MINUTES

UNIVERSITY OF SOUTHERN INDIANA
BOARD OF TRUSTEES

November 10, 2003
MINUTES
UNIVERSITY OF SOUTHERN INDIANA
BOARD OF TRUSTEES
November 10, 2003

The University of Southern Indiana Board of Trustees met in regular session on Monday, November 10, 2003, in Carter Hall in the University Center. Present were Chair J. David Huber and Trustees Bruce H. Baker, Louise S. Bruce, G. Patrick Hoehn, Tina M. Kern-Raibley, Harolyn G. Torain, Samuel J. Tucker, and James L. Will, Sr. Also in attendance were President H. Ray Hoops; Provost and Vice President for Academic Affairs Linda L. M. Bennett; Vice President for Governmental Relations Cynthia S. Brinker; Vice President for Student Affairs Robert W. Parrent; Vice President for Business Affairs and Treasurer Robert W. Ruble; Vice President for Advancement Sherianne M. Standley; Faculty Senate Chair Christy Baker; and Student Government Association President Troy Nethery.

There being a quorum present, the meeting was called to order at 1:15 p.m.

SECTION I - GENERAL AND ACADEMIC MATTERS

A. APPROVAL OF MINUTES OF SEPTEMBER 10, 2003, MEETING

On a motion by Mrs. Kern-Raibley, seconded by Mr. Tucker, the minutes of the September 10, 2003, meeting of the Board of Trustees were approved.

B. ESTABLISHMENT OF NEXT MEETING DATE, TIME, LOCATION

Vice President Standley reported that the next regular meeting of the Board of Trustees was scheduled for Thursday, January 8, 2004, in Indianapolis. A legislative reception will be held on Wednesday evening, January 7.

C. REPORT OF THE LONG-RANGE PLANNING COMMITTEE

Chair Bruce Baker reported that the Long Range Planning Committee met prior to the Board meeting on November 10 and heard a report presented by Provost and Vice President for Academic Affairs Linda Bennett. Dr. Bennett reviewed the activities of the division of Academic Affairs including new directions and plans for the division. Mr. Baker noted the pending approval of the early childhood education program and the high quality of USI’s instructional staff. He reported that Dr. Bennett reviewed plans for faculty recruitment, on-line evaluation of courses and professors, assisting faculty in academic advising, and training for department chairs. She reported on the value of strong leadership within the University and USI's effective relationships within the community.

D. PRESIDENT’S REPORT

President Hoops began his report by announcing that the University was pleased to receive approval from the State Budget Committee to proceed with the planning and construction of the new Rice Library. He expressed appreciation for the efforts of the General Assembly and members of the State Budget Committee in their support of this project. Architects have been working steadily with faculty and staff to refine the design of the new library, and plans call for groundbreaking in late spring.

The University of Southern Indiana received the 2003 Beautiful Business Award from Operation City Beautiful. Dr. Hoops reported that the citation notes that USI’s concern and enthusiasm for landscape maintenance is a shining example in the Evansville business community. This is the second time USI has won the award among strong county-wide competition. The president noted that USI’s grounds staff work diligently to bring color and beauty to the campus year round and commended them for this achievement. He also commended the student groups and individual employees who have “adopt-a-spots” that they plant and maintain annually.
More than 600 people participated in the student and employee wellness event October 28. According to President Hoops, more than 40 booths were set up to provide education about health issues and to do risk appraisals, health screenings, and promote healthy lifestyles. This is a cooperative activity of the Employee Wellness Committee, the Human Resources staff, and the Recreation, Fitness, and Wellness staff.

Dr. Hoops reported that the inaugural class of Fellows in the Center for Teaching and Learning Excellence includes 10 faculty members representing diverse areas of interest and expertise. The new Fellows, selected by a campus committee, will provide workshops for the USI community in the spring. They also will serve as a resource for other faculty members and will form an advisory board for the Center, guiding the program and gathering information about faculty interest in additional areas of professional development. President Hoops congratulated these faculty members and thanked them for their devotion to teaching excellence. The fellows include:

Writing Fellow - Dr. Karen Bishop, assistant professor of English, director of composition
Teaching Roundtables Fellow - Dr. John Gottcent, professor of English, University Core director
Learning Styles Fellow - Sandra Hermann, instructor in English
RISC Fellow - Dr. Leigh Anne Howard, assistant professor of communications
Assessment Fellow - Dr. Aimee Luebben, program director and professor of occupational therapy
Diversity Issues Fellow - Gary May, associate professor of social work
Teaching with Technology Fellow - Craig McCarron, instructor in mathematics
Service Learning Fellow - Dr. Iris Phillips, assistant professor of social work
Department Chair Issues Fellow - Dr. Chuck Price, chair of teacher education
RISC Fellow - Dr. Kent Scheller, assistant professor of physics

President Hoops called on Faculty Senate Chair Christy Baker for a report. Professor Baker reported on the membership of this year's Faculty Senate, which consists of 12 dedicated full-time faculty members. She noted that the work of the senate often focuses on charges to be accomplished by standing committees. This year, several additional charges will be undertaken by the full senate. She reported that the Faculty Senate web site has been updated and now includes links to the senators and the working committees.

Dr. Hoops introduced Troy Nethery, president of the Student Government Association, who reported that SGA hosted a successful Alcohol Awareness Week in October, including a presentation by Kelly Craig, a victim of an alcohol-related accident. SGA worked with the Department of Athletics to host a well-attended Midnight Madness on October 14 to kick-off the basketball season. On November 10, a reception for evening students will be held to give non-traditional students an opportunity to meet and talk with SGA members and University administrators. Mr. Nethery closed his report by noting that several improvements suggested by SGA have been made to the campus shuttle service and that the improvements have received favorable responses from students.

Dr. Hoops was pleased to announce that the National Orientation Directors Association has awarded USI its "Outstanding Newsletter" award for schools with enrollment over 5,000. The USI publication was a weekly electronic newsletter that new students received for six weeks prior to their arrival on campus.

President Hoops called on Provost Linda Bennett who introduced Dr. Leigh Ann Howard, assistant professor of Communications, for a report on the Veterans Oral History Project. Dr. Howard reported that the goal of the project is to gather first-person accounts from individuals who served in the armed forces during World War II and the Korean War, who worked in war-related industries, or who volunteered their services in support of the war effort. This project partners USI with the National Veterans History Project, funded by Congress and organized by the Library of Congress. Dr. Howard reported on the process in which each student was required to complete an interview, research the information revealed, analyze the interview, and assume the identity of the interviewee to present a portion of the interview. She described the process, research, and documentation required for the project and the skills acquired by the student participants. She noted that the project continues and that she plans further research related to the identity of the interviewees and a documentation of the role such teacher/student/interviewee collaborations in community-based projects may have on the educational process.
President Hoops reported that the Indiana Court of Appeals held oral arguments on campus in October as part of its effort to make the court's work more accessible to the people of Indiana. Several members of the pre-law club had an opportunity to have lunch and interact closely with the judges. Faculty and students who attended the oral arguments also were able to ask questions of the judges following the formal arguments. He reported that the judges said they were impressed with the high caliber of the questions posed by USI students and indicated that they plan to return next year. Appellate Court Judge Melissa May is formerly from Evansville and initiated these visits three years ago.

He reported that the Multicultural Center reports that its "College Mentors for Kids" program continues to attract students who want to serve as role models for underprivileged children in grades one through four. This year, 26 USI students are mentoring children at Culver School, encouraging them to stay in school and prepare themselves for college attendance. He noted that an important message these students communicate is that college is a very real possibility, even for people of modest means.

Dr. Hoops noted that November 11 is Assessment Day, and called on Provost Bennett to report on the assessment program. Dr. Bennett reported that the University has been engaged in student learning outcomes assessment since its beginning in 1965. The current practice and structured approach to assessment began in the fall of 1987, when the first comprehensive assessment plan was approved, and the University conducted its first Assessment Day in fall 1988. Dr. Bennett reported that this year, all first-year freshman and all juniors will sit for the ETS Academic Profile, a test of a student's general knowledge. Approximately 3,000 students will be tested this year; to date, approximately 20,000 freshman and juniors have sat for the Academic Profile.

Provost Bennett reported that the University also administers the ETS Major Field Test, a test for seniors which measures subject knowledge across several academic major programs. Historically, USI students' scores on the Major Field Test have been higher than those of their peers nationally. To date, 4,000 seniors have sat for this test. Dr. Bennett closed her report by noting that assessment data is used to improve curriculum at both the course and program levels, and that the entire core curriculum was revised in 1999 as a partial result of the findings from Assessment Day results.

President Hoops reported that the House Ways and Means Committee will be at USI on November 13 to conduct public hearings on the Property Tax Assessment. Legislators from throughout the state will participate in the hearing, which will be the final hearing prior to start of the special legislative session November 18.

Dr. Hoops concluded his report by announcing that the Alumni Association has increased efforts this year to involve graduates of USI in the work of the University. He reported that with the Lilly Endowment's Challenge as an incentive for alumni to become involved and invest in their alma mater, visits have been scheduled with alumni in Indianapolis, Louisville, Dubois County, and at major employers in the Evansville. Another is planned in Chicago next month. The president noted that the Alumni Council, along with past presidents of the Association, recently had a retreat in which it identified activities which would give the Alumni Association greater visibility. He thanked them for their efforts of behalf of the University.

E. APPROVAL OF POSTHUMOUS DEGREE

At its meeting on July 7, 2003, the Board of Trustees approved the Policy on Posthumous Recognition of Students. On the recommendation of the dean of the School of Liberal Arts, in consultation with the undergraduate faculty of the Psychology Department, approval of the following posthumous degree was recommended. On a motion by Mr. Will, seconded by Mr. Baker, the degree was approved.

BACHELOR OF SCIENCE             Kara A. Fulkerson
SECTION II – FINANCIAL MATTERS

A. ANNUAL REPORT ON STUDENT FINANCIAL ASSISTANCE

Mr. Huber called on Vice President Parrent, who reported that the Board of Trustees annually delegates authority to the administration to award financial aid to students within the capabilities of the budget. Dr. Parrent introduced James Patton, director of Student Financial Assistance, to present reports on the allocation of student aid during the 2002-2003 academic year (Exhibit II-A) and on the challenges of successfully administering financial aid programs for USI students. Mr. Patton summarized the information in Exhibit II-A, noting that 12,233 students and prospective students were served by the Office of Student Financial Assistance in 2002-2003, total funding was up 14 percent from the previous year, and 16,608 awards totaling $37,153,485 were administered by various offices of the University.

Mr. Patton presented a report titled Balancing Service and Regulatory Compliance in which he discussed the challenges faced by the Office of Student Financial Assistance in balancing compliance issues, institutional needs, communication, and customer service for both internal and external partners.

