Your Employer will sponsor your plan and select your individual annual maximum dollar level, of which the benefit accumulation period is the Plan year. Your employer will also collect your portion of the premiums via payroll deduction and define eligibility requirements. You may not add, drop or change coverage during each contract period unless a change of family status or employment termination occurs. All Plans are issued subject to certain general exclusions, limitations and restrictions, such as frequency and age limitations. These exclusions, limitations and restrictions as well as a comprehensive listing of all covered services by ADA code, are described in the Employer group contract and your Member handbook. Copies of these materials are available on the HRI website or by calling HRI at 800.727.1444. Employer group acceptance is not guaranteed. Approval of coverage is contingent upon underwriting acceptance. This plan does not meet minimal essential coverage requirements for pediatric dental services as part of the Essential Health Benefits in accordance with the Affordable Care Act (ACA) provisions.

Health Resources, Inc. • PO Box 659 • Evansville IN 47704-0659
Your member ID card indicates whether your plan includes orthodontic coverage and the lifetime maximum benefit level.

Procedures listed herein are payable at 50% by Health Resources, Inc. (HRI) up to the lifetime maximum benefit. Benefits are paid on a payment cycle as determined by your Employer’s Master Group Contract or Administrative Services Agreement.

Limited Orthodontic Treatment
Comprehensive Orthodontic Treatment
Interceptive Orthodontic Treatment
Treatment to Control Harmful Habits

1. Claims for orthodontic procedures are payable only until the covered dependent reaches the employer group’s maximum dependent age & whether or not treatment has been completed or lifetime maximum orthodontics benefits have been paid.
2. Initial orthodontic claims must be submitted by the dentist. Quarterly updates must then be verified by the dentist after treatment is initiated.
3. Benefit payments for orthodontic services are IN ADDITION to the maximum annual benefit payments for non-orthodontic services.
4. Benefit payments stop when plan coverage ends, even if total payments have not reached the lifetime maximum & whether or not treatment has been completed.
5. To receive maximum benefit, patient must be in active orthodontic treatment a minimum of two years while covered by an HRI plan.
6. A lifetime maximum benefit is the maximum amount HRI will pay in orthodontic benefits to a covered person during that individual’s lifetime. Once an individual has exhausted his/her lifetime maximum benefit under any HRI plan, additional charges will be excluded.
7. The dentist providing orthodontic services must identify to HRI when orthodontic services began, the estimated total time for treatment, and the total cost for treatment.
8. Benefits may be paid even if orthodontic services began before dental coverage. The total cost for treatment will be divided between two periods:
   a. Period #1: the date treatment started to the date dental coverage began (this cost will NOT be covered);
   b. Period #2: the date dental coverage began to the date when treatment should be completed (this cost will be covered for the time REMAINING in the treatment program).

Payments are subject to the limitations previously described.

This plan does not meet minimal essential coverage requirements for pediatric dental services as part of the Essential Health Benefits in accordance with the Affordable Care Act (ACA) provisions.
