not have the authority to subpoena, witness statements may be submitted in place of having witness(es) present during the hearing.

4.2.7 Conduct Process Environment
All hearings are closed to the public. Only individuals involved in the situation may be present. Involved individuals may include:
- Conduct officers and/or hearing board members
- Student accused of violating University policy
- Advisor
- Witnesses*

* Witnesses will remain only for the duration of their own testimony.

4.3 Initiation, Investigation, and Disposition of Complaints

4.3.1 Documentation/Reporting Alleged Violations of University Policy
Any alleged violation should be reported as soon as possible following the discovery of the suspected inappropriate behavior. Any potential violations of University policy may be reported in the following manner:
- A report may be filed with USI Public Safety
- A report may be filed with the USI Housing and Residence Life
- A report may be filed with the USI Dean of Students

Any student, faculty, staff member, or guest of the University of Southern Indiana may officially report an alleged violation of University policy as outlined in the Student Rights and Responsibility: A Code of Student Behavior.

4.3.2 Notification
Generally within ten (10) working days of receipt of the complaint, the dean of students or his/her designee will notify charged student. This notification will include:
- The nature of the alleged inappropriate behavior.
- The date, time, and place of the alleged inappropriate behavior.
- The source of the complaint.
- A summary of information to be presented.
- The date, time, and place of the hearing.
- The sanction(s) applicable if found responsible for a violation of the Student Rights and Responsibilities: A Code of Student Behavior;
- A description of the preservation and the release of information from the conduct record; and
- A notice that a decision will be made in the student’s absence if the student chooses not to appear at the hearing, and failure to appear will be considered in reaching a decision whether or not the behavior code has been violated.

4.4 Student Behavior Resolution Procedures

4.4.1 Conduct Authority
The Dean of Students is charged with the development and administration of the University of Southern Indiana student conduct process. Under the supervision of the Dean of Students, the following individuals will be charged with the execution of conduct proceedings:
- Assistant Dean of Students
- Director of Housing and Residence Life
- Assistant Director of Student Conduct/Housing and Residence Life
- Director of Student Development Programs
- Additional staff members in the University community as deemed appropriate and as trained by the Dean of Students or his/her designee

4.4.2 University Hearing Board
This board is comprised of two students in good standing with USI, one University faculty member, one University administrator, and the dean of students or his/her designee to serve as the hearing board chair. These individuals are appointed and trained by the dean of students. When the University hearing board is convened, the dean of students or his/her designee will comprise the board as stated above by members of the University hearing board pool:
- Five students residing in University housing
- Five students who live off campus
- Three faculty members
- Three administrative staff members
4.4.3 University Conduct Process

In cases involving potential suspension or expulsion from the University, the student may request a hearing before the University Hearing Board (see 4.4.2).

Most complaints are resolved via the administrative hearing process. An administrative hearing involves the student, the administrative hearing officer, and any other individuals necessary to determine whether the student is responsible for a violation of University policy. Advantages of an administrative hearing include a more timely resolution of the conflict and the involvement of fewer individuals.

An administrative hearing also may become necessary for those times when the full University hearing board is unable to meet. In such instances where the University hearing board would normally be convened, the dean of students or his/her designee will conduct the administrative hearing.

4.4.4 Administrative Hearing Process

- Students will meet with one of the individual professional staff members designated to conduct University student complaint resolution proceedings. Members of the University hearing board will not conduct administrative hearings.
- Student rights will be reviewed by the hearing officer with the student.
- Charges will be reviewed with the student. At this time, students can indicate whether they believe they are responsible for the policy violation(s) or not responsible for the policy violation(s).
- A student will be given the opportunity to present his/her version of events to the administrative hearing officer and respond to any of the materials associated with the violation.
- The administrative hearing officer may ask questions of the student and any witnesses. The administrative hearing officer will deliberate over the information and will make every attempt to reach a decision within five (5) business days from the date of the meeting as to whether or not the student is responsible or not responsible for the violation(s).
- The student will be notified of the outcome in writing. Any sanctions associated with the outcome will be included in the written notification.
- The appeals process will be outlined and included in the notification of outcome.

4.4.5 University Hearing Board Procedures

- A student will meet with the University hearing board.
- Charges will be reviewed with the student. At this time, the student can confirm whether he/she pleads responsible for the policy violation(s) or not responsible for the policy violation(s).
- A recording of the hearing is made for the purpose of retaining a verbatim record of the proceedings.
- The University representative bringing charges against the student will present his/her testimony to the University hearing board.
- The student will be given the opportunity to respond to the charges and to present materials associated with the violation.
- The University representative and accused shall have the opportunity to present witnesses/witness statements to the University hearing board.
- The University representative and accused may summarize evidence and testimony through closing statements.
- The University hearing board will deliberate over the information and reach a decision generally within five (5) business days as to whether or not the student is responsible or not responsible for the violation(s).
- Students will be notified of the outcome in writing by the chairperson of the board. Any sanctions associated with the outcome will be included in the written notification. Additionally, the appeals process will be outlined and included in this notification.

