

Easter Seals Group Home (Westwood, Mt. Vernon)

Link to job description <http://www.easterseals.com/in-sw/who-we-are/careers-at-easter-seals/new-job-opportunities---/group-home-split-shift.html>

Our goal at the home is to help them reach more independent living. We have 7 mentally (some physically) handicapped men living at the home. We assist them on tasks such as eating with silverware, folding/putting away clothes, counting money, brushing teeth, cleaning around the house and other everyday activities. Once they master a task, they progress to a more difficult goal.

Some of my daily responsibilities include:

- Administering medication
- Practicing goals with each client
- Preparing meals/cleaning the home/laundry
 - Including the clients in this to help them learn
- Stretch out the legs of the men in wheelchairs when they lie down, rub hands/arms of the men with cerebral palsy
- Do exercises with all of the clients and do what their therapists require of them
