

Clinical Simulation Center: SimCapture® Processes

Kinney College of Nursing and Health
Professions

Beth Thompson, MPA

Carly Andrews, MHA, CHSOS

Objectives

- What is SimCapture®
 - Where to login
 - How to activate your faculty/staff account
- How to locate your course in SimCapture®
 - How to view, edit, make simulation scenarios, or evaluations
- How to view the Clinical Simulation Center (CSC) calendar
 - How to make a reservation request
 - How to make a supply request
- How to start or watch a recording session

What is SimCapture®

SimCapture® is the cloud-based simulation management platform the Kinney College of Nursing and Health Professions CSC utilizes.

- Capture and Recording
 - Multi-camera capture- Each CSC patient room and both nurses' stations have two pan tilt cameras and a microphone
 - Patient monitor and simulator data-JTECH for each patient monitor, bedside workstation on wheels, and medication cabinet computer
 - Mobile Camera App- Any iPad or smart phone can be turned into a SimCapture® mobile camera
- Simulation Center Management
 - Real-time capacity insights and usage reports
 - Inventory management with built-in equipment and tracking
 - Scheduling management capabilities for rooms, resources, and staff

Where and How to Login

Navigate to <https://usicnhp.simcapture.com/> and sign in via SSO using your myUSI user information.

- Create a shortcut for SimCapture® directly on your myUSI Dashboard
- Follow the link on the CSC webpage
- Create a bookmark on your browser
- When you log in for the first time you are activating your account, and you must inform CSC staff so you can be assigned the faculty role.

Navigating SimCapture®: Sessions

- Sessions can be viewed two ways, by selecting the camera (Sessions) Icon on the SimCapture® homepage or through the course scenario.
- Sessions can be released to students through the course agenda.
 - Once in the course agenda (calendar) select “+Release Scores”
- To start a new session recording, click the “START NEW SESSION” button of the location (CSC patient room) you would like to record, found on the SimCapture® homepage.
