

Grading in Banner 9 Self Service

When you go to submit fall 2022 grades, you will see two options to enter grades:

Faculty and Advisors

Enter Grades and Registration Overrides, View Class Lists and Student Information

Faculty and Advisors (New!)

Enter Grades and Registration Overrides, View Class Lists and Student Information

The first option will take you the old grade submission portal. **The second option (denoted with New!) is the new grade submission portal that faculty should use to submit their final grades.**

The first screenshot shown is what you are familiar with. This is the old layout. In the old grade submission portal:

- You only saw the courses that were open for grading for the current term
- There was no page editing that allowed you to expand your page to include more than 25 students per page
- Midterm grades were not displayed on the final grades entry page

Course Information
Intro to Gender Studies - GNDR 111. 002
CRN: 51190
Students Registered: 26

⚠ Please submit the grades often. There is a 30 minute time limit

Submit Reset

⚠ Please submit the grades often. There is a 30 minute time limit starting at 10:55 am on Dec 07, 2022 for this page.

When entering a failing grade, a last date of attendance must accompany it.

When entering a failing grade because a student never attended your class, enter the semester start date and enter "0" under attended hours

Must go to the next page to continue to enter grades. No page editing available.

Midterms are displayed on the final grades entry page, allowing for easy comparisons between midterm and final grades.

Save Reset

***Note:** Although you can have lots of students on one page, be sure to **save often (even in the middle of a page) to avoid a session time out.** When a session times out before the save has been hit, entered grades can be lost.

The drop-down menu of grade choices is still the same, but the great new change is that instead of manually entering the last date of attendance, you can click on the calendar icon and a drop-down calendar will appear

To enter grades in the new Banner 9, is easy!

- 1) Login to myUSI and choose **Faculty and Advisors (New)**
- 2) Use the **term column header** or the **search box** to search for the **current term's classes**. (*Note: although you will see all your classes, you will only be able to enter grades for the current term, you will not be able to change grades from previous terms).
- 3) Click on **Not Started**, for the course you wish to enter grades for.
- 4) Use the drop-down menu under the Final Grade column to enter the grade earned.
- 5) **If are giving a failing grade, you must enter the last date attended.** Use the calendar drop-down menu to navigate to the last date of attendance and click the date to auto-populate the field. If a student is still on your roster, but never attended the class, use the drop-down menu to navigate to the first day of class and click to auto-populate, then put a zero (0) in attended hours. (*Note: This is the same policy as before, the only difference is the drop-down calendar).
- 6) Once you have entered all grades, hit **Save**.

***Note: Once grades are rolled to academic history** (immediately after the grade import due date/time), **you will no longer be able to make grade changes in the portal (or add grades that were missed), but will need to submit the Change of Grade from (signed by the Dean).**

As has always been the case, whatever you enter in the final grades roster at the end, that grade entered will remain on that roster forever, even if you later come back and process a grade change. The grade change will not reflect on the final grades roster but will reflect on the student's unofficial transcript.