B. REPORT OF THE FINANCE/AUDIT COMMITTEE

Chair Pat Hoehn reported that the Finance/Audit Committee met prior to the Board of Trustees meeting on November 10, 2003, and heard a report from Director of Internal Audit Diana Biggs on the 2003 annual report. He reported that he and committee member Jim Will, Sr. attended the exit conference with the State Board of Accounts on October 21, 2003. The report from the State Board of Accounts auditors regarding the University’s audit was positive.

Mr. Hoehn reported that the committee approved budget appropriations, adjustments, and transfers.

He noted that a recommendation from the Finance/Audit Committee would be presented in Item C.

C. APPROVAL OF REQUEST FOR GENERAL REPAIR AND REHABILITATION FUNDS

Mr. Huber called on Vice President Ruble to discuss a recommendation from the Finance/Audit Committee which will authorize President Hoops to request approval of the Indiana Commission for Higher Education, the State Budget Committee, and the Governor of the State of Indiana for appropriation of general repair and rehabilitation funds for the following projects:

- Renovate Byron C. Wright Administration Building Forum Wing Lecture Hall II $85,000
- Repair and paint Robert C. Orr Center metal roof 15,103

Dr. Ruble explained that the state’s formula for determining the amount of repair and rehabilitation funds would normally allocate approximately $800,000 for the University’s use. During the last legislative session, the allocation was decreased to $200,000 and since then, was decreased further to $100,000.

On a motion by Mr. Hoehn, seconded by Mr. Will, the funding authorization request for repair and rehabilitation funds was approved.

D. APPROVAL OF RESOLUTION TO DEACCESSION ITEMS FROM THE ARTIFACT COLLECTION OF HISTORIC NEW HARMONY

Mr. Huber called on Provost Bennett, who introduced Connie Weinzapfel, director of Historic New Harmony. Ms. Weinzapfel introduced and welcomed Historic New Harmony’s new Collections Manager, Dan Goodman, who was hired by the Indiana Department of Natural Resources as part of the contractual agreement between USI, Historic New Harmony, and the Department of Natural Resources.

Ms. Weinzapfel reported that management of the New Harmony collections includes an assessment to determine which items are relevant to the vision of Historic New Harmony and which objects should be transferred to other institutions or disposed of by sale or other means.
She noted that, according to the policy and standards of the American Museum Association, trustees of museum organizations are required to approve the removal of items from museum collections.

On a motion by Mr. Hoehn, seconded by Mr. Tucker, the following resolution was approved:

WHEREAS, the University of Southern Indiana Board of Trustees wishes to comply with the standards set by the American Association of Museums in regard to the removal of items from the artifact collection of Historic New Harmony; and

WHEREAS, the items listed in Exhibit II-B have been deemed inappropriate for the collection, and have been approved for deaccessioning by the Collections Review Committee of Historic New Harmony; and

WHEREAS, all items will be deaccessioned to education collection status within Historic New Harmony; or transferred, by gift or sale, or exchanged with a qualified agency (public or nonprofit museum or historical society); or sent to public auction for sale; or dismantled with parts maintained for research/reference within Historic New Harmony collections; or subject to witnessed destruction, justified when no other means of disposal is suitable; and

WHEREAS, proceeds from the sale of deaccessioned objects shall be deposited in the Historic New Harmony collections acquisition fund;

NOW THEREFORE BE IT RESOLVED, that the Board of Trustees of the University Southern Indiana approves the deaccessioning of the items listed in Exhibit II-B;

FURTHER RESOLVED that the Finance/Audit Committee be authorized to act on behalf of the Board of Trustees regarding future deaccession of items from the collection.

E. REPORT OF THE CONSTRUCTION COMMITTEE

Chair Pat Hoehn reported that the Construction Committee met prior to the Board meeting on November 10, 2003. He reported that the committee heard a report on change orders issued by the Vice President for Business Affairs. He further reported that the committee reviewed proposals for architectural and design services for the construction of the parking garage and selected the firm of Professional Consultants, Inc. to provide such services for the project.

F. UPDATE ON CURRENT CONSTRUCTION PROJECTS

Mr. Huber called on Vice President Ruble, who introduced Steve Helfrich, director of facilities operations and planning, to present a report on the status of current construction projects. Mr. Helfrich reported that construction of Ruston Hall is well underway and that the project should be completed on schedule next summer. He reported that a permit for the construction of the lake in the residence hall project is expected soon from the Indiana Department of Natural Resources, and that construction is scheduled to begin in Spring 2004.

Mr. Helfrich informed the Board that the greenhouse in the Science and Education Center is near completion.

G. APPROVAL OF ANTHEM BLUE CROSS/BLUE SHIELD GROUP HEALTH INSURANCE AND HEALTH RESOURCES, INC. DENTAL INSURANCE PREMIUM RATES (Exhibit II-C)

Mr. Huber called on Vice President Cindy Brinker to present changes in employee health insurance programs. Ms. Brinker reviewed the information in Exhibit II-C and the recommendations in Items G, H, and I.

The University of Southern Indiana offers two health insurance programs through Anthem Blue Cross/Blue Shield - the Blue Traditional Plan (Indemnity) and the Blue Access Plan (Premium Preferred Network: PPN). Beginning January 1, 2004, the University recommends the addition of a second Blue Access Plan (Premium Preferred Network: PPN) called the Blue Access 500 Plan.
During calendar year 2003, a University committee comprised of 20 faculty, administrators, and staff reviewed healthcare options at USI. The committee offered several recommendations to better control healthcare costs and provide additional options for healthcare coverage to employees and retirees. The addition of a high deductible/low premium plan was recommended by the committee. It is recommended that the Blue Access 500 Plan be offered for the first time beginning January 1, 2004.

