

**Application for the J.R. "Dick" Harris Scholarship for the 2022-23 academic year  
USI Geology & Physics Department**

**Deadline: 5 PM on Friday, February 17, 2023**

**Instructions:** Please **type** responses in the spaces provided on this form. After completing this application, please print, sign, and submit to Dr. Maria by **5 PM on Friday, February 17, 2023**, to be considered for this scholarship.

**Eligibility:** This award will be made to an environmental science or geology major who has completed at least 15 hours of courses of geology coursework (this may include elective geology courses taken to satisfy major requirements), a cumulative GPA of greater than 3.00, and who intends to apply his/her knowledge to environmental issues, or work in the petroleum industry or other geologically-oriented business.

<b>Last Name:</b>		<b>First Name:</b>		<b>MI:</b>	<b>Suffix (e.g., Jr.):</b>
<b>Student ID #:</b>		<b>Class Standing (e.g., Sophomore, Junior, etc):</b>			
<b>Total Credit Hours earned:</b>			<b>Geology Credit Hours earned:</b>		
<b>Cumulative GPA:</b>			<b>Geology GPA:</b>		
<b>List all geology courses that you have completed and the grades that you have earned in these courses:</b>					
<b>Course</b>	<b>Semester-Year</b>	<b>Grade</b>	<b>Course</b>	<b>Semester-Year</b>	<b>Grade</b>
1.			5.		
2.			6.		
3.			7.		
4.			8.		
<b>List all geology courses that you are currently enrolled in Spring 2023:</b>					
<b>List the academic awards or scholarships that you have received at USI. For each award, please provide the date of the award and amount.</b>					
<b>List notable activities associated with your discipline (e.g., conference presentations, internships, part-time jobs, etc.):</b>					

List extracurricular activities associated and student leadership positions that you have held (e.g., community service activities, club memberships and offices held, etc.):

In a short paragraph, please describe your future academic plans (e.g., coursework, graduate school, etc.):

In 250 to 300 word essay, please discuss your career goals in the spirit of this scholarship, in that the recipient of this scholarship will apply his/her geological knowledge to environmental issues, or work in the petroleum industry or other geologically-oriented business:
