

MINUTES
FINANCE/AUDIT COMMITTEE
UNIVERSITY OF SOUTHERN INDIANA
BOARD OF TRUSTEES

March 5, 2026

The Finance/Audit Committee of the University of Southern Indiana Board of Trustees met on Thursday, March 5, 2026, in the Griffin Center on campus. Present were Committee Chair C. Wayne Kinney '77 and Trustees Barry E. Cox, Jeffrey L. Knight, and Michael J. Solliday '27. Also in attendance were Vice President for Finance and Administration Jeffrey M. Sickman '94 M'00 and Vice President for Development Andrea R. Gentry '05.

Chair Kinney called the meeting to order at 8:29 a.m.

1. UNIVERSITY INVESTMENTS UPDATE

Mr. Kinney called on Vice President Sickman to introduce Mr. Neil Heppler, Senior Institutional Advisor with Mariner Wealth and the investment advisor for the University investment portfolio, to provide a performance summary for unrestricted University investments for the first half of the fiscal year and an update of market conditions for the University's fixed income portfolio. This is one of two semiannual updates required by the University's investment policy.

Mr. Heppler began by providing a market update as of December 31, 2025, utilizing heat maps with green indicating the highest returns and red indicating the lowest returns for Year-to-Date, 1-Year, 3-Year, and 5-Year periods. He reviewed USI's investment performance summary for unrestricted assets compared to the balanced index, noting the returns are presented net of investment management fees. The investment performance summary table showed returns for the quarter, fiscal YTD, one year, and since inception (August 2021). Asset allocation for investments is comprised of intermediate fixed income (86%), certificates of deposit and cash (3%), and short-duration (1-year) government bonds (11%). The target for intermediate funds is 80%, and the target for short duration asset allocation is 20%. The market value of investments on December 31, 2025, totaled \$110,411,416. The estimated 12-month cash yield equaled \$3,783,802 or 3.4%. The estimated yield to maturity is 4.1%.

The US fiscal situation is currently in a dire state, according to the Congressional Budget Office, Strategas, and Bloomberg. The 2025 estimated US Government budget shortfall adds another \$2 trillion to the deficit, as spending continues to outpace revenues. Mr. Heppler concluded his report by providing information on the US Treasury yield curve trends and the Federal funds rate expectations and forecasts for year-end and long-run projections. Additionally, he reviewed current economic indicators, including the GDP growth rate, S&P 500 Index valuations, and P/E ratio on future equity returns.

2. REPORT OF CONSTRUCTION CHANGE ORDERS AUTHORIZED BY THE VICE PRESIDENT FOR FINANCE AND ADMINISTRATION

Trustee Kinney called on Vice President Sickman for a report. Mr. Sickman directed the Trustees to Attachment A containing one change order related to the ongoing renovation of the Health Professions Center that exceeded \$50,000 and required approval by the Construction Committee by email, according to policy. A space designated for storage in the original design was repurposed to classroom space to meet the growing needs of the college.

The remaining change orders for the new Creative and Print building and the STEM Discovery Lab listed in Attachment A were below the threshold requiring approval by the Construction Committee. They were provided for informational purposes.

3. REVIEW OF COMPLETED AUDITS AND APPROVAL OF THE ANNUAL AUDIT PLAN

Mr. Kinney called on Vice President Sickman. He introduced Brad Will, Chief Audit Officer, to present a summary of audits and other activities conducted by the Internal Audit Department during 2025, and to propose

the Annual Audit Plan for 2026 (Attachment B). He reminded the Trustees the Chief Audit Officer reports administratively to the Vice President for Finance and Administration and functionally to the Finance/Audit Committee of the Board of Trustees.