4.4.6 Conflict of Interest

No member of the hearing board or no conduct officer who has a conflicting interest in a particular case may conduct a conduct hearing for said situation. Hearing board members and conduct officers with conflicting interests must recuse themselves from the proceedings. Either the student or the complainant may challenge a member of the hearing board or a conduct officer in writing with the dean of students. In cases where the Dean of Students’ involvement is questioned, the challenge would be forwarded to the Associate Provost for Student Affairs.

4.5 Findings

An administrative hearing officer or the University hearing board will reach one of the following findings at the conclusion of the hearing:

- **Charges Dropped**: If the alleged conflicts prove to be unfounded, no action will be taken against the student. All written materials will be retained for a minimum of seven years and then destroyed.
- **Not Responsible**: The finding of the facts of the case found that it was NOT “more likely than not” that the student was responsible for the violation(s). No action will be taken against the student. All written materials pertaining to that charge will be retained for one year and then destroyed.
- **Responsible**: The finding of the facts of the case found that it was “more likely than not” that the student was responsible for the violation(s). Sanctions, restrictions, and/or stipulations can be imposed (see 4.6). All written materials will be retained for a minimum of seven years and then destroyed, except in the case of suspension or expulsion and/or at the discretion of the Dean of Students, which becomes a matter of permanent record. See also sections 4.6-4.9.

4.6 Sanctions, Restrictions, and Stipulations

4.6.1 Sanctions

Sanction(s) is/are a consequence(s) placed upon a student when responsibility for a violation(s) of specified University policy(ies) has been determined. In assigning a sanction(s) for inappropriate student behavior, the presiding entity will consider:

- Facts of the case as presented by the accuser(s) and the accused,
- Type and severity of offense,
- Degree of involvement by accused, extenuating circumstance, and
- Previous incidents of inappropriate behavior committed by the individual(s) accused.
Restrictions and stipulations are concurrent actions which may be imposed by the administrative hearing officer or the University hearing board in addition to a sanction.

- Educational Requirements: A provision to complete a specific educational requirement designed to promote the education and development of the student while maintaining the integrity of the academic environment. The provision will be clearly defined. Such educational requirements may include but are not limited to meeting with University staff, completion of an alcohol education program, reflection paper, reports, behavioral agreements, etc.
- Community/University Service: A student may be assigned to complete a specified number of hours of community/University service.
- Restitution: A student may be required to repair or pay the cost for the repair or replacement of any property damaged by the student. This sanction can be imposed by itself or in addition to other sanctions.
- Confiscation: Goods used or possessed in conflict with USI policies, including but not limited to falsified information or identification, will be confiscated and may not be returned to the student.
Restriction of Access/Removal from University Housing: A student or other person(s) may be removed from and/or have access restricted to specified campus facilities, or portions of specified campus facilities, including relocation in, or removal from Housing and Residence Life facilities, for a specific period of time.

Loss of privileges: A student may be denied certain privileges. Examples include, but are not limited to:
- Be an active participant in and/or to be in attendance at any or all public events sponsored by USI or by student, and/or
- Represent USI in specified matters, and/or
- Hold office in any or all USI registered organizations, and/or
- Visit with guests during regular Housing and Residence Life visitation periods, and/or
- Receive institutional financial aid, and/or
- Participation in extra or co-curricular activities, and/or
- Employment at the University.

Participation in a Specific Program: A student may be required to participate in a specific program(s), such as counseling, public service, and alcohol and/or other drug education program, an educational class, or other program participation as assigned. Failure to participate as directed may result in the imposition of additional sanctions, including suspension or expulsion.

4.6.3 Offenses Motivated by Bias
Any offense that is motivated by bias may result in stronger penalties. An offense motivated by bias is any offense wherein the accused intentionally selects the alleged victim because of the alleged victim’s race, creed, color, religion, national origin, gender, age, marital status, sexual orientation, public assistance status, or inclusion in any group protected by federal, state, and local law.

4.7 Appeals
Students found responsible for a violation of the Student Rights and Responsibilities: A Code of Student Behavior may appeal. An appeal from any decision, either administrative hearing or University hearing board, must be made in writing within two business days following the date the hearing record notification is assigned and notice is received by the student. The University Disciplinary Appeal Form can be found at http://www.usi.edu/deanofstudents/code.