A comprehensive review of claims from both Anthem health plans indicates medical and drug claims totaled 87.4 percent of paid premiums under the deposit premium arrangement, for an underwriting loss of 3.8 percent. Anthem projects an increase of approximately 24 percent in claims in 2004 based on trend factors of 15.5 percent for medical and 22 percent for prescription drugs.

The 2004 premium rates for the Anthem Blue Cross/Blue Shield Blue Traditional, the Blue Access, and the Blue Access 500 health insurance plans were established using the deposit premium financial arrangement. In 2000, the University implemented the deposit premium financial arrangement to minimize the impact of the 2000 renewal rates. The University proposes to continue the deposit premium financial arrangement, a cash flow model in which the University retains a reserve account and remits a portion of the monthly premium to Anthem. If expenses exceed the remitted amount, the University agrees to remit up to the full premium amount. The advantage of this arrangement is that the favorable cash flow associated with future underwriting gains is advanced to the University prior to the annual settlement. If underwriting gains do not occur, or are less than the amount of premium not paid, the University is not responsible for paying expenses above the full premium fee.

**BLUE TRADITIONAL PLAN – (INDEMNITY)**

The following Anthem Blue Cross/Blue Shield health insurance monthly premium rates for the Blue Traditional Plan have been quoted for a 12-month period beginning January 1, 2004.

The medical premium rates from Anthem Blue Cross/Blue Shield for 2004 reflect a 0.8 percent rate increase for single memberships, a 9.3 percent rate increase for family memberships, and a 5.3 percent rate increase for retiree (over 65) memberships.

There is one plan design change proposed by Anthem Blue Cross/Blue Shield and recommended by the University:

- Co-insurance – Change from 100% covered in full to 80%/20%

In addition to the recommended plan design change, the premium schedule will be structured on a four-tier basis beginning in 2004. The four-tier structure will be categorized as: single, employee and child(ren), employee and spouse, and family.

There are two mandatory contract and administration changes required by Anthem Blue Cross/Blue Shield to comply with new State regulations effective January 1, 2004:

- Inpatient and Outpatient Substance Abuse will be paid the same as any other condition subject to the same contract co-payments, deductibles, and maximums
- Medical food that is medically necessary and prescribed by a physician for the treatment of an inherited metabolic disease will be added to the certificate of coverage under the Covered Prescription Drug Benefits

A contract and administration change by Anthem Blue Cross/Blue Shield is the implementation of a standard open enrollment period effective January 1, 2004.

The 12-month renewal rates effective January 1, 2004, for Health Resources, Inc. dental insurance reflect a 10 percent rate increase for single memberships and a 19 percent rate increase for family memberships. Two additional premium tiers for employee and child(ren) and employee and spouse will be added effective January 1, 2004. The renewal rate is the result of an increased number of claims for USI employees and dependents and an increase in dentists’ fees and procedures effective January 1, 2004.

The 2004 insurance rates include a contribution for funding the liability for post-retirement benefits.
Anthem Blue Cross/Blue Shield - Blue Traditional Plan and Health Resources, Inc. provide the primary health/dental insurance for 135 active employees and 80 retirees. The University contribution for medical and dental coverage and for funding the liability for post-retirement benefits for active employees and retirees is 75 percent of the total premium.

The number of active employees and retirees participating in the Blue Traditional Plan has decreased with the availability of the Blue Access Plan. The premium rates and claims experience have increased significantly for the Blue Traditional Plan as the number of participants has decreased. Also, elements of a managed care network included in the Blue Access Plan are not included in the Blue Traditional Plan. It is recommended effective January 1, 2004, the Blue Traditional Plan be frozen and no new participants be enrolled in the plan.

Approval to renew the master policies with Anthem Blue Cross/Blue Shield – Blue Traditional Plan, including the plan design changes, and with Health Resources, Inc. with the following rate schedule was recommended.

On a motion by Mr. Will, seconded by Mrs. Kern-Raibley, the Anthem Blue Cross/Blue Shield - Blue Traditional Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access 500 Plan and Health Resources, Inc. (Item G); the master policies with Welborn HMO and Health Resources, Inc. (Item H); and the administrative arrangement with BKD LLP for the Section 125 Flexible Benefit Plan with the quoted per-participant rate (Item I) were approved.

### BLUE ACCESS PLAN – (PREMIUM PREFERRED NETWORK: PPN)

The Anthem Blue Cross/Blue Shield - Blue Access Plan provides employees with a second option in their selection of medical insurance plans. The Blue Access Plan is designed with elements of a managed care plan as an incentive to reduce medical costs. The Blue Access Plan was first offered with the 1999 renewal. The following Anthem Blue Cross/Blue Shield health insurance monthly premium rates for the Blue Access Plan have been quoted for a 12-month period beginning January 1, 2004.

The medical premium rates from Anthem Blue Cross/Blue Shield for 2004 reflect a 14.3 percent rate increase for single memberships, a 20.7 percent rate increase for family memberships, and a 4.4 percent rate increase for retirees (over 65) memberships.
There are three plan design changes proposed by Anthem Blue Cross/Blue Shield and recommended by the University:

- In-Network Deductible - Increase from $0 to $100 single/$200 family
- Maximum Annual Out-of-Pocket - Increase from $325 single/$650 family In-Network to $500 single/$1,000 family In-Network
- Prescription Drug Co-payments - Increase from $10/$20/$30 to $12/$24/$40

In addition to the recommended plan design changes, the premium schedule will be structured on a four-tier basis beginning in 2004. The four-tier structure will be categorized as: single, employee and child(ren), employee and spouse, and family.