Mr. Will began by noting his presentation will include information on the Internal Audit activities and reports completed from September through December 2025 and the proposed 2026 Annual Audit and Advisory Services Plan. He directed the Trustees to Attachment B, a detailed report of the following audits, and reviewed the objectives, conclusions, and recommendations of each audit:

- Grade Posting/Changes, Transcript Controls, and Degree Conferral
- Federal Student Aid Compliance

Mr. Will gave an overview of the status of audit recommendations from 2020, 2022, 2023, 2024 and 2025. Of the seven recommendations issued in 2020, five have been closed, leaving two Moderate risk items open related to the Bonds Payable audit. One of the 17 audit recommendations issued in 2022 remains open. Of the 14 audit recommendations issued in 2023, 12 have been closed leaving two moderate risk items open due to an examination of the mobile application for submitting P-card receipts and executing an amendment with Fifth Third Bank to clarify investments prohibited by the University's investment policy. In 2024, 15 audit recommendations were issued with 13 closed leaving two moderate risk items open. Lastly, of the eight audit recommendations issued in 2025, six have been closed leaving two moderate risk items. Trustee Cox asked Mr. Will to provide context as to why audit items remain open and how those items are prioritized. Mr. Will explained that when an audit is conducted for a particular area, all findings are rated based on its impact on that area. However, that department may have many other critical functions to perform which can sometimes get in the way of completing something by a target date. These are items that do not place the university at a significant risk and are prioritized accordingly.

Mr. Will reviewed the proposed Internal Audit and Advisory Services Plan for calendar year 2026 in Attachment B. The plan is developed based on information gathered from University Risk Management initiatives, risk discussions with various members of management, and consideration of other risk factors such as materiality, the complexity of processes, staffing, legal/regulatory compliance requirements, control environment, and reputation risk. The 2026 plan is a blend of traditional audit activities and advisory services identified as being impactful for the institution. Advisory services include:

- Review of the Slate CRM including system administration and prioritization of integration issues
- Ghost Student Fraud Risk Assessment – discussion and identification of controls to mitigate risk of financial aid fraud
- Assistance with managing updates to internal control documents for the financial statement audit
- Facilitation of University Risk Management Committee activities

Traditional audit activities include:

- Ongoing monitoring of IT security initiatives
- Housing and Residence Life – review of unit inventory in system vs. physical units
- Construction Planning and Management
- Physical Inventory of the Facilities storeroom
- Athletics – Name, Image, & Likeness Compliance
- Athletics Ticketing
- Federal student aid compliance
- United Healthcare claims processing – review claims processing and payment controls
- External audit support
- Payroll Time Reporting – review of controls over web time entry (online system for employees to submit time worked and absences)
- Review of controls over the Facilities work order system

On a motion by Mr. Cox, seconded by Mr. Knight, the Annual Audit Plan for Calendar Year 2026 was approved.

There being no further business, the meeting was adjourned at 9:07 a.m.

**Summary of Construction Change Orders
Authorized by the Vice President for Finance and Administration**

HEALTH PROFESSIONS RENOVATION PHASE IV

Empire Contractors – General Contractor

CO 011	Buildout of planned storage room, L093, to a high-tech classroom/lab. Improvements include wall framing, drywall and paint; drop ceiling; infrastructure for A/V and increased electrical outlets; HVAC controls and infrastructure; and extend fire sprinklers from existing ceiling through the new drop ceiling.	\$ 105,060
---------------	---	-------------------

UNIVERSITY CREATIVE AND PRINT NEW BUILDING

Danco Construction Inc – General Contractor

CO 001	Added HVAC and electrical supply for new additional commercial printer. Added automatic door operator to one door while omitting door operators from two doors.	\$ 44,438
---------------	---	------------------

CO 002	Added deck covering of G60 galvanized metal to the dock. Subgrade soils of 25' x 120' x 1' were determined to be structurally unsuitable. Excavated existing soil and replaced with clean soil. Retest was satisfactory.	\$ 11,373
---------------	--	------------------

CO 003	Added 2x4 wood blocking to exterior wall for necessary support of exterior metal panels. Changed plan location of a transformer from floor to ceiling to conserve floor space and move it from the path of fork trucks. Removed and rebuilt concrete apron of shared large opening of adjacent building.	\$ 12,760
---------------	--	------------------

STEM DISCOVERY LAB, RICE LIBRARY

Garmon Construction – General Contractor

CO 002	Added condensation drain for new Starbuck's HVAC and structural support for operable wall. Painted additional corridor wall. Relocated lighting control sensor. Credit for not using roof ladder.	\$ 3,459

Report No. USIA25-3
December 8, 2025

Audit Report Office of the Registrar Grade Posting/Changes, Transcript Controls, and Degree Conferral

Results at a Glance

Audit Objectives:	RISK MITIGATION			
	Adequate Controls & Practices	Opportunity for Minor Improvement	Opportunity for Moderate Improvement	Opportunity for Significant Improvement
Evaluate the adequacy of controls over posting grades and processing grade changes				
Review system access controls over the production and delivery of academic transcripts				
Assess the adequacy of controls over the conferral of degrees				

Introduction

Our report of the internal audit of the Office of the Registrar is presented below. We would like to thank Angel Nelson, Will Pool, and other University personnel who contributed positively to our results.

Background Information

The accuracy and integrity of student grades, authenticity of academic transcripts, and legitimacy of degrees conferred are critical to the reputation of institutions of higher education. Problems or scandals regarding grade changes can attract undesirable national attention. The falsification or fraudulent production of academic transcripts by individuals who are intent on misrepresenting their academic record can also result in damage to a university's reputation. Errors or fraud with respect to degrees earned by students and awarded by the University may lead individuals or organizations that rely on such information to doubt the academic rigors of University programs. In order to combat the foregoing risks, universities must implement controls to protect the integrity and legitimacy of these academic records and symbols of achievement.

This report is based on a review of controls over posting grades and grade change processing, the production and delivery of academic transcripts, and awarding of degrees. The audit approach consisted of reviewing Banner system access controls and identifying the personnel with access to post or change grades, produce and deliver transcripts, and award degrees; reviewing a sample of grade changes processed during the 2023 – 2024 academic year for legitimacy, accuracy, and adherence to departmental procedures; reviewing the population of grade changes for the 2022-2023 and 2023-2024 academic years in an effort to identify unusual trends by course, instructor, or student groups; examining a sample of degrees awarded during the 2023-2024 academic year for adherence to departmental review procedures; and comparing degree requirements listed in the degree audit software to the requirements published in the academic bulletins for a sample of degree programs.

Report No. USIA25-3
December 8, 2025

The **objectives** of the audit were to:

- Evaluate the adequacy of controls over posting grades and processing grade changes
- Review system access controls over the production and delivery of academic transcripts
- Assess the adequacy of controls over the conferral of degrees

Conclusion

We noted adequate controls and practices with respect to posting grades and processing grade changes, as well as system access controls over the production and delivery of academic transcripts. We noted opportunity for minor improvement with respect to controls associated with degree conferral.

Management will take or has taken the following actions:

- Performing periodic reviews of Degree Works by personnel in each college

No additional action or response is required.

Report No. USIA25-3
December 8, 2025

**Office of the Registrar
Grade Posting/Changes, Transcript Controls, and Degree Conferral
Audit Report**

Observations and Responses

Performing periodic reviews of Degree Works by personnel in each college

Observation: Based on discussions with the associate registrar, there is currently no formal process for personnel within the colleges to review academic program information in Degree Works to ensure it is consistent with the academic bulletin.

Risk: The lack of a review, by individuals in the colleges, of the academic requirements specified in Degree Works for student advising increases the risk that errors or misinterpretations in degree requirements go undetected. These undetected errors or misinterpretations could lead to improper academic advising or the awarding of degrees to students based on inaccurate degree requirements.

Response: Effective June 1, 2026, the Registrar's Office will begin emailing the requestor and department chair following the completion of updates to degree requirements or entry of new degree programs into Degree Works. The email will instruct the requestor and/or department chair to review Degree Works and confirm the accuracy of the program requirements within 14 days. If completion of the review is not acknowledged, the Registrar's Office or Provost's Office will follow up with the requestor and/or chair to ensure that the review is completed.

Report No. USIA25-4

Audit Report Federal Student Aid Compliance

Results at a Glance

Audit Objectives	RISK MITIGATION			
	Adequate Controls & Practices	Opportunity for Minor Improvement	Opportunity for Moderate Improvement	Opportunity for Significant Improvement
Compliance with Institutional Eligibility Requirements				
Compliance with Federal Student Financial Assistance General Eligibility Requirements				
Compliance with Federal PELL Grant Requirements				
Compliance with Federal Campus-Based Program Requirements				
Compliance with Federal Direct Loan and PLUS Loan Requirements				
Compliance with other federal requirements contained in the Compliance Supplement				
Fiscal Operations Report and Application to Participate (FISAP) Completed Accurately and Submitted Timely				
Policies, Procedures and Other Issues				

Introduction

Our report of the internal audit of USI federal student aid compliance is presented below. We would like to thank Joanna Riney, Cathy Nickens, and the Student Financial Assistance (SFA) staff, Angel Nelson and Registrar's Office staff, and Business Office personnel who contributed positively to our results.

Background Information

The federal student aid programs are authorized under Title IV of the Higher Education Act (HEA) of 1965, as amended, and administered by the U.S. Department of Education Federal Student Aid office. They include federal grants, loans, and work-study programs.

Report No. USIA25-4
December 16, 2025

SFA is responsible for monitoring the eligibility of prospective financial aid recipients, verifying certain applicant data as required by the Department of Education, determining the best combination of aid to meet each student's financial need, applying federal aid to student accounts within regulatory timeframes, and identifying over-awards and student withdrawals that require the return of federal funds. Business Office personnel are responsible for the drawdown, accounting, and return of federal student aid funds to the Department of Education, the administration of credit balances created from the application of federal student aid to student accounts, and preparation of the Fiscal Operations Report and Application to Participate (FISAP). The Registrar's Office is responsible for reporting the enrollment status of students receiving federal student aid to the National Student Loan Data System through the National Student Clearinghouse. Compliance with federal student aid regulations is critical because violations may jeopardize the institution's participation or reduce the institution's authorized level of participation in federal student aid funding.

Federal student aid compliance is reviewed annually by Internal Audit, as well as by the State Board of Accounts in conjunction with federal audit requirements. The previous internal audit was performed and reported on in December 2024, at which time Internal Audit noted adequate controls and practices for each of the audit objectives.

This report is based on the review of federal student aid activity for the fall 2024, spring 2025, and summer 2025 academic terms. The audit approach consisted of reviewing SFA procedures and controls, reviewing federal student aid regulations, interviews with USI SFA, Business Office, and Registrar's Office management and staff, and analysis of student records for the fall 2024, spring 2025, and summer 2025 academic periods. State grants and other non-federal aid were reviewed when those funds were awarded to students in the audit sample.

The **objectives** of the audit were to:

- Evaluate compliance with the Institutional Eligibility Requirements
- Evaluate compliance with the Federal Student Financial Aid General Eligibility Requirements
- Evaluate compliance with Federal PELL Grant Requirements
- Evaluate compliance with Federal Campus-Based Program Requirements
- Evaluate compliance with Federal Direct Loan & PLUS Loan Requirements
- Evaluate compliance with other federal requirements contained in the Compliance Supplement
- Determine whether the FISAP has been completed accurately and submitted on time
- Evaluate policies, procedures, and other issues not impacting compliance

Conclusion

In general, the results of our audit procedures indicate that the administration of USI federal student aid is in compliance with federal requirements governing the Title IV student aid programs. **Adequate controls and practices exist for each of the audit objectives evaluated.**

No additional action or response is required.

University of Southern Indiana
Audit Recommendations Matrix
Calendar Year 2020

AUDIT NAME	RISK RATING	RECOMMENDATION	RESPONSE	TARGET	STATUS
OBSERVATION					
Bonds Payable Post-issuance Compliance					
1. While the University works closely with bond legal counsel regarding bond compliance issues, post-issuance compliance guidelines or procedures have not been formally documented.	Moderate	Work with the University's bond legal counsel to formalize and document guidelines or written procedures associated with post-issuance bond compliance.	Finance and Administration will work with bond counsel to formalize and organize our efforts in documenting post-issue bond compliance. This project will start in fall 2020 with a completion expected by the end of January 2021.	January 31, 2021 Revised: March 31, 2021 January 31, 2022 May 31, 2022 December 31, 2022 June 30, 2023 June 30, 2024 December 31, 2024 June 30, 2025 December 31, 2025 June 30, 2026	
2. In order to comply with federal tax law, the University must measure private business use in each facility financed with tax exempt bonds. The University does not have a formal process for measuring and reporting private business use.	Moderate	Work with Special Events and Scheduling Services to obtain reporting of facility usage by third parties. This information should be used to measure private business use and create reporting for management to monitor and evaluate usage at least on an annual basis.	Business Office personnel will work with Special Events and Scheduling Services to obtain facility usage by third parties and document this usage. This project will start in fall 2020 with a completion expected by the end of January 2021.	January 31, 2021 Revised: March 31, 2021 January 31, 2022 May 31, 2022 December 31, 2022 June 30, 2023 June 30, 2024 December 31, 2024 June 30, 2025 December 31, 2025 June 30, 2026

