SANE
CLINICAL SKILLS REFRESHER

Featuring hands-on skills review, case studies and mock examinations on live patient models precepted by experienced examiners.

Who would benefit from attending?

- Nurses who need a refresh on forensic techniques
- Nurses who do not see a lot of forensic cases
- Nurses who haven't worked a case for awhile
- Nurses who previously completed didactic training but haven't attended clinical skills training in quite some time
- Any SANE who would just like to gain more case experience to maintain competency
