Caskey completes ‘Connect with Southern Indiana’ program

Nineteen individuals, including Gibson County resident Mark Caskey, have graduated from USI’s Connect with Southern Indiana program.

Connect with Southern Indiana is open to Indiana residents living in Dubois, Gibson, Knox, Perry, Pike, Posey, Spencer, Vanderburgh, or Warrick counties who would like to improve the quality of life in their communities. The annual program is intended to boost Indiana’s retention of intellectual capital by helping participants strengthen their skills and opportunities for involvement in community and regional projects, meet business and civic leaders, and gain greater awareness of community and regional needs.

Program participants attended ten full-day sessions over a six-month period and developed a collaborative project.

Applications for next year’s class will be available later this month at www.usi.edu/extserv/outreach/connect.asp.

The 2011 class includes Fort Branch resident Mark Caskey, facility manager, Consolidated Grain and Barge Company, Inc.