OBSERVATION					
Institutional and Outside Scholarship Controls					
1. The current process for posting outside scholarships to student accounts involves manual manipulation of scholarship data by the Associate Bursar prior to uploading and posting the awards to student accounts.	Moderate	Investigate alternatives for posting outside scholarships to eliminate the need for manual manipulation by Bursar Office personnel.	The Associate Director of Student Financial Assistance will inquire of some peer institutions regarding the processing methods they use for posting outside scholarships. If no effective processing alternatives are identified, SFA will work with Information Technology and the Bursar's Office to implement a feed or upload eliminating the need for manual intervention. AUDIT NAME	RISK RATING	RECOMMENDATION	RESPONSE	TARGET	STATUS
OBSERVATION					
Purchasing Card (P-Card) Review					
4. There is currently not a mobile application for capturing and uploading P-card receipts, which increases the risk that receipts are not submitted timely.	Moderate	Investigate potential options for utilizing a mobile application for collection and submission of P-card receipts.	Procurement has identified two options for a mobile application for uploading P-card transaction supporting documents. Selection and implementation of a solution will be coordinated with the accounts payable manager in a timeframe to be determined following the position being filled. Revised Response: AP will address through evaluation of a potential new P-card program.	Investigation: Completed Implementation: TBD - based on hire of accounts payable manager Revised: July 2025 September 2026	
Investment Policy Compliance					
3. The Fifth Third Bank investment management agreement for managing a portion of the unrestricted fund investments contains a provision allowing the managers to purchase certain types of investments prohibited by the University investment policy (e.g. short sales, forward contracts, options, and derivative transactions).	Moderate	Execute an amendment with Fifth Third to clarify that the University's investment policy shall control with respect to the investment assets which are prohibited.	The Vice President for Finance and Administration will execute an amendment with Fifth Third Bank by May 31, 2024, to clarify that the University's investment policy shall control with respect to the investment assets which are prohibited.	May 31, 2024 Revised: December 31, 2024 June 30, 2025 March 31, 2026

Calendar Year 2024

AUDIT NAME	RISK RATING	RECOMMENDATION	RESPONSE	TARGET	STATUS
OBSERVATION					
Administrative Appeals					
1. There is not a clear, consistent purpose and scope for the Administrative Appeals Committee, which increases the risk that appeal decisions are not made in accordance with management's expectations.	Moderate	The Administrative Appeals Committee Chair should work with the Vice President for Strategic Enrollment Management and the Office of the President to clarify and document the purpose and scope of the Administrative Appeals Committee responsibilities. The purpose and scope should be communicated to the committee and updated in both the University Handbook and on the University website.	The committee will clarify the purpose, scope, and composition of the Administrative Appeals Committee in both the University Handbook and on the University website. The target date for completion of these items is September 30, 2024.	September 30, 2024 Revised: August 1, 2025 September 30, 2025 August 1, 2026	
4. There is not a process to identify and automatically withdraw students who never attended their courses, which increases the risk that student accounts will become delinquent, students will receive failing grades, and the students will need to submit administrative appeals.	Moderate	The Bursar should work with the Provost, Registrar, and IT to develop a mechanism to identify and cancel registration for students who are not engaged in coursework, have not utilized their USI email, nor have they taken any actions toward initiating payment.	The Bursar will work with the Provost, Registrar, and Information Technology to develop a procedure to identify students who are not engaged in coursework and therefore should have courses dropped and charges removed from their account. The target for implementation of this procedure is December 1, 2024.	December 1, 2024 Revised: August 1, 2025 August 1, 2026	In Progress