There are two mandatory contract and administration changes required by Anthem Blue Cross/Blue Shield to comply with new State regulations effective January 1, 2004:

- Inpatient and Outpatient Substance Abuse will be paid the same as any other condition subject to the same contract co-payments, deductibles, and maximums
- Medical food that is medically necessary and prescribed by a physician for the treatment of an inherited metabolic disease will be added to the certificate of coverage under the Covered Prescription Drug Benefits

A contract and administration change by Anthem Blue Cross/Blue Shield is the implementation of a standard open enrollment period effective January 1, 2004.

The 12-month renewal rates effective January 1, 2004, for Health Resources, Inc. dental insurance reflect a 10 percent rate increase for single memberships and a 19 percent rate increase for family memberships. Two additional premium tiers for employee and child(ren) and employee and spouse will be added effective January 1, 2004. The renewal rate is the result of an increased number of claims for USI employees and dependents and an increase in dentists' fees and procedures effective January 1, 2004.

The 2004 insurance rates include a contribution for funding the liability for post-retirement benefits.

Anthem Blue Cross/Blue Shield - Blue Access Plan and Health Resources, Inc. provide the primary health/dental insurance for 352 active employees and 26 retirees. The University contribution for medical and dental coverage and for funding the liability for post-retirement benefits for active employees and retirees is 75 percent of the total premium.

Approval to renew the master policies with Anthem Blue Cross/Blue Shield – Blue Access Plan, including the plan design changes, and with Health Resources, Inc. with the following rate schedule was recommended.

On a motion by Mr. Will, seconded by Mrs. Kern-Raibley, the Anthem Blue Cross/Blue Shield - Blue Traditional Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access 500 Plan and Health Resources, Inc. (Item G); the master policies with Welborn HMO and Health Resources, Inc. (Item H); and the administrative arrangement with BKD LLP for the Section 125 Flexible Benefit Plan with the quoted per-participant rate (Item I) were approved.

The Anthem Blue Cross/Blue Shield - Blue Access 500 Plan provides employees with the choice of a high deductible, lower premium healthcare plan. Employees who enroll in the plan will assume more risk and additional first-dollar cost in exchange for lower monthly premiums. The Blue Access 500 Plan contains the same elements of managed care and the same access to selected hospitals and physicians as the Blue Access Plan.

The plan design proposed by Anthem Blue Cross/Blue Shield for the Blue Access 500 Plan and recommended by the University is:

- Office Visit Co-payment - $20
- In-Network Inpatient and Outpatient Facility - 90%/10%
- In-Network Inpatient and Outpatient Professional Home Care - 90%/10%
- Out-of-Network Co-Payment - 70%/30%
- In-Network Deductible - $500 single/$1,000 family
- Out-of-Network Deductible - $1,000 single/$2,000 family
- In-Network Out-of-Pocket Maximum - $2,500 single/$5,000 family
- Out-of-Network Out-of-Pocket Maximum - $5,000 single/$10,000 family
- Prescription Drug Co-payments - $10/$30/50% (min. $50, max. $100) Retail
- Mail Order Prescription Drug Co-payments - $20/$70/$125

In addition to the recommended plan design, the premium schedule will be structured on a four-tier basis beginning in 2004. The four-tier structure will be categorized as: single, employee and child(ren), employee and spouse, and family.

There are two mandatory contract and administration changes required by Anthem Blue Cross/Blue Shield to comply with new State regulations effective January 1, 2004:

- Inpatient and Outpatient Substance Abuse will be paid the same as any other condition subject to the same contract co-payments, deductibles, and maximums
- Medical food that is medically necessary and prescribed by a physician for the treatment of an inherited metabolic disease will be added to the certificate of coverage under the Covered Prescription Drug Benefits

A contract and administration change by Anthem Blue Cross/Blue Shield is the implementation of a standard open enrollment period effective January 1, 2004.

The 12-month renewal rates effective January 1, 2004, for Health Resources, Inc. dental insurance reflect a 10 percent rate increase for single memberships and a 19 percent rate increase for family memberships. Two additional premium tiers for employee and child(ren) and employee and spouse will be added effective January 1, 2004. The renewal rate is the result of an increased number of claims for USI employees and dependents and an increase in dentists’ fees and procedures effective January 1, 2004.

The 2004 insurance rates include a contribution for funding the liability for post-retirement benefits.

The University contribution for medical and dental coverage and for funding the liability for post-retirement benefits for active employees and retirees is equal to the amount contributed to the Blue Access Plan.
Approval to add the Anthem Blue Cross/Blue Shield - Blue Access 500 Plan and Health Resources, Inc. with the following rate schedule was recommended.

On a motion by Mr. Will, seconded by Mrs. Kern-Raibley, the Anthem Blue Cross/Blue Shield - Blue Traditional Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access 500 Plan and Health Resources, Inc. (Item G); the master policies with Welborn HMO and Health Resources, Inc. (Item H); and the administrative arrangement with BKD LLP for the Section 125 Flexible Benefit Plan with the quoted per-participant rate (Item I) were approved.

H. APPROVAL OF WELBORN HMO GROUP HEALTH INSURANCE AND HEALTH RESOURCES, INC. DENTAL INSURANCE PREMIUM RATES (Exhibit II-C)

The University of Southern Indiana has offered Welborn HMO/Health Resources, Inc. as an alternative health/dental benefit program since October 1988. Welborn HMO is administered locally and currently provides services to approximately 33,000 members in the local area.

A comprehensive review of USI claims for the Welborn HMO indicates medical and prescription drug claims totaled 116.2 percent of paid premiums for calendar year 2002. For the 2004 renewal, Welborn changed the method of calculating premiums from community based to experience based.