Under Title IX of the Education Amendments of 1972 and the Violence Against Women’s Act the complainant may appeal in cases of sexual violence (Sexual Misconduct).

4.7.1 Format of Appeal
An appeal shall be written and contain the student’s name, the date of the decision or action, and the reason(s) for the appeal. The appeal letter must specify in detail one or more of the following bases for appeal:
- Student’s/student organization’s rights were violated as a result of failure of due process (specify right believed to have been violated),
- Decision is arbitrary (no basis in University policy for decision) or capricious manner (the finding is against the substantial weight of the evidence),
- Significant new evidence is available that could change the outcome, and/or
- The appropriateness of the sanction is inconsistent with University community standards.

4.7.2 Suspension of Original Sanction Pending Appeal Review
A properly-filed notice of appeal suspends the imposition of sanctions until the appeal is decided, unless, in the discretion of the dean of students, the continued presence of the student on the campus poses a serious threat to themselves or to others, property, or to the normal operation of the University.

4.7.3 Individuals Reviewing Appeals
The appeal will be reviewed by the appropriate appellate officer. For administrative hearing appeals, the following system is used:
- For appeals of decisions by University housing hearing officers, the appeals officer will be the assistant director of student conduct or designee.
- For appeals of decisions by the assistant director of student conduct, the director of Housing and Residence Life will review the appeal
- For appeals of the assistant dean of students, the dean of students will hear the appeal
- For appeals of the University hearing board, the dean of students will review the appeal.

4.7.4 Appeal Review Process
The appellate officer will review the written letter of appeal from the student and determine if one of the basis for appeal is present. If it is, a hearing of the appeal will be granted. The appellate officer shall review:
- The response from the hearing officer/body.
- Materials presented at the original hearing, and if available the recorded transcript of the hearing.

Appeals shall be decided upon the record of the original proceedings and upon the written briefs submitted by the parties. Decisions of the conduct bodies will be given great deference by the appellate decision maker. After reviewing these materials, the appellate officer may decide to do one of the following:
- Affirm the finding and the sanction imposed.
- If specified errors occurred, remand to the original decision makers to reverse the error, change the procedures, consider new evidence that could not have been discovered by a properly diligent accused before or during the original hearing, substitute new adjudicators, or otherwise repair the grounds that gave rise to the appeal.
- Affirm the finding and reduce, but not eliminate or increase the sanction if found to be grossly disproportionate to the offense.
- Cases may only be dismissed if the finding is held to be arbitrary and capricious.

A crucial point in the appeals process is the shifting of the burden of proof. At the initial hearing, the burden of proof lies with the complainant. Once there is a finding of responsibility, the burden shifts to the petitioner. The decision on the appeal will generally be made within ten (10) business days of receipt of the appeal, but may take longer during University recesses or in the event of complex cases.

4.8 Student Behavior Records
In accordance with the Family Educational Rights and Privacy Act (Public Law 93-380), conduct records are considered to be “educational record” and all student behavior records are confidential and may not be disclosed in whole or in part except as provided by law or by the written authorization of the student. This
disciplinary record will be separate from the student’s academic record, but will be considered a part of the student’s educational record and will be retained in the Dean of Students and/or other offices as authorized by the dean of students. Students have the right to inspect and review the materials contained in their conduct record subject to office procedures.

When a student is expelled from the University, the Dean of Students shall request of the Registrar the placement on the student’s permanent academic record the words “May Not Register.”

4.9 Student Behavior Record Retention and Destruction

4.9.1 Sanctions Less than Suspension or Expulsion

In cases in which students are found responsible for a violation and receive a sanction of less than suspension or expulsion, records related to the hearing will be retained for a minimum period of seven (7) years from the date of the incident. Student disciplinary files may be retained indefinitely at the discretion of the dean of students or his/her designee. Release of information may be restricted by the dean of students for good cause, upon written petition. Factors considered in review of such petition shall include:

- The present demeanor of the student;
- The conduct of the student subsequent to the violation;
- The nature of the violation and the severity of the damage, injury, or harm resulting from it.

4.9.2 Suspension or Expulsion

In cases where students are found responsible for a violation and receive a sanction of suspension or expulsion, students’ disciplinary files will be considered permanent records. A permanent record indicates that student disciplinary files may be retained indefinitely.

4.9.3 Student Organization Records

Student organizations are considered to have a continuing relationship with the University of Southern Indiana so long as the organization maintains its official recognition status with USI. Records of behavioral conflicts involving student organizations will be retained for a minimum of seven (7) years following the date of the incident with the Dean of Students, or his/her designee.