**University of Southern Indiana
Audit Recommendations Matrix
Calendar Year 2025**

AUDIT NAME	RISK RATING	RECOMMENDATION	RESPONSE	TARGET	STATUS
OBSERVATION					
Authorized Driver Certification					
1. The Risk Management (RM) office utilizes an Excel spreadsheet to track the completion of authorized driver certification requirements. While the spreadsheet provides basic tracking functionality, it lacks automated reporting capabilities.	Moderate	RM should work with Information Technology to transition authorized driver certification tracking from the current spreadsheet into Team Dynamix software. Team Dynamix will offer the ability to generate reports and help improve RM's ability to proactively monitor authorized driver certification requirements and the expiration of training, motor vehicle record checks, and driver's license expiration dates.	RM is working with Information Technology to transition the authorized driver certification tracking from the current spreadsheet into the Team Dynamix software. The target date for completion of the data transfer and implementation of reporting is November 30, 2025.	November 30, 2025 Revised: July 1, 2026	
2. Based on a review of mileage reimbursement data from January 2024 through March 2025, 278 University employees claimed a mileage reimbursement, indicating that they had driven a personal vehicle for University business. 91 of those employees, approximately 33%, were not included in the authorized driver certification spreadsheet. However, 52 of the 91 non-certified drivers claimed mileage only one time during the audit period.	Low	RM should evaluate the risks and benefits of excluding personnel from the authorized driver certification requirements for infrequent/occasional driving on University business where the individual utilizes their personal vehicle.	RM will evaluate the risks and benefits of excluding personnel from the authorized driver certification requirements for infrequent or occasional driving where the individual utilizes their personal vehicle. RM is discussing best practices in this area with the University's insurance carrier and broker. The target date for completion of the analysis and implementation of any policy changes is November 30, 2025.	November 30, 2025	Completed
3. The procedure within the Vehicle Safety Policy indicates that department heads/supervisors are responsible for notifying RM of the names of potential drivers. Based on discussions with RM and information obtained from Human Resources (HR) personnel, certain positions within the University have been designated as positions that require authorized driver certification due to the fact that the position requires routine driving for University business.	Moderate	RM should work with HR and Information Technology to create an automated report to notify RM of employees hired or transitioning into positions designated as requiring authorized driver certification.	RM will work with HR and Information Technology to evaluate the feasibility of creating an automated report to notify RM of employees hired or transitioning into positions designated as requiring authorized driver certification. The target date for implementation of the report is November 30, 2025.	November 30, 2025	Completed and ongoing
4. Anyone who has submitted a claim for mileage reimbursement or rental car expense for business travel is captured in Emburse. As a result, the Emburse system is an excellent source for evaluating compliance with the authorized driver certification requirements of the Vehicle Safety Policy.	Moderate	RM should implement an annual review of employees with mileage and car rental claims in Emburse and compare the employees with those claims to the list of authorized drivers.	RM will work with Travel Procurement personnel to identify reports available in the Emburse system that may be used to periodically review employees with mileage and car rental claims and compare the employees to the list of authorized drivers. The target date for implementation of this review is November 30, 2025.	November 30, 2025	Completed and ongoing
Social Security Number (SSN) Collection and Legal Name Change Process					
1. Changes to operations policies and procedures regarding the collection of SSN have created downstream operational challenges.	High	The Registrar's Office, Office of Undergraduate Admissions, and College Achievement Program (CAP) should adopt a policy governing the timing and acceptable methods for the collection of SSN and establish documentation requirements for SSN change requests.	The Registrar's Office, Office of Undergraduate Admissions, and CAP will review, edit, and coordinate adoption of the draft policy governing the timing and acceptable methods for the collection of SSN and establish documentation requirements for SSN change requests by December 1, 2025.	December 1, 2025	Completed
3. During discussions about the current policy and procedures for processing legal name change requests, management expressed concerns about the efficiency and practicality of the in-person submission and documentation requirements, as well as the lack of a secure electronic submission option.	Moderate	The Registrar's Office should work with IT and Data Governance to evaluate alternative methods by which individuals may submit a name change request.	The Registrar's Office will work with IT and Data Governance to evaluate alternative methods by which individuals may submit a name change request, including online methods for authentication of the requestor and the secure submission of documentation supporting the change.	December 1, 2025	Completed
Grade Posting/Changes, Transcript Controls, and Degree Conferral					
1. There is currently no formal process for personnel within the colleges to review academic program information in Degree Works to ensure it is consistent with the academic bulletin.	Moderate	The Registrar's Office should work with the Provost to establish a formal periodic review within each of the colleges of the degree requirements contained in the academic bulletin and Degree Works.	The Registrar's Office will begin emailing the requestor and department chair following the completion of updates to degree requirements or entry of new degree programs into Degree Works. The email will instruct the requestor and/or department chair to review Degree Works and confirm the accuracy of the program requirements within 14 days.	June 1, 2026