The quoted premium rates effective for a 12-month period beginning January 1, 2004, reflect a 16.7 percent rate increase for single memberships, a 35.6 percent increase for family memberships, and a 19.6 percent rate increase for retirees (over 65).

There are four plan design changes proposed by Welborn Health Plans and recommended by the University:

- Co-insurance - Change from 100% to 90%/10%
- Maximum Annual Out-of-Pocket - Increase to $1,000 single/$2,000 family
- Office Visit Co-payment - Remain at $15 for a Primary Care Physician and Increase to $25 for a Specialist
- Prescription Drug Co-payments - Increase from $10/$20/$30 to $10/$25/$40
In addition to the recommended plan design, the premium schedule will be structured on a four-tier basis beginning in 2004. The four-tier structure will be categorized as: single, employee and child(ren), employee and spouse, and family.

The 12-month renewal rates effective January 1, 2004, for Health Resources, Inc. dental insurance reflect a 10 percent rate increase for single memberships and a 19 percent rate increase for family memberships. Two additional premium tiers for employee and child(ren) and employee and spouse will be added effective January 1, 2004. The renewal rate is the result of an increased number of claims for USI employees and dependents and an increase in dentists’ fees and procedures effective January 1, 2004.

The 2004 insurance rates include a contribution for funding the liability for post-retirement benefits.

Welborn HMO and Health Resources, Inc. provide the primary health/dental insurance coverage for 254 active employees and 12 retirees. The University contribution for medical and dental coverage and for funding the liability for post-retirement benefits for active employees and retirees is 75 percent of the total premium.

Approval to renew the master policies with Anthem Blue Cross/Blue Shield – Blue Traditional Plan, including the plan design changes, and with Health Resources, Inc. with the following rate schedule was recommended.

On a motion by Mr. Will, seconded by Mrs. Kern-Raibley, the Anthem Blue Cross/Blue Shield - Blue Traditional Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access 500 Plan and Health Resources, Inc. (Item G); the master policies with Welborn HMO and Health Resources, Inc. (Item H); and the administrative arrangement with BKD LLP for the Section 125 Flexible Benefit Plan with the quoted per-participant rate (Item I) were approved.

I. APPROVAL OF THE SECTION 125 FLEXIBLE BENEFIT PLAN ADMINISTRATIVE FEE (Exhibit II-C)

The Section 125 Flexible Benefit Plan, which was implemented in 1990 and expanded in 1992, allows enrolled employees to pay medical insurance premiums, dependent care expenses, and unreimbursed medical expenses with pre-tax dollars. Participation in the program has been steady since its introduction. Approximately 25 percent of the eligible employees participate in the unreimbursed medical expense and dependent care reimbursement plans, and 99 percent of employees with medical insurance are enrolled in the premium-only portion of the plan.
During the 2002 plan year, University savings were $95,743 due to reduced FICA tax (Social Security and Health Insurance Tax).

For calendar year 2004, the University recommends changing the annual maximum for the unreimbursed medical expenses from $3,000 to $4,000. This increase is recommended because over-the-counter drugs will be considered an allowable unreimbursed medical expense in 2004 as approved by the Internal Revenue Service in September 2003.

BKD LLP (Baird, Kurtz and Dobson) administers the plan for the University. The per-participant administrative fee of $5.50 per month has been in effect since January 1, 1998. Renewal rates from BKD LLP reflect a rate increase of 5.5 percent to $5.80 per month for a 12-month guarantee period effective January 1, 2004.

Approval to renew the administrative arrangement with BKD LLP for the Section 125 Flexible Benefit Plan with the quoted per-participant rate was recommended.

On a motion by Mr. Will, seconded by Mrs. Kern-Raibley, the Anthem Blue Cross/Blue Shield - Blue Traditional Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access Plan and Health Resources, Inc. (Item G); the Anthem Blue Cross/Blue Shield Blue Access 500 Plan and Health Resources, Inc. (Item G); the master policies with Welborn HMO and Health Resources, Inc. (Item H); and the administrative arrangement with BKD LLP for the Section 125 Flexible Benefit Plan with the quoted per-participant rate (Item I) were approved.

J. APPROVAL OF CHANGES IN TIAA-CREF RETIREMENT PLAN WAITING PERIOD

Under current policy, eligible employees may participate in the TIAA-CREF Retirement Plan upon the completion of one year of employment. Participation in the TIAA-CREF retirement plan may begin upon employment if the employee was a participant in TIAA-CREF or in a university-sponsored retirement plan for at least two years with contributions directed to a company other than TIAA-CREF (i.e. State Teachers Retirement Fund, Public Employees Retirement Fund, VALIC, or Fidelity). The waiting period requirement was changed from two years to one year effective July 1996.

Currently, eligible employees with prior participation of less than two years in TIAA-CREF or in another university-sponsored retirement plan must complete one year of employment with USI to participate in the University’s TIAA-CREF Retirement Plan. Increasing numbers of new faculty and administrative staff have participated in university-sponsored retirement plans at other institutions, but for less than the two-year requirement for immediate eligibility in the University’s Plan. Consistent with the University’s one-year waiting period policy, it is recommended that prior participation be changed from two years to one year for immediate eligibility in the University’s TIAA-CREF Retirement Plan and that eligible employees receive credit for prior participation in a university-sponsored retirement plan of less than one year.

