## **Introduction**

Charter Schools are independent, state funded, public schools that are open to all students. Students do not pay tuition to attend these schools. The purpose of charter schools as defined by [IC 20-24-2-1](#) is the following:

- (1) Serve the different learning styles and needs of public-school students.
- (2) Offer public school students appropriate and innovative choices.
- (3) Provide varied opportunities for professional educators.
- (4) Allow public schools freedom and flexibility in exchange for exceptional levels of accountability.
- (5) Provide parents, students, community members, and local entities with an expanded opportunity for involvement in the public school system.

In Indiana, charter schools may be authorized by a limited number of entities, such as governing boards of a nonprofit college or university that provides a four (4) year educational program for which it awards a baccalaureate or more advanced degree, including all of the listed entities in [IC 20-24-1-2.5\(5\)](#). School Corporations under [IC 20- 24-2.2-1.2\(b\)](#) provides that a governing body of a school corporation can register with the state board for charter authority within the attendance area of the corporation as well.

## **Overview of Springville Community Academy**

Springville Community Academy is a public charter school using place-based education to emphasize the opportunities right here in our rural community. The school provides students in grades Preschool-8<sup>th</sup> grade with opportunities for accountability while giving back to the community. Some of the highlights of the learning environment include:

Our Outdoors Tomorrow program is the perfect opportunity to help children discover the bigger ecological picture. Students will learn to be savvy in outdoor skills such as cooking, camping, fishing, and hunting.

Weekly STEAM class challenges the students to build structures and engineer designs. STEAM class is led by a licensed STEM instructor.

Every student has their own portfolio that focuses on strengthening our students' character by combining community engagement and academic learning. Each student will have a record that documents not only their scholastic achievements, but how they've helped their community through projects.

Students receive daily targeted instruction in every classroom. Teachers follow a schedule targeting standards identified through NWEA during their W.I.N. (Whatever I Need) time each day.

Instructional Assistants are scheduled in classrooms during W.I.N. time so that teachers can break the class into groups for a better learning experience.

School-wide House system serves as a family-like environment and positive reinforcement to decrease bullying. Comprised of both students and staff across multiple grades, students will retain their same house for the entire duration of their time at SCA. Through weekly house meetings, students will be given opportunities to develop leadership and communication skills while creating an inclusive environment.

The Six Pillars of Character are celebrated each week with a parade to showcase students who displayed one of the character traits.

Middle School students participate in elective classes during their lunch period. Elective classes are staffed by community members. The elective classes include, Library, Café Assistants, Classroom Assistants, Personal Finance (all students required to take), Photography, Chicken (care for our live chickens), Jr. Workforce (students work during the lunch hour at the store next to the school), Textiles, Trade Skills, and Household Skills.
