ITCC RESPIRATORY THERAPY A.S. TRANSFER OF USI BACHELOR OF SCIENCE DEGREE FOR RESPIRATORY THERAPY

Articulation Agreement

The purpose of this agreement is to provide a formalized mechanism for transfer of credits earned in the Associate of Science in Respiratory Therapy (ASRT) offered by IVY Tech Community College (ITCC) of Indiana to the Bachelor of Science (BSRT) degree in Respiratory Therapy offered by the University of Southern Indiana (USI).

This agreement confirms that all relevant credit hours earned by students who complete graduation requirements for the ITCC ASRT program will be accepted into and serve to fulfill all lower division requirements for the BSRT degree program at USI. All agreements will be reviewed and updated in two years from the effective date of the agreements.
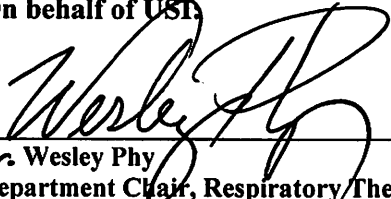

The program is comprised of 120 credit hours of coursework leading to a Bachelor of Science degree in Respiratory Therapy. A minimum of 30 hours of credit must be earned toward the completion of the baccalaureate degree from USI. A block of 50 credit hours of 300 level respiratory therapy courses will be applied toward the BSRT upon proof of RRT and Licensure where applicable, and successful completion of all BSRT course work. ITCC students who complete the ASRT degree at Ivy Tech as specified below will earn a total of 75 hours of transferrable credit toward the BSRT degree at USI.

Students transferring from any A.S. or A.A. degree program are subject to the same admission and academic policies as other applicants to the University of Southern Indiana.

Date this agreement is effective: August 3, 2017

Date this agreement will be reviewed and updated: Spring 2019

On behalf of USI:

Mr. Wesley Phy
Department Chair, Respiratory Therapy

Dr. Ann White
Dean, College of Nursing & Health Professions

Dr. Ronald Rochon
Provost

On behalf of ITCC:

Dr. Russell D. Baker
Vice President of Academic Affairs

Steve Tincher
Steve Tincher (Mar 6, 2018)

Dr. Steven C. Tincher
Provost & Senior Vice President of Academic Affairs