It was recommended that the policy be changed to the following:

1. Participation in the TIAA-CREF Retirement Plan may begin upon employment if the employee was a participant in TIAA-CREF or in a university-sponsored retirement plan for at least one year with contributions directed to a company other than TIAA-CREF (i.e. State Teachers Retirement Fund, Public Employees Retirement Fund, VALIC, or Fidelity) and the University will credit eligible employees for prior participation in a university-sponsored retirement plan of less than one year.

2. If a faculty member receives a regular, full-time appointment, the time served under the one-year temporary appointment may be counted toward the one-year waiting period if the regular full-time appointment immediately follows the one-year temporary appointment.

On a motion by Mr. Will, seconded by Mr. Hoehn, changes to the waiting period for participation in the University’s TIAA-CREF Retirement Plan from two years to one year for eligible employees with prior participation in a university-sponsored plan; to credit eligible employees for prior participation in a university-sponsored retirement plan of less than one year; and to change the waiting period for one-year temporary appointments as outlined above effective January 1, 2004, were approved.
There being no further business, the meeting was adjourned at 2:40 p.m.

Respectfully submitted,

Louise S. Bruce  
Secretary
**Executive Summary**

Each fall a final report of prior year student financial aid activity is completed to assess trends and program initiatives. This information provides a basis on which to plan improvements to existing programs and develop proposals for new student financial assistance programs.

Significant findings contained in the 2002-2003 report are:

- The Student Financial Assistance Office served 12,233 students and prospective students, an increase of 488 students (4 percent) over the previous year.
- 9,244 FAFSA applications (for need-based assistance) were submitted, an increase of 407 applications (5 percent) over the previous year.
- Student Financial Assistance provided aid to 6,894 enrolled students, up 331 students (5 percent) over the previous year.
- 16,608 awards totaling $37,153,485 were administered by various offices of the University.
- Funding for all programs combined was up $4,517,506 (14 percent).
- Federal student aid funding was up $3,822,590 (17 percent).
- Indiana student aid funding was up $415,563 (15 percent).
- University student aid funding was up $247,106 (17 percent).
- Corporate and private student aid funding was up $266,917 (21 percent).
- Gift aid (grants and scholarships) was up $1,532,351 (12 percent).
- Self-help in the form of loans was up $3,028,317 (17 percent).
- Self-help in the form of on-campus employment was down $167,053 (10 percent).
- Among baccalaureate Stafford Loan borrowers in the Class of 2003, total borrowing averaged $14,142, down 6 percent when compared to the prior class. Among master's degree recipients, career borrowing averaged $21,697, also down 6 percent from the prior year.
2002-2003 Student Financial Aid Programs Final Report

University of Southern Indiana

October 13, 2003

Introduction

This report contains both summary and program-specific information for all student financial assistance programs administered by the University. Data used in compiling this report was obtained from the University’s Student Information System on October 9, 2003. Student employment data was provided by Human Resources, Varsity Club expenditures were provided by the Business Office, and veterans’ educational benefit information was provided by the Registrar’s Office/Veterans’ Affairs Office.

The Student Financial Assistance Office, the Veterans’ Affairs Office, and the Career Services and Placement Office provide assistance to students in obtaining the types of financial aid included in this report.

Narrative

A total of 12,233 individuals used student financial assistance services (student contacts). Students and prospective students submitted 9,244 Free Applications for Federal Student Aid for “need-based” assistance. Of this number, 6,693 enrolled in 2002-2003. Student contacts were up four percent and need-based applications were up five percent over the prior year.

Excluding regular student employment and veterans’ educational benefits, a total of 6,894 students received one or more types of assistance. Various University offices administered 16,608 awards for a total of $37,153,485 in student financial assistance. The distribution of awards by funding source is given below.

Growth of financial assistance is a natural outcome of enrollment increases and may lead to the conclusion that aid is keeping up with costs. Real growth among entitlement programs, such as the Pell Grant, has not kept pace with inflation.

Commuter students find direct institutional costs manageable with semester bills of $2,000 on average. Students who live on campus and take advantage of a food plan often have a greater challenge, with direct costs averaging $4,700 per semester.

“Full-need” students often find they must take student loans to make ends meet, and middle income families find that with less gift aid, they must borrow more than “full-need” students. The limited maximums for freshman and sophomore Stafford Loans can be supplemented with Parent PLUS Loans.

Parent borrowers who are refused a Parent PLUS Loan can simply shift the burden of borrowing back to their dependent student. Dependent students in this situation can increase their loans $4,000 to $5,000, the additional amount that is usually available to only independent students.

The foundation of financial aid packages for exceptionally needy students is the Pell Grant. The number of Pell Grant recipients increased 12 percent with total dollars increasing 16 percent. After the record increase in 2001-2002, this represents the second largest increase for this program in recent years. This compares to a Stafford Loan dollar volume increase of only 14 percent.
Continued - 2002-2003 Student Aid Programs Final Report

Growth of Indiana Higher Education Award (IHEA) funding was a surprise. In 2001-2002, the State Student Assistance Commission of Indiana (SSACI) implemented cost-saving measures that impacted students at institutions that assess tuition by the credit hour (as opposed to bracketed tuition). We expected another decline in 2002-2003 IHEA due to the award rule changes and new SSACI rules. Students now lose the full amount of State awards if they drop below full-time in the first four weeks of a semester (tuition refund period). A diligent effort on the part of University staff to educate students about these new rules has clearly been effective. Total Indiana funding and IHEA funding were both up 15 percent.

Changes in funding levels are summarized by source below.

</tbody>
</table>

Aggregate borrowing for Stafford Student Loan recipients among the Class of 2003 baccalaureate graduates averaged $14,142, down 6 percent from the 2002 class average of $15,075. Among year 2003 masters' degree recipients, aggregate borrowing averaged $21,697, including both graduate and undergraduate borrowing. This figure also represents a decrease of 6 percent over the prior year.

