

Job Description:

Preston will do a vast amount, and a good variety of work while at Christmas Lake Golf Course. Some examples, but not limited to include, learning to run the pro shop, checking in golfers, checking out customer orders, running the computer, booking tee times, learning to make an employee schedule, marketing of golf and products, social media aspects, and learn the process of hosting a collegiate golf tournament (teams, pairings, organization, tickets, other prep work). I look forward to becoming the supervisor of Preston and to watch his progress throughout his semester.