The University's Stafford Loan default rate was 3.2 percent for fiscal year 2001, the most recent year available. A four-year summary of USI's Stafford Loan default rates appears below.

<table>
<thead>
<tr>
<th>Fiscal Year</th>

<td>3.2</td>
</tr>
</tbody>
</table>

In 2002-2003, 4,301 Stafford Loan borrowers filed 6,090 Stafford Loan requests. About $23 million in Stafford and Parent PLUS Loans were guaranteed for our students and over $19.8 million were disbursed.

Conclusions

Financial aid resources are effectively utilized by the University to achieve the following objectives:

1) Provide monetary assistance to students for educational purposes.
2) Assist students and families in financial planning for higher education.
3) Properly administer governmental, agency, University, and donor funding of student financial assistance programs.
4) Facilitate the recruitment and retention of students.
5) Implement new student financial assistance programs.
6) Improve communication, both external and internal, regarding financial aid programs.

(a) Federal Supplemental Grants require 25% in matching funds. Matching is accomplished with the Indiana Higher Education Awards.
(b) Federal Work Study wages include 25% institutional matching funds. Seven percent of total wages must be spent on community service such as America Reads/America Counts and placement at United Way agencies.
(c) USI Varsity Club Athletic Aid includes funds transferred to the athletic department from special accounts in the USI Foundation but does not include athletically related Foundation scholarships paid directly to individual students.

The High Cost of Healthcare

- Advances in technology
- Direct-to-Consumer advertising (RX)
- Demographics – “baby boomers” are raising the age of the labor force
- State mandates
- Providers – new found negotiating strength
- Reduced competition among vendors
Five Year History of PremiumIncreases at USI*

*Includes all Medical and Dental Premiums

National Trend for Annual Increases inHealth Insurance Premiums
What Employers are Doing to Control Healthcare Costs

- Changing plan design
- Altering contribution levels
- Funding mechanisms
- Selecting alternative vendors

USI Ad Hoc Benefits Review Committee

Reviewed the following areas:
- Current health plans at USI
- Claims utilization
- Health plans from other universities - design and costs
- Presentations by various healthcare providers and consultants
- Overview of healthcare trends
Ad Hoc Benefits Committee – Primary Recommendations

- Offer high deductible/low premium plan
- Create multiple-tiered plan
- Offer voluntary vision plan
- Contribute flat dollar amount toward health insurance
- Continue to offer dental insurance with medical insurance; also, offer dental insurance as a stand-alone plan

Other Strategies Utilized to Control Healthcare Costs

- Premiums tied to salary increments
- Change plan design by increasing co-payments and out-of-pocket expenses
- Pay employees to opt out of medical insurance
- Offer optional plans for various medical needs
USI Membership by Plan Type

- Blue Traditional
  - Retiree Family
  - Single
  - Retiree
  - Family
  - Single
  - Retiree
  - Family
  - Single

- Blue Access
  - HMO

- No Insurance

Blue Traditional vs. Blue Access Plans Active Employee Coverage

- Blue Traditional Plan – 135 Single/Family
  - Family Premium 2003 $10,263
  - Single Premium 2003 $3,976
  - Average Claim per Membership $7,580

- Blue Access Plan – 352 Single/Family
  - Family Premium 2003 $8,621
  - Single Premium 2003 $3,338
  - Average Claim per Membership $3,953
Blue Traditional vs. Blue Access Plans Retiree Coverage

- Blue Traditional Plan – 80 Retirees
  - Medicare Premium
    Retired Over (65) 2003 - $3,056
  - Average Claim per Membership $2,760
- Blue Access Plan – 26 Retirees
  - Medicare Premium
    Retired Over (65) 2003 - $2,700
  - Average Claim per Membership $2,720

Why are Costs Higher in Traditional Plan?

- Unlimited choice of doctors and medical care facilities – no managed care
- Provider network discounts not as great
- Demographics of current participants
Blue Traditional Renewal

Recommended Plan Design Changes:

- Change to 80%/20% Benefit Plan
- Utilize a Four-Tier Rate Schedule
- Freeze Traditional Plan beginning January 1, 2004

Blue Access Renewal

Recommended Plan Design Changes:

- Add a $100/$200 In-Network Deductible
- Increase Maximum Out-of-Pocket to $500/$1000
- Increase Prescription Drug Co-Payment to $12/$24/$40
- Utilize a Four-Tier Rate Schedule
Blue Access 500 – New Plan
(Plan will be offered as a second PPN Plan)

- Benefits same as Blue Access Plan with the following exceptions:
  - $20 Office Visit Co-Pay
  - 90%/10% In-Network; 70%/30% Out-of-Network
  - $500/$1000 In-Network Deductible; $1000/$2000 Out-of-Network Deductible
  - $2500/$5000 MOOP In-Network; $5000/$10000 MOOP Out-of-Network
  - Prescription Drug Co-payment $10/$30/50% (Min. $50; Max. $100) Retail
  - Mail Order Prescription Drug Co-payment $20/$70/$125
- Utilize a Four-Tier Rate Schedule
- University Contribution same as Blue Access Plan

Health Resources, Inc. Renewal

Recommended Plan Design Change:
- No Plan Design Changes
- Utilize a Three-Tier Rate Schedule
- Rate Increase:
  - Single – 10%, Family – 19%, and Retiree – 10%
  - Single - $22.90
  - Employee/Spouse or Child(ren) - $42.80
  - Family - $65.28
